an elite navy seal team 6 operator trained to kill the united states most dangerous enemies takes readers inside the unadulterated morally complicated and riveting post military adventures of a lethal american mercenary in american mercenary daniel corbett takes readers on a wild ride through the unadulterated morally ambiguous and riveting world of being a hired gun from abu dhabi to washington dc cairo to san diego belgrade to places that must remain secret this is a world where money rules and where adventure danger and absurdity often follow a star high school athlete corbett passed on a division i football career and opted for the us navy he began his career at seal team 5 and eventually checked into seal team 6 the navy spent millions teaching him and his fellow team members how to sneak subvert recruit disappear survive resist and exert and of course how to shoot a discipline at which corbett excelled what the navy did not do was prepare these men for post military lives beyond the usual suite of veterans benefits and unimaginative job training programs so what does corbett do he goes private there are still plenty of bad men in the world and the only sin worse than wasting talent in dead end pursuits is not using it at all he starts small but quickly moves up the work is simultaneously familiar and foreign the command structure is shady the clients are dubious the equipment is subpar but what the fuck the pay is good then things change in 2017 when corbett is arrested on a job in belgrade serbia when the authorities discover he s a navy seal they imagine the worst he s in belgrade to assassinate the serbian president they throw corbett in jail where he spends the next 18 months making international headlines and fighting for his freedom in a kangaroo court ultimately american mercenary

highlights the struggle of many veterans how to reconcile military service with civilian life for corbett becoming a mercenary isn't just the best option it feels like the only option it's a lot better than drowning in a bottle or holding a pistol under your chin and pulling the trigger but is it enough

American Mercenary

Navy SEALs: Mission at the Caves

2018-08-28

Benito Olson should have been a statistic that's what seems to happen to children when their father heads to prison. Others considered Olson an underdog, too scrawny, too young. He let that mindset sink in for a moment, ultimately he chose to follow another path which the military provided as a United States Navy Master at Arms. He discovered a new passion that eventually led him to work with the elite SEAL team. There Olson met his partner, a Belgian Malinois military working dog named Digo. Some considered Digo too scrawny, too crazy, another underdog, a dog so incorrigible that one SEAL team had given up on him. However, Olson had the patience, resolve, and talent to redirect the dog's spirit, making the pair one of the most effective handler-dog teams in modern combat. Olson overcame many obstacles and thrived on serving his country with Digo. Then it all came crashing down, quite literally. How would he survive? How would he come back from another tour as an underdog? Benito Olson's story promises a raw insight into the human spirit and a roadmap for how perseverance and brotherhood can help you climb the most insurmountable mountain.

The Underdogs
