

Free ebook The role of constituency offices in enhancing democracy Copy

congressional representation requires that legislators be aware of the interests of constituents in their districts and behave in ways that reflect the wishes of their constituents but of the many constituents in their districts who do legislators in washington actually see and who goes unseen moreover how do these perceptions of constituents shape legislative behavior this book answers these fundamental questions by developing a theory of legislative perception that leverages insights from cognitive psychology legislators are shown to see only a few constituents in their district on a given policy namely those who donate to their campaigns and contact the legislative office and fail to see many other relevant constituents legislators are also subsequently more likely to act on behalf of the constituents they see while important constituents not seen by legislators are rarely represented in the policymaking process in this study of grass roots election campaigning the authors survey the evolution of campaigning over the past century and describe how the parties organized their constituency campaigns in the 1992 election they examine and evaluate the campaign techniques used in virtually every democratic nation in the world political representation is defined by where citizens live in the united states for example congressional districts are drawn every 10 years as lines on a map why do democratic governments define political representation this way are territorial electoral constituencies commensurate with basic principles of democratic legitimacy and why might our commitments to these principles lead us to endorse a radical alternative randomly assigning citizens to permanent single member electoral constituencies that each looks like the nation they collectively represent using the case of the founding period of the united states as an illustration and drawing from classic sources in western political theory this book describes the conceptual historical and normative features of the electoral constituency as an institution conceptually separate from the casting of votes the electoral constituency is little studied its historical origins are often incorrectly described and as a normative matter the constituency is almost completely ignored raising these conceptual historical and normative issues the argument culminates with a novel thought experiment of imagining how politics might change under randomized permanent national electoral constituencies by focusing on how citizens are formally defined for the purpose of political representation the concept of constituency thus offers a novel

approach to the central problems of political representation democratic legitimacy and institutional design lundberg critically examines the claim that party list elected members of britain s devolved assemblies in wales and scotland are somehow second class representatives although list elected representatives in britain have a different constituency role these representatives add an important element of pluralism to britain s politics the oxford handbook of nigerian politics offers a comprehensive analysis of nigeria s very rich history and ever changing politics to its readers it provides a deep understanding of nigeria s socio political evolution and experience by covering broad range of political issues and historical eras the volume encompasses 44 chapters organized thematically into essays covering history political institutions civil society economic and social policy identity and insecurity and nigeria in a globalized world by identifying many of the classic debates in nigerian politics the chapters serve as an authoritative introduction to africa s most populous country the chapters are interdisciplinary introducing readers to classic debates and key research on nigeria as well as new methodologies new data and a compelling corpus of research questions for the next generation of researchers and readers interested in africa this important contribution to the study of canadian elections forcefully argues that knowledge of the dynamics at the local level is essential to a full understanding of canadian polity its underlying social basis and the factors that determine successful election campaigns as such parties candidates and constituency campaigns in canadian elections will intrigue not only political scientists and students of canadian politics but also election candidates and party strategists list of tables and figures preface introduction race redistricting and representation in the u s house of representatives chapter one black interests difference commonality and representation chapter two a legal primer on race and redistricting chapter three the supply side theory of racial redistricting with matthew m schousen and patrick j sellers chapter four race and representation in the u s house of representatives chapter five links to the constituency chapter six black majority districts failed experiment or catalyst for a politics of commonality appendix a data sources appendix b procedures for coding the newspaper stories notes references index copyright libri gmbh all rights reserved this volume offers the most significant analysis of how parliament re emerged in myanmar in the span of a post junta decade 2011 2021 the reader is asked to consider our democracy as it is today and whether increasing our level of representation in parliament using a system of total voting will unite society and improve our governance having made the consideration the reader is then plunged into the what could be an array of thoughts practises and procedures that will bring society s needs closer to governance statistical data is set to a minimum so as not to divert the reader from the

objective of making people think about what they have and then what they could have an anthropological study of a major national political party one which dominated israeli politics for nearly five decades and was returned to office in summer 1992 the analysis focuses on the relationship between culture and politics to explain the crucial role the labour party has played audubon wildlife report 1988 1989 focuses on federal wildlife conservation policy with extensive background information on the history legal authorities and administrative structure of federal wildlife agencies and programs the report also includes in depth treatment of significant problems issues and developments including wildlife the text is divided into five parts part one features an agency related to wildlife conservation which is the national marine fisheries service in this volume part two covers wildlife issues in national forests and national parks as well as legal developments affecting wildlife part three deals with challenges in conservation such as wildlife and water projects on the platte river international wildlife trade and plastic debris and its effects on marine wildlife part four discusses species accounts such as the moose the florida panther and the common barn owl part five consists of appendices which indexes directories of conservation agencies congressional contacts and the endangered species list the book is recommended for biologists conservationists and environmentalists who would like to know more about the status of endangered species as well as the problems and programs of certain conservation agencies this paper assesses the degree to which the imf governance is effective and efficient and whether it provides sufficient accountability and channels for stakeholders to have their views heard the focus is on institutional structures as well as on the formal and informal relationships between the imf s main bodies of governance the executive board management and the international monetary and financial committee the evaluation highlights that for much of the past six decades gradual reforms in its governance allowed the imf to remain relevant in a changing world economy the oecd guidelines for managing conflict of interest in the public service provide the first international benchmark in this field this report highlights trends approaches and models across oecd countries in a comparative overview that also presents examples of innovative and recent solutions annotation bridges the gap between theoretical literature and the tools and practices needed to strengthen or rebuild democratic institutions and reform governance systems through case studies and examples of good practices of governance cheema assesses the conditions that make democracy work this volume contains seven research papers prepared to assist the commission to review allowances of members of parliament in its deliberations the research topics are as follows previous commissions to review allowances of members of parliament the allowances and benefits of members of parliament the compensation of canadian

parliamentarians compared with that of provincial and territorial legislators job content and value the value of members compensation over time and compared with that of other occupations the effects of service as an mp on members financial situation and review of pensions and benefits for members of parliament this edition of women and elective office offers the latest research on women as candidates and officeholders it provides a comprehensive look at the history and status of women in elective office their prospects for the future and why women in elected office matter to american democracy it features all new essays and up to the minute research by leading experts in the field including the latest political trends and events such as hillary rodham clinton s run for the presidency women s representation on the state and local level the diversity of women officeholders experiences and circumstances and female judges women and elective office is an essential guide to understanding the past present and future of women in all echelons of government this book examines the traffic in women for marriage a phenomenon that has been largely overlooked in international efforts to address the problem of human trafficking in contrast to current international and state based approaches to trafficking which tend to focus on sex trafficking and trafficking for forced labour this book seeks to establish how marriage as an institution is often implicated in the occurrence of trafficking in women the book aims firstly to establish why marriage has tended not to be included in dominant conceptions of trafficking in persons and secondly to determine whether certain types of marriage may constitute cases of human trafficking in and of themselves through the use of case studies on forced marriage mail order bride mob marriage and fundamentalist mormon polygamy this book demonstrates that certain kinds of marriage may in fact constitute situations of trafficking in persons and together form the under recognised phenomenon of marriage trafficking in addition the book offers a new perspective on the types of harm involved in trafficking in women by developing a framework for identifying the particular abuses characteristic to marriage trafficking it argues that the traffic in women for marriage cannot be understood merely as a subset of sex trafficking or trafficking for forced labour but rather constitutes a distinctive form of trafficking in its own right this book will be of great interest to scholars and postgraduates working in the fields of human rights theory and institutions political science international law transnational crime trafficking in persons and feminist political theory this research handbook critically examines the myriad social and economic inequalities faced by those in later life contributors dissect examples from the global north and south to support a new approach to studying ageing that moves beyond popular discourses in contrast with most literature on canadian politics this book resurrects the relevance of canada s parliament by examining what mps do why they do it and what

effect it has constituency influence in parliament examines the rules and conduct of private members business to assess the complex relationship between constituency representation and policy proposals this revealing study shows that members of parliament pursue various types of goals in the legislature not all of which focus upon parties or leaders and each mp plays an important representative role in shaping policy barack obama entered office on a wave of popular expectation will he exit at the hands of a tea party inspired populist tsunami or return for four more years obama in office brings together well established political scientists and journalists to offer the first detailed assessment of president obama and his first two years in office this book covers the range of policy tests which the administration has faced during this period including the recession and its jobless recovery health care reform financial regulation the bp oil leak in the gulf of mexico and the ongoing war in afghanistan looking beyond the midterms obama in office considers the results of 2010 the impact of the tea party and the prospects for 2012 this is not a text book but an articulation of the frustrations experiences and hopes of nigerian masses to m r president it is also intended to wake up from political coma other levels of government in our dear country by this we mean the national assembly state and local governments in this twenty first century when most hitherto primitive and so called third world countries like north korea india iran and pakistan to mention a few have transformed into modern economies improved the welfare of their people and become assertive in the committee of nations our country despite its enormous natural and human resources remains in the woods this volume employs a comparative approach to cast light on representation and representative processes from a communications perspective it focuses on online constituency communication aiming to provide a perspective from which to empirically study the changes taking place in the relationship between citizens and their representatives the hyper mediatisation of politics and society is here considered a relevant enabling factor because it creates the conditions leading to change in the nature of democratic processes the chapters discuss podemos the lega law and justice and the five star movement as good examples of this phenomenon populist and nationalist forces have emerged as bottom up and top down entities aiming to embody the will of the people or to push for democratic processes to be more inclusive until now however the intersection between populist and nationalist discourses and the related question of representation have been largely ignored by analysing the transformations that have taken place in mps communication practices in non election periods the contributors illuminate how social media is affecting mps communication and examine the strains in the relationship between executives and legislatures that populist and nationalist parties exploit in the years preceding publication of this book in 1986 much

progress was made in identifying the social sources of support for hitler s nsdap and in determining the tactics employed by the party to mobilise its constituency at grass roots level it has emerged that the nazi s roots were far more diverse than previously assumed extending beyond the lower middle class to encompass both the affluent bourgeoisie and the working class this book collects together original studies which represent a distillation of some of the contemporaneous research the new edition of this text examines the bush presidency and the 2004 election the first administration under george w bush the terrorist attacks of september 11 and the invasion of iraq are included giving students an understanding of the nature of presidential power widespread file sharing has led content industries publishers and distributors of books music films and software to view their customers as growing threats to their survival content providers and their allies especially the u s government have pushed for stronger global copyright policies through international treaties and domestic copyright reforms internet companies individuals and public interest groups have pushed back with massive street protests in europe and online internet blackouts that derailed the 2012 u s stop online piracy act sopa but can citizens or smaller countries really stand in the way of the u s copyright juggernaut to answer this question copyfight examines the 1996 world intellectual property organization internet treaties that began the current digital copyright regime blayne haggart follows the wipo treaties from negotiation to implementation from the perspective of three countries the united states canada and mexico using extensive interviews with policymakers and experts in these three countries haggart argues that not all the power is in the hands of the u s government small countries can still set their own course on copyright legislation while growing public interest in copyright issues means that even the united states might move away from ever increasing copyright protection this book is about all our futures and demonstrates how essential insights from political psychology can nurture and safeguard democracy cornerstone s electoral legislation covers the five principal kinds of uk elections parliamentary european local government parish and referendums the legislation governing the conduct of elections is necessarily technical and highly prescriptive with electoral officers expected to absolutely adhere to the rules as legislation is amended every year this title enables electoral officers ready access to up to date legislation this is a new title in the cornerstone series which is published with the highly respected chambers

Constituency Representation in Congress

2010-09-27

congressional representation requires that legislators be aware of the interests of constituents in their districts and behave in ways that reflect the wishes of their constituents but of the many constituents in their districts who do legislators in washington actually see and who goes unseen moreover how do these perceptions of constituents shape legislative behavior this book answers these fundamental questions by developing a theory of legislative perception that leverages insights from cognitive psychology legislators are shown to see only a few constituents in their district on a given policy namely those who donate to their campaigns and contact the legislative office and fail to see many other relevant constituents legislators are also subsequently more likely to act on behalf of the constituents they see while important constituents not seen by legislators are rarely represented in the policymaking process

Modern Constituency Electioneering

2013-10-23

in this study of grass roots election campaigning the authors survey the evolution of campaigning over the past century and describe how the parties organized their constituency campaigns in the 1992 election they examine and evaluate the campaign techniques used

The Concept of Constituency

2005-06-27

in virtually every democratic nation in the world political representation is defined by where citizens live in the united states for example congressional districts are drawn every 10 years as lines on a map why do democratic governments define political representation this way are territorial electoral constituencies commensurate with basic principles of democratic legitimacy and why might our commitments
