## Preparing Ourselves to Hear God's Voice

for years now the most common prayer request i have had from believers is their desire to hear the voice of god and to know god s will for their lives the most commonly asked question i have heard is how do i hear god s voice nothing should be more alarming for believers than not getting a word from the lord think about it how will we ever know what god truly desires for our lives if we cannot hear from him on the other hand some believers do hear from the father and receive answers but have a hard time believing it is god because the answer comes in ways they might not have expected when we do not hear god s voice we become uncertain of what to do next when faced with good and bad choices one of the reasons we don t seek to hear and follow god s voice is that the wrong life choices don t look so bad when we are in the flesh and not listening to the father the problem many times is the mental emotional and spiritual parameters in which we limit god we limit the ways god might speak to us if we confine god in our box of how he must work and speak we must be willing to change the way we think about how to hear from the father if we are open to hearing god only one way then we are limiting our ability to hear from him we need to stop trying to limit how he will speak to us and just tune our ears to what he is saying this book is designed to be a beginning course for believers who are learning to hear the voice of the father this book is not necessarily meant to be for those who seem to regularly and clearly hear from the father on behalf of all believers this is book 1 of a series entitled so you want to hear the voice of god the author sets out to prepare the reader to hear from the father this is intended for the whole body of christ as they humbly experience the privilege and joy of hearing the voice of the father join us as we walk the journey of seeking our lord s face together and discovering the many ways of communing and hearing the voice of god our heavenly father
