what the book does extremely well is do describe the way things are in terms of the requirements of the framework for teaching english the curriculum and the new specifications and for this reason it is likely to be most useful to those contemplating english tech9ng in the maintained sector from outside returnees aspiring nqts or those in the independent sector times educational supplement instead of taking us yet again on a tour through the four modalities of english this book s tri partite structure takes a refreshingly

different approach by offering thought provoking argument grounded in classroom practicality nick mcguinn university of york students comments on teaching secondary english the book is written in clear digestible terms offering many practical ideas for teaching the key skills and the wide range of material encountered in the english classroom it is the kind of book which can be dipped into which is particularly useful for people who spend most of their time planning lessons teaching secondary english is a must for student teachers and nqts it is a clear comprehensive and practical guidebook dealing not solely with theory and pedagogy but with the very real issues facing new teachers today it is clear that teaching secondary english unlike so many textbooks on the subject is written by someone with recent classroom experience and this helps the reader to trust and respect the advice it purports i certainly feel it is grounded in practicalities not pie in the sky theory that will not work in most real classrooms this book enables english teachers to implement change and rise to new challenges while remaining true to an ethically and socially just position which provides the rationale for their vocation the author describes and evaluates recent changes to english teaching brought about by initiatives such as the literacy strategy the new a levels and the requirement to focus on spiritual moral social and cultural development examples of innovative teaching and learning strategies are provided throughout the author helps teachers to foster keen readers writers and communicators he shows how they can enable their students to acquire skills and knowledge as well as to recognize the value of aesthetic experience emotional literacy and spiritual and moral response to literature in their own lives and in their communities this book is essential reading for pgce students as well as practising teachers and all those involved in english in education

## **EBOOK: WHAT IS ENGLISH TEACHING? 1996-03-16**

## **Second Handbook of English Language Teaching 2019-10-23**

the book aims to build teachers confidence in their ability to use english effectively at the same time as providing advice and techniques for primary english teachers the book is

written in an accessible easy to follow style and encourages a positive attitude towards using English in the primary classroom the first unit asks teachers to reflect on the processes of language learning to examine ways to create effective learning conditions in class and introduces them to the study methods used in the book the units follow the processes of natural language acquisition and the pattern of school education so the order is listening activities speaking activities reading and writing there are two units on using stories with a final unit on integrating coursebook activities and lesson planning the content of the syllabus is derived largely from English lessons recorded by around 20 different teachers in different countries to show that the examples and expressions used are real ones that are used by primary teachers the world over the language study syllabus is graded beginning in unit 1 with very basic classroom instructions within a typical lesson framework going on to more specific language relevant to particular activity types and later to longer stretches of English such as storytelling the book encourages teachers to practise the language activities with a colleague and or record themselves on a personal cassette doing the language practice activities in English a free CD gives examples of classroom language from real classrooms with pronunciation exercises

## **Teaching Secondary English 2003-10-30**

teaching and learning the English language is a practical guide for anyone seeking to improve their teaching whether through formal study or on their own Richard Badger explores teaching English as a problem solving activity in which teachers must address three fundamental questions what aspect of language do students need to learn how might they learn this particular aspect of language and how can teachers support their learning offering a solid research based approach along with sound practical advice this book equips teachers with skills needed to analyse their own contexts and develop their practice it covers fundamentals of English language psychological and social learning processes TESOL teaching methods and approaches lesson planning and classroom management language evaluation and assessment teaching pronunciation spelling grammar vocabulary and discourse teaching listening reading writing and speaking English teacher professional development pedagogical features include chapter summaries activities for students and key readings recommendations and the book is also supported by online resources video case studies additional exercises and multiple choice quizzes including numerous international lesson examples and case studies teaching and learning English language is suitable for both trainee and practising teachers who speak English as a first second or foreign language

## **International Handbook of English Language Teaching 2007-06-26**
