sharia is part and parcel of al islam it is islamic law it occupies a central role in the islamic system a role designed to insure and protect peace and security for all lack of adequate public as well as academic knowledge of and about al sharia is prevalent and is underscored by the inability of thousands of authors in various languages to come to grips with its nature most of them define al sharia as religious law they do so because they interpret al islam as a religion just like christianity and try to apply to it principles and doctrines that various christian churches have come either to accept or to reject a case in point is the doctrine of separation of church and state which when applied to al islam serves to de legitimize al sharia hence any call for reinstating al sharia is adamantly rejected as an affront to secularism and modernity the author a jurist educated in western universities a doctor of the science of law from columbia university a former law lecturer and a well known human rights defender demonstrates that al islam is not a mere religion in the christian sense but religion and religious worship and belief are parts of it al islam is a universal system that cannot be separated from al sharia for al sharia embodies and upholds a number of general principles of law and aims to insure peace and protect all inalienable individual rights cherished by al islam he compares those rights with rights upheld under the universal declaration of human rights the american declaration of independence and the french declaration of the rights of man and the citizen in the process the author demonstrates how al sharia embodies and upholds a rule of law that ranks above kings and all other sovereigns he argues that the full application of al sharia which recognizes the bounds or hudood of allah does not require the rise of one

islamic state to do the job nor will it prevent islamic states from co existing in peace and cooperation with each other as well as with non islamic states that are willing and agreeable to joining a peace for all humans without discrimination the conclusion is inevitable that al islam cannot be itself without al sharia and therefore denial of al sharia is in truth denial of al islam this book is one of the many islamic publications distributed by talee throughout the world in different languages with the aim of conveying the message of islam to the people of the world talee talee org is a registered organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support its objectives are numerous yet its main goal is to spread the truth about the islamic faith in general and the shi a school of thought in particular due to the latter being misrepresented misunderstood and its tenets often assaulted by many ignorant folks muslims and non muslims organization s purpose is to facilitate the dissemination of knowledge through a global medium the internet to locations where such resources are not commonly or easily accessible or are resented resisted and fought in addition talee aims at encouraging scholarship research and enquiry through the use of technological facilitates for a complete list of our published books please refer to our website talee org or send us an email to info talee org for various reasons the west has not been able to appreciate ibn taymiyyah s place in islam his criticism of ash ari kalam greek logic and philosophy monistic sufism shi i doctrines and christian faith have proved great obstacles to appreciating his contribution his way of writing has also been to an extent responsible most of his writings are short or long responsa fatawa to particular questions often recurring put to him by different men at different times rather than planned systematic works on particular subjects this makes the appreciation of his contribution somewhat difficult henri laoust in france was the first to take serious notice of him since the publication of his essay on the social and political doctrines of ibn taymiyyah 1939 a few articles and books have appeared on ibn taymiyyah s thought but they are far from giving any clear idea of his overall contribution to islam even less of assessing his role in its revival and renewal tajdid in fact there has been little understanding of the concept of tajdid in islam this volume consists of selections from various writings of ibn taymiyyah included in majmu fatawa shaykh al islam 37 volumes as well as some of his major works such as minhaj as sunnah an nabawiyah dar ta arud al aql wa an naql kitab ar rad alaa mantaqayyin al istiqamah and iqtida as sirat al mustaqeem these selections will present a clearer and complete view of ibn taymiyyah s concept of islamic faith life and society they are primarily intended to highlight his positive position and mention his criticisms and refutations of other positions only to the extent needed this book is one of the many islamic publications distributed by talee throughout the world in different languages with the aim of conveying the message of islam to the people of the world talee talee org is a registered organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support its objectives are numerous yet its main goal is to spread the truth about the islamic faith in general and the shi a school of thought in particular due to the latter being misrepresented misunderstood and its tenets often assaulted by many ignorant folks muslims and non muslims organization s purpose is to facilitate the dissemination of knowledge through a global medium the internet to locations where such resources are not commonly or easily accessible or are resented resisted and fought in addition for a complete list of our published books please refer to our website shia es or send us an email to info shia es this book is one of the many islamic publications distributed by ahlulbayt organization throughout the world in different languages with the aim of conveying the message of islam to the people of the world ahlulbayt organization shia es is a registered organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support its objectives are numerous yet its main goal is to spread the truth about the islamic faith in general and the shi a school of thought in particular due to the latter being

issues in this timely book dr badawi reminds us that islam has a historically verifiable track record for healing social chaos and individual tragedy sadly the principles of islam have all too often been suppressed by the deluge of educational materials media and socio economic strangulation from the west dr badawi provides a powerful overview of islamic metaphysics and unearths its spiritual social and ethnic values as well as a diagnosis of modern man this is an urgent piece of writing about what we are and where we are i have compiled this index in a manner that i believe will result in an economically suitable resource for acquiring comprehensive general and scholarly knowledge of the holy quran it is the present day inadequacy of suitable resources of knowledge contained in one self sufficient economical text that served as the catalyst for this effort with this book one is able to locate a plethora of subjects particular verses sentences ayats or to identify everywhere god allah highly glorified is he sta speaks about his attributes creation free will death or heaven and hell women believers or otherwise or what the quran says about their purpose and or duty and what are the conditions for fighting or religious fighting holy war jihad the subject can be expediently located it is said

that prophet muhammad the peace and blessings be upon him pbuh the man who brought the religion of al islam the peace made prophecies that are stated in the quran was there proof of his predictions in the quran then or now many believe that the answer is yes to both questions the location of his literal words is at ones fingertips with this index for research the holy quran can be viewed as the nucleus foundation structure and or one half of the religion of al islam the peace the other half of course being the prophet muhammad pbuh the man who proclaimed the message from the god amongst its many names the quran is known as the truth and the clear evidence anyone interested in exploring the actuality of these names will have at their fingertips the means that will make such a momentous endeavor conveniently reachable in the year 1980 i began a fact finding study on the religion of al islam for a couple of personal reasons basically spiritual and intellectual i became engrossed in studying al islam both inside and outside of penal institutions i even became a spiritual leader imam as i studied the religion many of the notes i acquired were during the period i served in that capacity eventually my interest in al islam profited me spiritual enlightenment and encouraged me towards determining if after my personal examination and investigation i believed in the authenticity of the religion s holy book the holy quran there were numerous claims made by proponents of the religion concerning the books perfection some of the assertions were that the holy book was produced and guarded from corruption by allah the god holy quran hc 15 9 it could not be duplicated by man hc 2 23 and that the religion of al islam would dominate over all religions hc 61 9 in the time since my original interest in the religion al islam has become practically like a beacon light to ships in the fog due to the prominence of it in the media and newspapers in the 22nd century recognizing the fact that the religion of al islam is seemingly always current news particularly following 9 11 the prediction of it dominating other religions could take on an ominous shroud to the uninformed that phenomenon along with its popularity combined to reignite my interest what are the facts about the holy quran this book is one of the many islamic publications distributed by ahlulbayt organization doing un islamic things in the name of islam it s not islamic to put a muslim man or a man of any other faith in a cage and to set him on fire if just a few people who aim to join a terror group read this book and realize how un islamic their plan is and how it s misguided to think terror pleases god and instead decide to stay home get an education raise a family be a positive member of the global community and live normal peaceful lawful loving lives then this book will have done some good this book is dedicated to the voiceless peaceful people who died violently in the name of religion this translated from the persian by mahliqa qara i vol i no 1 3 muharram rajab 1404 ah tawhid journal al islam org the study and knowledge of the qur an is essential for every learned person as well as for all faithful believers it is specially essential for those scholars who are interested in the study of man and society since this book has been effectively instrumental not only in moulding the destinies of islamic societies but also in shaping the destiny of the human race as a whole a brief glance over history would be enough to provide sufficient proof of the claim that there has been no such book that has ever influenced human societies to the magnitude of the qur an it is for the same reason that the qur an automatically steps into the precincts of sociological discussions and becomes the elemental constituent of the subjects of research in this discipline this means that any deep study and profound research in the field of world history of the last fourteen hundred years have not laid my two eyes on anyone like him nor has he seen anyone as knowledgeable as himself the author said when i learned of the death of the scholar and educator of this ummah the imam the mujtahid the defender of the pure shariah and prophetic sunnah shaykh al islam taqi ad din abi al abbas ahmad bin abd al halim bin abd as salam bin taymiyyah may allah sanctify his soul and brighten his grave some of the scholars and those who loved good for the muslims said to me you saw and befriended the shaykh and you came to know him and his characteristics if only you could write a few words regarding what you saw in order to benefit whoever of this ummah comes across them since mercy descends when we remember the righteous people so i responded i only accompanied him for a few days and i only know few of this many virtues however i saw that they intended good and that what they were requesting of me was a right and obligation upon me as the scholar should be keen to spread and distribute what he thinks will be of value to the muslims so i produced a small effort describing his virtues which will give the intelligent reader an idea of the honor and excellence of this man i divided it into sections in order that it be a guide to those who reflect and i included all that i could remember under each one this book examines the most important writings of a tenth century islamic theologian and jurist who was one of the most original thinkers of his period it argues that qadi al nu man s works constituted new and vital genres in ismaili shi i literature an emergence necessitated by the fatimids transition from revolutionary movement to statehood and by their desire to establish their authority as a shi i alternative to the sunni abbasid caliphate al nu man already famous in the fatimid era produced a legacy which consists of a school of law historical and biographical works new interpretations of ismaili doctrine and the formulation of a ceremonial language achieved through his work on court protocol between revolution and state represents a sophisticated and readable analysis of one of the seminal figures of the fatimid period explores how why and where an islamic revival emerged in 1970s egypt and why this shift remains relevant today this book is an attempt to bring christians and muslims of the world closer to each other to bridge the gap between to establish an alliance among them a unity of sort so that they may together be able to face the challenges of the present and of the future one of these challenges is extremism the new menacing plague that is endangering the lives of so many people from both creeds and from others knowledge right and accurate knowledge is powerful and such power can be put to good use to clear misconceptions remove doubts and suspicions and establish trust and understanding among followers of both creeds cover between the eighth and eleventh centuries many defining features of classical sunni islam began to take shape among these was the formation of medieval sunnism around the belief in the unimpeachable orthodoxy of four eponymous founders and their schools of law in this original study ahmad khan explores the history and cultural memory of one of these eponymous founders abū Ḥanīfa showing how abū Ḥanīfa evolved from being the object of intense religious exclusion to a pillar of sunni orthodoxy khan examines the concepts of orthodoxy and heresy and outlines their changing meanings over the course of four centuries he demonstrates that orthodoxy and heresy were neither fixed theological categories nor pious fictions but instead were impacted by everything from law and politics to society and culture this book illuminates the significant yet often neglected transformations in islamic social political and religious thought during this vibrant period abraham s legacy ancient wisdom and modern reality by mustafa el amin shows the progression of prophet abraham s faith in allah the author points out to the fact that man should not give blind allegiance to any concepts man should consult his reasoning and ponder on those things that may not clear to him al islam should not feel that they can see their way through this religion solely on the basis fo blind faith rather that we should see our way through this religion by the use of intellect explores the belief in muslim countries that the end of the world is at hand uncovers the role of apocalypse in islam and examines the widespread fear of christian zionist domination as an impetus to jihad both muslims and non muslims see women in most muslim countries as suffering from social economic and political discrimination treated by law and society as second class citizens subject to male authority this discrimination is attributed to islam and islamic law and since the late 19th century there has been a mass of literature

tackling this issue recently exciting new feminist research has been challenging gender discrimination and male authority from within islamic legal tradition this book presents some important results from that research the contributors all engage critically with two central juristic concepts rooted in the qur an they lie at the basis of this discrimination one refers to a husband s authority over his wife his financial responsibility toward her and his superior status and rights the other is male family members right and duty of guardianship over female members e g fathers over daughters when entering into marriage contracts and the privileging of fathers over mothers in guardianship rights over their children the contributors brought together by the musawah global movement for equality and justice in the muslim family include omaima abou bakr asma lamrabet ayesha chaudhry sa diyya shaikh lynn welchman marwa sharefeldin lena larsen and amina wadud

for various reasons the west has not been able to appreciate ibn taymiyyah s place in islam his criticism of ash ari kalam greek logic and philosophy monistic sufism shi i doctrines and christian faith have proved great obstacles to appreciating his contribution his way of writing has also been to an extent responsible most of his writings are short or long responsa fatawa to particular questions often recurring put to him by different men at different times rather than planned systematic works on particular subjects this makes the appreciation of his contribution somewhat difficult henri laoust in france was the first to take serious notice of him since the publication of his essay on the social and political doctrines of ibn taymiyyah 1939 a few articles and books have appeared on ibn taymiyyah s thought but they are far from

giving any clear idea of his overall contribution to islam even less of assessing his role in its revival and renewal tajdid in fact there has been little understanding of the concept of tajdid in islam this volume consists of selections from various writings of ibn taymiyyah included in majmu fatawa shaykh al islam 37 volumes as well as some of his major works such as minhaj as sunnah an nabawiyah dar ta arud al aql wa an naql kitab ar rad alaa mantaqayyin al istiqamah and iqtida as sirat al mustaqeem these selections will present a clearer and complete view of ibn taymiyyah s concept of islamic faith life and society they are primarily intended to highlight his positive position and mention his criticisms and refutations of other positions only to the extent needed

i have compiled this index in a manner that i believe will result in an economically suitable resource for acquiring comprehensive general and scholarly knowledge of the holy quran it is the present day inadequacy of suitable resources of knowledge contained in one self sufficient economical text that served as the catalyst for this effort with this book one is able to locate a plethora of subjects particular verses sentences ayats or to identify everywhere god allah highly glorified is he sta speaks about his attributes creation free will death or heaven and hell women believers or otherwise or what the quran says about their purpose and or duty and what are the conditions for fighting or religious fighting holy war jihad the subject can be expediently located it is said that prophet muhammad the peace and blessings be upon him pbuh the man who brought the religion of al islam the peace made prophecies that are stated in the quran was there proof of his predictions in the quran then or now many believe that the answer is yes to both questions the location of his literal words is at ones fingertips with this index for research the holy quran can be viewed as the nucleus foundation structure and or one half of the religion of al islam the peace the other half of course being the prophet muhammad pbuh the man who proclaimed the message from the god amongst its many names the quran is known as the truth and the clear evidence anyone interested in exploring the actuality of these names will have at their fingertips the means that will make such a momentous endeavor conveniently reachable in the year 1980 i began a fact finding study on the religion of al islam for a couple of personal reasons basically spiritual and intellectual i became engrossed in studying al islam both inside and outside of penal institutions i even became a spiritual leader imam as i studied the religion many of the notes i acquired were during the period i served in that capacity eventually my interest in al islam profited me spiritual enlightenment and encouraged me towards determining if after my personal examination and investigation i believed in the authenticity of the religion s holy book the holy quran there were numerous claims made by proponents of the religion concerning the books perfection some of the assertions were that the holy book was produced and guarded from corruption by allah the god holy quran hc 15 9 it could not be duplicated by man hc 2 23 and that the religion of al islam would dominate over all religions hc 61 9 in the time since my original interest in the religion al islam has become practically like a beacon light to ships in the fog due to the prominence of it in the media and newspapers in the 22nd century recognizing the fact that the religion of al islam is seemingly always current news particularly following 9 11 the prediction of it dominating other religions could take on an ominous shroud to the uninformed that phenomenon along with its popularity combined to reignite my interest what are the facts about the holy quran

translated from the persian by mahliqa qara i vol i no 1 3 muharram rajab 1404 ah tawhid journal al islam org the study and knowledge of the qur an is essential for every learned person as well as for all faithful believers it is specially essential for those scholars who are interested in the study of man and society since this book has been effectively instrumental not only in moulding the destinies of islamic societies but also in shaping the destiny of the human race as a whole a brief glance over history would be enough to provide sufficient proof of the claim that there has been no such book that has ever influenced human societies to the magnitude of the qur an it is for the same reason that the qur an automatically steps into the precincts of sociological discussions and becomes the elemental constituent of the subjects of research in this discipline this means that any deep study and profound research in the field of world history of the last fourteen hundred years is impossible without the knowledge of the qur an this book is one of the many islamic publications distributed by ahlulbayt organization throughout the world in different languages with the aim of conveying the message of islam to the people of the world ahlulbayt organization shia es is a registered organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world and it welcomes your involvement and support its objectives are numerous yet its main goal is to spread the truth about the islamic faith in general and the shia school of thought in particular due to the latter being misrepresented misunderstood and its tenets often assaulted by many ignorant folks muslims and non muslims organization s purpose is to facilitate the dissemination of knowledge through a global medium the internet to locations where such resources are not commonly or easily accessible or are resented resisted and fought in addition for a complete list of our published books please refer to our website shia es or send us an email to info shia es
