in my heroes the world s greatest living explorer guinness book of records writes about the

people who have inspired him from explorers to policemen families to freedom fighters wherever in the world ranulph gives one of his lectures or motivational speeches someone always asks who inspired you to do all the crazy things you ve done for the first time he explores this idea by revealing his own personal heroes and what lessons their actions may have taught him in his own often hazardous profession this book describes the extraordinary and often horrific events that led to these ordinary individuals becoming ranulph s great heroes from polar survivor to knifed and beaten policeman from a woman missionary to a special forces soldier these wonderful people will make you proud to be part of the human race refreshingly different this salute to mostly unsung heroes is an inspirational reminder of human goodness daily mail fiennes is making the case for a closer examination of the example set by the men and women he considers heroes the times
