2020-04-02 children s literature today is
dominated by the gothic mode and it is in

globalisation brings harry potter into china

when childhood itself and children s
literature as a genre can no longer be thought
of as an uncontested space apart from the
debates and power struggles of an adult domain

we look in detail at series such as the mortal instruments twilight chaos walking the power of five skulduggery pleasant and cirque du freak at novels about witches and novels about changelings at the gothic in china japan and oceania and at authors including celia rees frances hardinge alan garner and laini taylor amongst many others at a time when the energies and anxieties of children s novels can barely be contained anymore within the genre of children s literature spilling over into ya and adult literature we need to pay attention weird things are happening and they matter
