chronicling one of the greatest and most popular national cinemas republic of images traces the evolution of french filmmaking from 1895 the year of the debut of the cinematographe in paris to the present day alan williams offers a unique synthesis of history biography aesthetics and film theory he brings to life all of the major directors setting before us the cultures from which they emerged and sheds new light on the landmark films they created he distills what

is historically and artistically unique in each of their careers and reveals what each artist has in common with the forebears and heirs of the craft within the larger story of french cinema williams examines the treasury of personal expression social commentary and aesthetic exploration that france has produced so consistently and exported so well it is the tale of an industry rife with crises and williams offers a superb narrative of the economic political and social forces that have shaped its century long history he provides biographical sketches of filmmakers from the early pioneers of the silent era such as louis lumière and alice guy to modern directors such as louis malle claude chabrol and françois truffaut some of their careers he shows exemplify the significant contributions individuals made to the development of french filmmaking others yield illuminating evidence of the problems and opportunities of a whole generation of filmmakers throughout he presents critical analyses of significant films from the assassination of the duc de guise 1908 to works by the post nouvelle vague directors williams captures the formal and stylistic developments of film in france over nearly one hundred years free of cant and jargon republic of images is the best general account available of the rich interplay of film filmmaker and society it will delight both general reader and student as well as the viewer en route to the video store in the eighteenth century as wars between britain france and their allies raged across the world hundreds of thousands of people were captured detained or exchanged they were shipped across oceans marched across continents or held in an indeterminate limbo the society of prisoners challenges us to rethink the paradoxes of the prisoner of war defined at once as an enemy and as a fellow human being whose life must be spared amidst the emergence of new codifications of international law the practical distinctions between a prisoner of war a hostage a criminal and a slave were not always clear cut renaud morieux s vivid and lucid account uses war captivity as a point of departure investigating how the state transformed itself at war and how whole societies experienced international conflicts the detention of foreigners on home soil created the conditions for multifaceted exchanges with the host populations involving prison guards priests pedlars and philanthropists thus while the imprisonment of enemies signals the extension of anglo french rivalry throughout the world the mass incarceration of foreign soldiers and sailors also illustrates the persistence of non conflictual relations amidst war taking the reader beyond britain and france as far as the west indies and st helena this story resonates in our own time questioning the dividing line between war and peace and forcing us to confront the untenable situations in which the status of the enemy is left to the whim of the captor known as the father of church history eusebius was bishop of caesarea in palestine and the leading christian scholar of his day his ecclesiastical history is an irreplaceable chronicle of christianity s early development from its origin in judaism through two and a half centuries of illegality and occasional persecution to a new era of tolerance and favor under the emperor constantine in this book michael j hollerich recovers the reception of this text across time as he shows eusebius adapted classical historical writing for a new nation the christians with a distinctive theo political vision eusebius s text left its mark on christian historical writing from late antiquity to the early modern period across linguistic cultural political and religious boundaries until its encounter with modern historicism and postmodernism making christian history demonstrates eusebius s vast influence throughout history not simply in shaping christian culture but also when falling under scrutiny as that culture has been reevaluated reformed and resisted

over the past 1 700 years spanning the greater part of the thirteenth century the career of the mamluk

sultan of egypt and syria al mansur qalawun is of great interest for the light it sheds on the major themes of early mamluk history the emergence of a new political and administrative structure characterized by increased militarization and mamlukization the role of the caliphate and the nature of sultani authority the problem of succession mamluk factionalism egyptian syrian relations relations with mongols and crusaders and the importance not to mention the strategic and complex nature of international trade in the mamluk realm not only does this work fill a gap in knowledge of the early mamluk period complementing the studies we have of baybars s and al nasir muhammad s reigns but it goes further than most in analyzing the institutions of the period and uses hitherto neglected materials to illuminate theoretical and practical questions of mamluk rule with indices from slave to sultan is well written the analysis is dense and packed with scholarship it is one of those books of which specialists will devour the notes with even greater relish than they do the text graduate students in particular will be grateful for her first chapter in which she introduces describes and evaluates the various sources mesa bulletin this book a will unquestionably stand as the authoritative work on qalawun for some time to come school of oriental african studies northrup is to be commended for undertaking this important and much needed project with her persistent efforts meticulous and critical reading of the sources sound methodology and diligent presentation the result is a definitive work on the political legacy of one of the most eminent early mamluk sultans journal of near eastern studies franz steiner 1998 sound and music in film and visual media a critical overview is a comprehensive work defining and encapsulating concepts issues and applications in and around the use of sound in film and the cinema media broadcast and new media over thirty definitive full length essays which are linked by highlighted text and reference material bring together original research by many of the world s top scholars in this emerging field complete with an extensive bibliography sound and music in film and visual media provides the most comprehensive and wide ranging consideration of this subject yet produced the writings of michel foucault and jacques derrida pose a serious challenge to the old established but now seriously compromised forms of thought in this compelling book roy boyne explains the very significant advances for which they have been responsible their general importance for the human sciences and the forms of hope that they offer for an age often characterized by scepticism cynicism and reaction the focus of the book is the dispute between foucault and derrida on the nature of reason madness and otherness the range of issues covered includes the birth of the prison problems of textual interpretation the nature of the self and contemporary movements such as socialism feminism and anti racialism roy boyne argues that whilst the two thinkers chose very different paths they were in fact rather surprisingly to converge upon the common ground of power and ethics despite the evident honesty importance and adventurousness of the work of foucault and derrida many also find it difficult and opaque roy boyne has performed a major service for students of their writings in this compelling and accessible book the focus of this volume is the crisis of the traditional view of the relationship between words and things and the emergence of linguistic arbitrarism in 17th century british philosophy different groups of sources are explored philological and antiquarian writings pedagogical treatises debates on the respective merits of the liberal and mechanical arts essays on cryptography and the art of gestures polemical pamphlets on university reform universal language scheme and philosophical analyses of the conduct of the understanding in the late 17th century the philosophy of mind discards both the correspondence of

predicamental series to reality and the archetypal metaphysics underpinning it this is a turning point in semantic theory language is conceived as the social construction of historical conventional objects through signs and the study of strategies we use to bridge the gap between the privacy of experience and the publicness of speech emerges as one of the main topics in the philosophy of language the labottières were the largest printing and bookselling dynasty in eighteenth century bordeaux from the 1680s to the sale of their business in 1794 three generations of this family acted as major cultural brokers in this booming atlantic port serving the rapidly expanding commercial and legal sectors with books pamphlets and newspapers the lives and businesses of this family are heavily entwined with the histories of the enlightenment french colonialism in the west indies and the french revolution we find the final generation welcoming the revolution printing a pro revolutionary newspaper that framed the revolts in haiti and martinique in pro revolutionary terms they would come to establish their shop as a jacobin centre and along with their workers and journalists navigated the forces of popular censorship and state control however despite these activities the labottière printing and bookselling enterprise would eventually be destroyed by the very revolution it had supported through this lively microhistory of the labottières jane mcleod presents the important role played by the flourishing atlantic port economy in supporting the expansion of printing and bookselling furthermore from mcleod s extensive archival research into over thirty members of the labottière family emerges a new understanding of the role played by printers and booksellers in the spreading of the ideas and concerns that underpinned some of the landmark social cultural and political changes of the eighteenth century

The Athenaeum 1896 the writings of michel foucault and jacques derrida pose a serious challenge to the old established but now seriously compromised forms of thought in this compelling book roy boyne explains the very significant advances for which they have been responsible their general importance for the human sciences and the forms of hope that they offer for an age often characterized by scepticism cynicism and reaction the focus of the book is the dispute between foucault and derrida on the nature of reason madness and otherness the range of issues covered includes the birth of the prison problems of textual interpretation the nature of the self and contemporary movements such as socialism feminism and

anti racialism roy boyne argues that whilst the two thinkers chose very different paths they were in fact rather surprisingly to converge upon the common ground of power and ethics despite the evident honesty importance and adventurousness of the work of foucault and derrida many also find it difficult and opaque roy boyne has performed a major service for students of their writings in this compelling and accessible book
