Aforismos del Yoga de Patanjali

2017-06-12

los aforismos de patanjali son sentencias breves que van exponiendo los puntos fundamentales de la filosofía yoguista en el estilo casi siempre enigmático por lo laconico y elíptico de los antiguos autores orientales

LOS YOGA SUTRAS DE PATANJALI

2013

this edition of patanjali's yoga aphorisms is not put forth as a new translation nor as a literal rendering into english of the original in the year 1885 an edition was printed at bombay by mr tookeram tatyā a fellow of the theosophical society which has been since widely circulated among its members in all parts of the world but it has been of use only to those who had enough acquaintance with the indian system of philosophy to enable them to grasp the real meaning of the aphorisms notwithstanding the great and peculiar obstacles due to the numberless brackets and interpolated sentences with which not only are the aphorisms crowded but the so called explanatory notes as well for the greater number of readers these difficulties have been an almost insurmountable barrier and such is the consideration that has led to the preparation of this edition which attempts to clear up a work that is thought to be of great value to earnest students it may be said by some captious critics that liberties have been taken with the text and if this were emitted as a textual translation the charge would be true instead of this being a translation it is offered as an interpretation as the thought of patanjali clothed in our language no liberties have been taken with the system of the great sage but the endeavor has been faithfully to interpret it to western minds unfamiliar with the hindu modes of expression and equally unaccustomed to their philosophy and logic

The Yoga Aphorisms of Patanjali

2011-05

children today need love and happiness in their lives they do not need more and more toys and computers and ipods this book provides some lovely stories for both adults and for adults to read to children

Stories for Children: Spanish Edition

2014-03

la ciencia y la tecnología pueden aportar soluciones a aspectos físicos o externos de nuestras vidas con la introducción de la ia en forma de lenguaje y grandes cantidades de información puede parecer que tenemos todas las respuestas sin embargo la naturaleza esotérica de la vida y la existencia es tan profunda que las cuestiones esotéricas de la vida humana no pueden resolverse mediante meras definiciones y significados de las palabras aspectos de la vida como la mente la religión el ego el yoga el amor y la meditación no

pueden entenderse únicamente a través del intelecto también se pueden encontrar paradojas en todas partes debido a la aparente oposición entre la energía masculina de la meditación y la energía femenina del amor sin embargo también se puede encontrar una vida significativa dentro de esta existencia sin propósito en esto hay máxima armonía a pesar de completas contradicciones o diferencias todos estos aspectos sólo pueden experimentarse a través de la visión interior que puede lograrse entrando en una nueva dimensión o un nivel superior de conciencia cuando una persona está completamente inmersa en la meditación o el amor fusionándose con todo el flujo de energía de la existencia su conciencia se vuelve una con el vacío eterno y atemporal de la eternidad en ese momento todo se vuelve misterioso y no al revés este libro puede ser útil para aquellos que quieran trascender el mundo superficial exterior y alcanzar una nueva dimensión de conciencia interior es más adecuado para aquellos cuyo anhelo interior por la vida real ha madurado que realmente tienen sed de tocar los misterios de la vida a pesar de todas las experiencias de la vida hay algo dentro que siempre está insatisfecho como si hubiera algo atrapado dentro de la conciencia aquellos que buscan el verdadero propósito de la vida deben leer este libro el título de este libro puede parecer sorprendente para muchas personas su objetivo es transmitir una dimensión más profunda de la existencia más allá de la mente y las palabras el lenguaje de cualquier mente humana es incapaz de expresar el mensaje secreto y misterioso del alma de la existencia sin embargo como escritor he tratado de transmitir la voz del alma de la existencia a los lectores a través de las palabras este libro representa un canto o mensaje de supervivencia lo cual se expresa de manera misteriosa por eso encuentro apropiado este título a pesar de saber que las grandes ventas no son posibles en ningún mundo empresarial sin publicidad o marketing no he utilizado ningún tipo de marketing ni he realizado publicidad para vender mi libro en el mundo del comercio electrónico actual se vuelve obligatorio tener reseñas y calificaciones para cualquiera de sus productos si desea hacer crecer enormemente su negocio aquí también se venden reseñas y calificaciones falsas me mantengo alejado de todas estas cosas así que si alguien intenta juzgar este libro según todos esos criterios debo decir que lo siento este libro no es para usted no quiero obligar a vender mi libro a nadie y mucho menos a alguien cuya conciencia no está desarrollada al nivel estándar que todavía está bajo la influencia de cosas infantiles del mundo de los negocios como el marketing las reseñas las calificaciones y la publicidad solo quiero que este libro llegue sólo a personas que lo merecen por eso me he mantenido alejado de todos estos asuntos de marketing de todos modos la conciencia del mundo interior de la espiritualidad o cualquier verdadero artista no tiene especial preocupación por el mundo del marketing de los negocios materialistas el libro comienza con un esbozo de las cuestiones más profundas de la vida humana luego hay una discusión sobre cuán incapaz es la mente humana de comprender el lenguaje de las palabras y el significado de las oraciones las sílabas y la profundidad de la vida a partir de entonces este libro arroja luz sobre la correcta comprensión de la religión a continuación explora la naturaleza de la mente y cómo funciona el sistema mecánico de la mente una vez que se establece la comprensión científica de la mente el libro analiza cómo cooperar con la mente para ingresar a la dimensión superior de la conciencia a través del uso positivo de la mente luego se explora el concepto de ego el libro examina cómo el ego manipula la mente a lo largo de la vida después de proporcionar información detallada sobre el ego el libro presenta formas de transformar el ego en un estado de rendición final después de eso el libro explica el verdadero propósito de la vida que son los diversos aspectos del amor presenta historias de amor poemas de amor y otros hechos reales sobre el amor además incluye diálogos ficticios para ilustrar el amor divino de radha krishna después de cubrir estos temas el libro analiza la diferencia entre la vida matrimonial y el amor verdadero destacando la tremenda energía sexual de la naturaleza y brindando información sobre el uso positivo de la energía sexual luego el autor brinda una comprensión integral del camino de la meditación espiritual en contraste con el amor aborda los conceptos erróneos sobre la meditación en el mundo y explora la dimensión de la meditación real que trasciende la mente y conduce a un estado de vacío más allá o por encima de la mente el término yoga también se asocia con la meditación en la actualidad pero existe una confusión considerable debido a la mezcla de percepciones erróneas a lo largo del tiempo el libro intenta proporcionar una explicación correcta del yoga el libro explora las dimensiones y patrones de energías opuestas en la meditación y el amor aunque puedan parecer completamente opuestos un camino representa la energía masculina a través de la meditación mientras que el otro camino representa la energía femenina a través del amor el libro explica por qué lo opuesto de yin yang no es verdaderamente opuesto hacia el final del libro se examina el significado de la vida en relación con un enfoque impredecible y sin propósito el libro ofrece ideas sobre este aspecto cuando uno se sumerge por completo en la meditación o el amor fusionándose con el flujo de toda la energía de la existencia las leyes de la eternidad sufren cambios radicales comienzan a actuar de maneras opuestas y misteriosas el libro describe este fenómeno y proporciona un ejemplo de las declaraciones ultbansi de kabir además hay muchas contradicciones desconocidas y misteriosas en el libro pero es imposible resumirlas todas

Auto-Expresión del Alma - Self Expression of Soul In Spanish Edition

Man's Eternal Quest (Japanese)

2016-05-18

this volume is an original paraphrase with commentary of the yoga sutras of patanjali the yoga sutras are of ancient origin first reduced to writing by patanjali who is considered the founder of the raja yoga school control of the mind and its illumination by the soul are brought about through the practice of raja yoga the sutras have a power and a timelessness

about them which demonstrate the accuracy with which they pinpoint the basic truths of human evolution from subservience to personality clamours to the serene freedom of the soul most human problems today originate in selfish desire the prostitution of the feeling nature to self centred action this is also brought out clearly in the teaching of the lord buddha the treading of the noble eight fold path providing the only way out of the maze right values right speech right mode of living right thinking right expression right conduct right effort right rapture or true happiness these are attributes of the soul patanjali explores exhaustively the means the techniques and the mental posture which create the connecting thread between the form centred personality and these stages towards spiritual achievement and soul fusion

jainism is a tradition which dates back thousands of years which is unbelievably rich and profound and which has certain unmistakable signs of identity contrary to what some might think it is not in any sense a poor relation of buddhism nor is a strange atheistic and ascetic sect within hinduism jainism is above all the religion of non violence ahimsa an ideal which all other religions of india were subsequently to make theirs and which was made universal by gandhi in the 20th century like buddhism jainism is a religion without god which paradoxically opens to the truly sacred in the deepest reaches of all living beings in the cosmos and it is also the religion of non absolutism anekantavada a particular form of philosophical pluralism which seems astonishingly modern
