Through a Mirror, Brightly

2001-11-20

the articles in this book are plain and simple and practical they reflect the transformative experience of practicing the lessons of a course in miracles they demonstrate a mind awakening from the dream to the experience of the peace of god this awakening is expressed through poems songs a shakespearean sonnet sonnets from the course a star trek episode excerpts from a socratic dialogue and stories of direct personal experience what is unique about this book is that it offers the reader opportunities to experience a shift in his own mind each article engages the reader by addressing his perceptual dreaming mind inviting him to participate in experiencing the alternative to his dreaming by entering in the reader can experience a shift from dreaming to awakening to the true reality of his own identity

There Must Be Another Way

2008-07-22

this collection of twenty essays based on deeply felt personal experiences of reading the lessons and the text of a course in miracles demonstrates the transformation from the limited conceptual egoic self identity to the limitless self created by god seeing with the vision of christ this transformation is simply a shift from one state of mind to another from the self identity state to the state of mind of the self the gap is bridged by the holy spirit when you ask for help realizing you can t he can and he will and he does throughout the book this transformation is expressed in reference to poetry paintings passages from the new testament movies essays on psychology the classic comedians relationships with family

mirror reflecting god like a general the heart commands all other bodily organs and faculties which are its troops everything that comes from a human being whether good or bad is a product of the heart mehmet y seker a scholar of sufism and tasawwuf studies the concept of the heart in the islamic tradition looking at how it is approached by three prominent scholars and thinkers of islam ghazali said nursi and fethullah gulen being the first in english to take as its focus the human heart from an islamic spiritual this book comparatively analyzes classical and modern age interpretations and evaluations on the concept and adds to the rich literature of spirituality in the islamic tradition

The Power of a Praying® Wife Illuminated Prayers and Devotions

2021-04-06

this book is an inspiration to a new form of christian life for many it was published in 1536 in latin and revolutionized the christian world it became one of the books that laid the basis for the establishment of protestant churches in the book calvin strongly criticizes what he believes are unorthodox teachings and the policy of the catholic church the book considers the knowledge of god the creator and the creation of a man he also speculates on the topic of what humankind is and what people know about the creator

Ecclesiastical Discourses Delivered on Special Occasions

1876

in this daring treatise on the current state of scientific inquiry james le fanu challenges the common assumption that further progress in genetic research and neuroscience must ultimately explain all there is to know about life and man s place in the world on the contrary he argues the most recent scientific findings point to an unbridgeable explanatory gap between the genes strung out along the double helix and the beauty and diversity of the living world and between the electrical activity of the brain and the abundant creativity of the human mind his exploration of these mysteries and his analysis of where they might lead us in our thinking about the nature and purpose of human existence form the impassioned and riveting heart of why us
