Thinking Like A Lawyer 1996-03-08 students of the law are often told that they must learn to think like a lawyer but they are given surprisingly little help in understanding just what this amounts to generally they are expected to pick up this ability by example and perhaps by osmosis but it remains the case that very few lawyers even very good ones are consciously aware of what it means to think like a lawyer in this insightful and highly revealing book kenneth j vandevelde identifies explains and interprets the goals and methods of the well trained lawyer this is not a book about the content of the law it is about a well developed and valuable way of thinking that can be applied to many fields both practical and sophisticated thinking like a lawyer avoids the pitfalls common to most books on legal reasoning it neither assumes too much legal knowledge nor condescends to its readers invaluable for law students and practicing lawyers the book will also effectively interpret legal thinking for lay readers seeking a better understanding of the often mysterious ways of the legal profession

Thinking Like a Lawyer 2012-04-02 this primer on legal reasoning is aimed at law students and upper level undergraduates but it is also an original exposition of basic legal concepts that scholars and lawyers will find stimulating it covers such topics as rules precedent authority analogical reasoning the common law statutory interpretation legal realism judicial opinions legal facts and burden of proof

A Student's Guide to Legal Analysis 2001 this concise accessible text provides law students with a way of organizing and thinking about their coursework and about the cases laws and regulations they confront every day among the features of this book based on the premise that despite the law s complexity there are three primary questions that recur in different guises throughout legal practice is there a law has it been violated what will be done about it brings order to the multitude of legal issues that law students confront in the cases and materials they study introduces the dynamics of legal argument helps students recognize the basic questions posed in a legal dispute as well as the predictable reasons lawyers give for reaching one resolution or another contains a helpful glossary of legal terms and extensive index as well as a list of suggested readings

You Don't Look Like a Lawyer 2019-04-18 you don t look like a lawyer black women and systemic gendered racism highlights how race and gender create barriers to recruitment professional development and advancement to partnership for black women in elite corporate law firms

The Language of Law School 2007 publisher description

Think Like a Lawyer 2013 resource added for the paralegal program 101101

How to Think Like a Lawyer--and Why 2022-02-22 a law professor and author teaches non attorneys how to think like a lawyer to gain advantage in their lives whether buying a house negotiating a salary or choosing the right healthcare lawyers aren t like other people they often argue points that are best left alone or look for mistakes in menus just because while their scrupulous attention to detail may be annoying it can also be a valuable skill do you need to

make health care decisions for an aging parent but are unsure where to start are you at crossroads in your career and don't know how to move forward have you ever been on a jury trying to understand confusing legal instructions how to think like a lawyer has the answers to help you cut through the confusion and gain an advantage in your everyday life kim wehle identifies the details you need to pay attention to the questions you should ask the responses you should anticipate and the pitfalls you can avoid topics include selling and buying a home understanding employment terms creating a will and health care proxy navigating health concerns applying for financial aid negotiating a divorce wehle shows you how to break complex issues down into digestible easier to understand pieces that will enable you to make better decisions in all areas of your life

Sharpening the Legal Mind 2023-02-14 the way lawyers think about the law can seem deeply mysterious they see nuance and meaning in statutes and implications in judicial opinions that are opaque to the rest of us accessible and thought provoking sharpening the legal mind explains how lawyers analyze the cases and controversies that come before the courts written by william powers jr the former president of the university of texas at austin this book is an authoritative introduction to the academic study of law and legal reasoning including insights into the philosophy of law and the intellectual history of legal thought powers discusses the methods lawyers use to interpret the law the relation between law and morals and the role of courts in shaping the law in eight chapters he follows the historical debate on these issues and others through different generations and movements in american legal thought formalism realism positivism to critical legal studies and postmodern theory the perfect read for anyone looking for a primer on legal reasoning sharpening the legal mind demystifies the debates and approaches to thinking like a lawyer that profoundly influence the rule of law in our lives

Think Like A Lawyer 2004-10 think like a lawyer the art of argument for law students to succeed in law school you have to construct solid legal arguments think like a lawyer the art of argument for law students will teach you how to master this craft this step by step approach written by career prosecutors gary fidel and linda cantoni is the indispensable guide for law students

Think Like a Lawyer 2004 think like a lawyer the art of argument for law students to succeed in law school you have to construct solid legal arguments think like a lawyer the art of argument for law students will teach you how to master this craft this step by step approach written by career prosecutors gary fidel and linda cantoni is the indispensable guide for law students

Thinking Like a Lawyer 2021-09-03 critical thinking is the essential tool for ensuring that students fulfill their promise but in reality critical thinking is still a luxury good and students with the greatest potential are too often challenged the least thinking like a lawyer introduces a powerful but practical framework to close the critical thinking gap gives teachers the tools and knowledge to teach critical thinking to all students helps students adopt the skills habits and mindsets of lawyers empowers students to tackle 21st century problems teaches students how to compete in a rapidly changing global marketplace colin

seale a teacher turned attorney turned education innovator and founder of thinklaw uses his unique experience to introduce a wide variety of concrete instructional strategies and examples that teachers can use in all grade levels and subject areas individual chapters address underachievement the value of nuance evidence based reasoning social emotional learning equitable education and leveraging families to close the critical thinking gap

Think Like a Lawyer, Don't Act Like One 2020-02-04 this book provides strategies to solve conflicts co developed by harvard university many lawyers two kissing boxers a cowboy mikhail gorbatsjov

Reading Like a Lawyer 2022 the supplemental materials website containing feedback to the end of chapter exercises has been changed to caplaw com rll from reading like a lawyer just as storytelling is rooted in a rich oral history and art is rooted in a rich visual history law is rooted in a rich history of the written word the development of law rests primarily on written precedent and written rules housed in centuries of court opinions and statute books to be understood law has to be read and read well written in an engaging style and full of real life examples reading like a lawyer approaches the topic of reading law with contagious enthusiasm and an abiding respect for the importance of learning to read law well now in its third edition reading like a lawyer enjoys a fresh new look and continues to include practice exercises at the end of each chapter and an accompanying website that allows students to test their growing knowledge about legal reading against that of the author written for law students pre law students paralegals and the public reading like a lawyer uses active learning principles to help readers adapt their incoming reading skills to the skills needed to succeed in law how to read legal casebooks and engage confidently in class how to use assigned reading and class time to prepare for exams how to read published court cases outside of a casebook how to read legislative material statutes accurately and how to make wise reading choices online for faculty reading like a lawyer includes a separate teacher s manual with ideas for using the book and its examples with individuals and groups a list of additional cases for more student practice and access to a powerpoint they can use to illustrate the book s principle lessons included on the american bar association s summer syllabus list of books to read before the start of law school student lawyer magazine june 2019 reading like a lawyer can be assigned in a class setting or as a recommended summer read or can be read independently by anyone who has ever wondered how do lawyers read the law

Thinking Like a Lawyer 2011 the day to day lives of educators are increasingly bound by the law it is essential that educators understand the sources and roles of law in order to act appropriately and to avoid difficult and litigious situations this book provides a bridge between the legal professional and the education professional offering an introduction to legal analysis since the first edition of this book the law s role in schools has continued to expand new problems call for new legal and policy solutions the second edition focuses on school search cases as illustrations and brings them forward to today s concerns about searching cell phones off campus activities and even sexting written by a law professor who has long worked with both educators and law

students redfield's book introduces the essential concepts of thinking like a lawyer thinking like a lawyer uses narrative actual court cases study tips research methodologies and an extensive glossary illustrated with education law examples to remove the mystique of reading about law it also allows those who need to know the law but are not necessarily lawyers to move comfortably in this realm the book is useful for individual readers or for classes in education law and administration

Reading Like a Lawyer 2005 the ability to read law well is a critical indispensable skill that can make or break the academic career of any aspiring lawyer in the first semester of law school alone for example it is not unusual for law students to read well over 2 500 pages in their assigned casebooks this reading is challenging not only because of its sheer volume but also because it is comprised largely of material that is unfamiliar to even the best educated pre law students the reading is critical because it forms the foundation upon which all classroom discussion is built and upon which exam content ultimately rests fortunately the ability to read law well quickly and accurately is not a gift that you're either born with or are not born with rather reading law well is a skill that can be acquired through knowledge and practice an ability that can be mastered improved and perfected by any motivated student the sooner the student masters these skills the greater the rewards using seven specific reading strategies reinforced with hands on exercises at the end of each chapter this book shows you how you can read law like expert law students and expert lawyers do efficiently effectively powerfully and confidently part i introduces the reader to the fundamentals of legal reasoning upon which law based reading builds part ii introduces the reader to concrete strategies for reading effectively in law school and part iii teaches strategies for reading law outside of the law school context law students pre law students and any professional whose work touches on law will all find reading like a lawyer to be an engaging easy to read guide to the complex and powerful world of law based reading

How Not to Think Like a Lawyer 2014-07-07 this is a book about the law and life of rome in which contributors respond to john crook's injunction to think like lawyers by ranging as far as ancient greece ancient persia and modern denmark to expound their themes and draw comparisons an opening section focuses on civil law more or less as conventionally conceived with chapters on the peculium on municipal law at irni in roman spain on advisers of roman provincial governors and on violent crime roman perceptions of the physical and human worlds are the focus of a second section and comparisons between greek roman and modern ways of thinking about law and government come into the third section in the final section contributors argue the history of law and life from refractions of real and imagined rome

Thinking Like a Lawyer 2017-07-31 law school learn to think like a lawyer hello my name is shane irvine and i want to be your law professor i am both the author and the narrator of this audiobook titled law school now let me give you a hypothetical on one hand you have a statement made in a criminal law class at yale university the statement is that first degree murder is the killing of one human being by another with malice aforethought on the other hand you

have a statement made by a drunken beachcomber on the beach who also proclaims that first degree murder is the killing of one human being by another with malice aforethought the statement is that first degree murder is the killing of one human being by another with malice aforethought okay which of these claims has more truth and justice in it the statement made in yale school of law or the statement made by the drunken beachcomber obviously the statement is the same the information coming from yale university can be the same as the bellowings of a drunken beachcomber that s because the information is generic yes the legal information at yale university law school is basically just generic information this series of classes that i provide cover the breadth requirement courses necessary in law school to earn a juris doctor degree nothing is watered down except maybe the latin the information is just as difficult to comprehend in this audiobook as it is at yale university upon completion of this series of coursework you will probably have more questions than answers don t worry that s common it s the nature of the study of law to spark thought each person is going to have a different mind set i present the basic information necessary for you to form the questions it s therefore up to you to find your own answers after all that s what lawyers traditional or otherwise do they provide differing schools of thought they question everything and they resolve to explain the unexplainable that s the basic objective of being able to think like a lawyer to be able to create a framework for thinking and ultimately an order for applying that framework the curriculum for law school includes contracts tort law and criminal law criminal procedure evidence civil procedure family law property law constitutional law corporate law wills trusts and probate these are the basic courses necessary to earn a juris doctor degree i suggest you repeatedly listen to the material over and over i also suggest that you purchase the four volume text of the audiobook found on amazon and follow along the combination of listening and reading along will further help hold your attention as it all sort of sinks in and you will eventually find yourself thinking like a lawyer however unlike having that prestigious yale university law school diploma on the wall hypothetically you will have that equivalent education plus the 150 000 you would have paid in tuition at good ole boola boola

Law School 2020-07-10 smart speaking reflects smart thinking argue like a lawyer shows you how expert presenters identify issues before building and then presenting a persuasive argument that uses reasoning and evidence in support of their ideas actions or theories we all need to impress our listeners with the quality of our arguments whether in formal presentations or pitches during meetings when handling complaints or simply answering a telephone call we want to speak with confidence and competence but often put our foot in our mouth fail to get across a simple message or offend without meaning to the good news is that we can all improve our reasoning this book s three modules are full of practical techniques and strategies used to great effect by lawyers and other presenters it shows you how to deliver a persuasive x factor using rhetorical techniques the content is straightforward and applicable and is supported by a wide range of helpful examples when and wherever you speak you ll end up arguing with ease and confidence controlling the agenda engaging your listeners and influencing outcomes

Argue Like A Lawyer: How to Inform, Influence and Persuade - a Lawyer's Perspective 2022 think like a lawyer don't act like one provides strategies to solve conflicts co developed by harvard university many lawyers three bonobo s two kissing boxers a cowboy mikael gorbatsjov sun tze en john rambo think like a lawyer don't act like one can be used when dealing with grumpy police officers angry neighbours unwilling debtors failing clients nasty lawyers and other conflict seekers each strategy is thoroughly tested and can be used at the kitchen table on the street and in the boardroom all 75 rules are illustrated in a funny way this is a complete and tested ready to use guide to prevent and solve conflicts

Think Like A Lawyer, Don't Act Like One 2014-02-03 the concept of learning to think like a lawyer is one of the cornerstones of legal education in the united states and beyond in this book jeffrey lipshaw provides a critique of the traditional views of thinking like a lawyer or pure lawyering aimed at lawyers law professors and students who want to understand lawyering beyond the traditional warrior metaphor drawing on his extensive experience at the intersection of real world law and business issues professor lipshaw presents a sophisticated philosophical argument that the pure lawyering of traditional legal education is agnostic to either truth or moral value of outcomes he demonstrates pure lawyering's potential both for illusions of certainty and cynical instrumentalism and the consequences of both when lawyers are called on as dealmakers policymakers and counsellors this book offers an avenue for getting beyond or unlearning merely how to think like a lawyer it combines legal theory philosophy of knowledge and doctrine with an appreciation of real life judgment calls that multi disciplinary lawyers are called upon to make the book will be of great interest to scholars of legal education legal language and reasoning as well as professors who teach both doctrine and thinking and writing skills in the first year law school curriculum and for anyone who is interested in seeking a perspective on thinking like a lawyer beyond the litigation arena

Beyond Legal Reasoning: a Critique of Pure Lawyering 2017-03-27 lawyers as peacemakers can teach lawyers new ways of finding satisfaction in thier practice and providing comprehensive solution focused services to clients sometimes it's not about winning it's about finding the best possible answer for everyone involved these practices focus on a more holistic humanistic solution based approach to resolving legal problems an approach that many clients want and need

Lawyers as Peacemakers 2010 this is a different kind of book about legal writing it assumes its readers are good writers who have already absorbed most of the usual advice about legal writing but they may lack the intellectual framework for thinking like a writer with the same incisiveness with which they think like a lawyer this book provides that framework it focuses on the underlying principles for communicating complicated information clearly and for establishing your credibility with demanding audiences as a result it helps to transform good writers into first rate ones and to make them far more efficient and powerful editors of their own writing and of others drafts its unique approach will benefit supervising lawyers who do more editing than writing as well as lawyers who

do their own drafting

Thinking Like a Writer 2003 lawyer notebook journal diary 125 pages blank 6 x 9 this matte finish blank lined paper composition book is ideal for making notes lists and diary writing stay organized with the stylish ruled paperback notebook keep this notebook on your desk beside table or in your bag features black and white blank lined paper interior this is a softcover notebook which is designed for you to write in it does not contain any text

Listen Like a Lawyer 2019-12-05 the challenge of educating lawyers this volume under the presidency of lee shulman is intended primarily to foster appreciation for what legal education does at its best we want to encourage more informed scholarship and imaginative dialogue about teaching and learning for the law at all organizational levels in individual law schools in the academic associations in the profession itself we also believe our findings will be of interest within the academy beyond the professional schools as well as among that public concerned with higher education and the promotion of professional excellence from the introduction educating lawyers is no doubt the best work on the analysis and reform of legal education that i have ever read there is a call for deep changes in the way law is taught and i believe that it will be a landmark in the history of legal education bryant g garth dean and professor of law southwestern law school and former director of the american bar foundation educating lawyers succeeds admirably in describing the educational programs at virtually every american law school the call for the integration of the three apprenticeships seems to me exactly what is needed to make legal education more professional to prepare law students better for the practice of law and to address societal expectations of lawyers stephen wizner dean of faculty william o douglas clinical professor of law yale law school

Think Like a Lawyer 1980-08 this eminently practical volume demystifies legal writing outlines the causes and consequences of bad writing and prescribes straightforward easy to apply remedies that will make your writing readable complete with usage notes that address lawyers most common errors this well organized book is both an invaluable tool for practicing lawyers and a sensible grounding for law students this much revised second edition contains a set of editing exercises and a suggested revision key with explanations to test your skill this book is a definitive guide to becoming a better writer and a better lawyer

Educating Lawyers 2007-03-09 the study of legal ethics and the legal profession has emerged as a distinct and important field of scholarship over the last 30 years however as in other disciplines academic recognition can in turn entrench static and powerful meta theories and narratives about professional ethos and practise this collection seeks to disrupt this homogenising impulse and to present alternative voices by bringing together a range of international scholars writing about legal ethics and the legal profession the book features significant and timely contributions which take contemporary and non mainstream perspectives on the current and future shape of the legal profession the essays not only describe the rapidly changing profession but canvas different

approaches to scholarship on the legal profession the collection seeks to explore a diverse and contextualised profession from a number of angles authors examine how the public sees lawyers and how lawyers see their own profession how we practise law and how this practice shapes lawyers how such cultural and professional practice intersects with institutional structures of the law to create certain legal outcomes and how we regulate the legal profession to modify or institute ethical practice the volume provides insights into legal culture and ethics from the perspective of authors from australia canada england the united states new zealand and kenya a diversity of national perspectives that give valuable insights into developments in the profession at the local and global level it also illustrates diversity within the profession by tracing differing professional career trajectories based on raced or gendered barriers alternative ethical strategies and the impact of organisational cultures in which lawyers practice

The Lawyer's Guide to Writing Well 2003-01-13 thinking like a lawyer is no deep dark trade secret anyone of reasonable intelligence can do it you don't need three years of law school 60 000 in student loans or a three day bar exam to make a persuasive argument in think like a lawyer the art of argument seasoned attorneys gary fidel and linda cantoni show you step by step how to do it and do it well all it takes is the discipline to organize your thoughts before you express them and to keep your arguments as simple and direct as possible there's no guarantee that you'll win every time but you'll certainly give your opponents a run for their money every time and help yourself avoid unnecessary litigation thinklikealawyer.com publishes law related books for non lawyers law students and lawyers to receive updated information about new publications and other important developments at thinklikealawyer.com please visit our website thinklikealawyer.com available soon think like a lawyer how to do legal research for non lawyers think like a lawyer the lawyer's guide to the art of argument for lawyers and law students

Alternative Perspectives on Lawyers and Legal Ethics 2010-09-13 by turns hilarious and horrifying double billing is a clever and sobering expose of the legal profession writing with wit and wisdom cameron stracher describes the grueling rite of passage of an associate at a major new york law firm as stracher describes harvard law school may have taught him to think like a lawyer but it was his experience as an associate that taught him to behave or misbehave like one double billing is a biting glimpse into the world of corporate law from the perspective of the low man on the totem pole in double billing cameron stracher reveals a shocking nonfiction account of the ordeal of a young associate at a major wall street law firm fresh out of harvard law school stracher landed a coveted position at a high powered corporate law firm and thus began his grueling years as an associate a dreaded rite of passage for every young attorney only about five percent survive long enough to achieve the holy grail of partnership in the firm as the author vividly describes law school may teach you how to think like a lawyer but it's being an associate that teaches you how to behave like one or misbehave stracher doesn't mince words about the duplicitous behavior and flagrant practices of many lawyers in his firm which is one of the premier partnerships in america in a stylish and witty manner

that has earned him comparison to an early Philip Roth. Stracher does for the legal profession what Michael Lewis's *Liar's Poker* did for the financial industry. The result is a tell-all glimpse into the cutthroat world of corporate law from the perspective of the low man on the totem pole. In *Double Billing*, Cameron Stracher reveals a shocking nonfiction account of the ordeal of a young associate at a major Wall Street law firm fresh out of Harvard Law School. Stracher landed a coveted position at a high-powered corporate law firm and thus began his grueling years as an associate, a dreaded rite of passage for every young attorney. Only about five percent survive long enough to achieve the holy grail of partnership in the firm. As the author vividly describes, law school may teach you how to think like a lawyer, but it's being an associate that teaches you how to behave like one or misbehave. Stracher doesn't mince words about the duplicitous behavior and flagrant practices of many lawyers in his firm, which is one of the premier partnerships in America, in a stylish and witty manner that has earned him comparison to an early Philip Roth. Stracher does for the legal profession what Michael Lewis's *Liar's Poker* did for the financial industry. The result is a tell-all glimpse into the cutthroat world of corporate law from the perspective of the low man on the totem pole.

The Art of Argument 2001-07-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality, modern editions that are true to the original work.

Double Billing 1999-10-20 The ultimate 6x9 120-page journal for people who are in this profession or hobby. People who love to laugh and journal.

How Lawyers Think 2008-06 This is a book that teaches students of all ages simple but effective writing formulas and templates.

Being a Lawyer Is Easy. It's Like Riding a Bike. Except the Bike Is on Fire. You're on Fire. Everything Is on Fire 2018-12-11 This book takes a new approach to learning torts law. Its goal is to teach law students to think like torts lawyers. Thinking like a lawyer means solving a problem to produce a legal solution. This process involves using several types of reasoning in combination, including synthesis, rule-based reasoning, analogical reasoning, distinguishing cases, policy-based reasoning, and creativity. A torts lawyer uses these reasoning methods to solve torts problems. This book will include a variety of torts exercises on the different types of legal reasoning to achieve the goal of teaching students to think like torts lawyers. This book is a supplement to torts casebooks and textbooks. Its main audience is first-year law students who are taking torts. It may be required by a professor, or students may use it as a supplement to the class to improve their torts skills and general legal reasoning skills. This book will also be useful for incoming law students who want to develop their torts and legal reasoning skills before they attend law school. Law school begins quickly on the first day, and it is better to be ahead than behind. Finally, this book will also help law graduates who are preparing for the bar, academic support staff who want to help students improve their legal reasoning skills, and practitioners who want to refine their legal reasoning skills.

Writing Like a Lawyer Series 2014-03-27 1 gift for lawyer solicitor barrister need a funny gift that is actually fun and relaxing discover the hottest trend with this best selling title you can actually give a gift that is fun and will be appreciated this irreverent and swearsy coloring book features laugh out loud funny and original designs that are perfect for taking the stress out of work and all the other stuff life can throw at a person provides hours of coloring fun at home at work or when trying not to swear out loud features 50 high quality original coloring pages 100 pages high quality paper large page size 8 5x11 inches for easy use great for a holiday gift order now for a gift that will be appreciated

A Companion to Torts 2015-07-01 have you ever read a legal opinion and come across an odd term like the fallacy of denying the antecedent the fallacy of the undistributed middle or the fallacy of the illicit process and wondered how you missed that in law school you're not alone every day lawyers make arguments that fatally trespass the rules of formal logic without realizing it because traditional legal education often overlooks imparting the practical wisdom of ancient philosophy as it teaches students how to think like a lawyer in his book *The Force of Logic Using Formal Logic as a Tool in the Craft of Legal Argument* lawyer and law professor Stephen M. Rice guides you to develop your powers of legal reasoning in a new way through effective tips and tactics that will forever change the way you argue your cases Rice contends that formal logic provides tools that help lawyers distinguish good arguments from bad ones and moreover that they are simple to learn and use when you know how to recognize logical fallacies you will not only strengthen your own arguments but you will also be able to punch holes in your opponent's and that can make the difference between winning and losing in this book Rice builds on the theoretical foundation of formal logic by demonstrating logical fallacies through the use of anecdotes examples graphical illustrations and exercises for you to try that are derived from common case documents it is a hands on primer that presents a practical approach for understanding and mastering the place of formal logic in the art of legal reasoning whether you are a lawyer a judge a scholar or a student the force of logic will inspire you to love legal argument and appreciate its beauty and complexity in a brand new way

Power Plays 1979 be ready for anything prepare like a lawyer will teach you how to anticipate and succeed in disputes by taking on the mindset of a lawyer don't be a victim all too often people are taken advantage of because they aren't prepared for disputes or don't know their own rights lawyers are an expensive remedy when you run into trouble especially in instances when the stakes are relatively small a landlord who refuses to return a security deposit a company that won't honor its initial price or a contractor who is reluctant to complete work on time it's in this gray area of charges ranging from a few dollars to a few thousand dollars that companies are able to nickel and dime consumers to produce a steady flow of wrongful profits in a world of red tape eight point font and hundred page user agreements ordinary consumers are put at a serious disadvantage companies government institutions and bullies with too much free time rule at the expense of individuals who lack the time and knowledge to safeguard their interests the key to redistributing power is effective
