thorough yet perfect for a one semester introductory course or general library reference available in both print and e book formats and priced low to fit student budgets the first volume devoted to interrogating the complex relationship both historic and contemporary between the united states and west africa over the last several decades historians have conducted extensive research into contact between the united states and west africa during the era of the transatlantic trade yet we still understand relatively little about more recent relations between the two areas this multidisciplinary volume presents the most comprehensive analysis of the u s west african relationship to date filling a significant gap in the literature by examining the social cultural political and economic bonds that have in recent years drawn these two world regions into increasingly closer contact beginning with examinations of factors that linked the nations during european colonial rule of africa and spanning to discussions of u s foreign policy with regard to west africa from the cold war through the end of the twentieth century and beyond these essays constitute the first volume devoted to interrogating the complex relationship both historic and contemporary between the united states and west africa contributors abdul karim bangura karen b bell peter a dumbuya kwame essien andrew i e ewoh toyin falola osman gbla john wess grant stephen a harmon harold r harris olawale ismail alusine jalloh fred l johnson iii stephen kandeh ibrahim kargbo bayo lawal ayodeji olukoju adebayo oyebade christopher ruane anita spring ibrahim sundiata hakeem ibikunle tijani ken vincent and amanda warnock alusine jalloh is associate professor of history and founding director of the africa program at the university of texas at arlington toyin falola is the jacob and frances sanger mossiker chair in the humanities and university distinguished teaching professor at the university of texas at austin this volume brings together distinguished scholars to address broad societal claims about the surge in populist nationalism in the scholarly literature on collective memory the book sets the stage by examining historical origins and case studies of populism and nationalism in the united states before exploring these phenomena in the global context next the book establishes conceptual frameworks for approaching nationalism and populism in national narratives through the literature on collective memory political psychology history and international studies the book concludes with a discussion on common themes uncovered over the course of the book throughout each section the book uses empirical evidence and conceptual claims to shed light on the rise in global populist nationalism in a thoughtful comprehensive

manner for scholars of a wide range of backgrounds national memories offers a multidisciplinary modern approach to an old global societal challenge in a time of great political and social upheaval the usa and the world 2020 2022 provides students with vital information on these countries through a thorough and expert overview of political and economic histories current events and emerging trends d day the allied invasion of northwestern france in june 1944 has remained in the forefront of american memories of the second world war to this day depictions in books news stories documentaries museums monuments memorial celebrations speeches games and hollywood spectaculars have overwhelmingly romanticized the assault as an event in which citizen soldiers the everyday heroes of democracy engaged evil foes in a decisive clash fought for liberty national redemption and world salvation in d day remembered michael r dolski explores the evolution of american d day tales over the course of the past seven decades he shows the ways in which that particular episode came to overshadow so many others in portraying the twentieth century s most devastating cataclysm as the good war with depth and insight he analyzes how depictions in various media such as the popular histories of stephen ambrose and films like the longest day and saving private ryan have time and again reaffirmed cherished american notions of democracy fair play moral order and the militant yet non militaristic use of power for divinely sanctioned purposes only during the vietnam era when americans had to confront an especially stark challenge to their pietistic sense of nationhood did memories of d day momentarily fade they soon reemerged however as the country sought to move beyond the lamentable conflict in southeast asia even as portrayals of d day have gone from sanitized early versions to more realistic acknowledgments of tactical mistakes and the horrific costs of the battle the overarching story continues to be for many a powerful reminder of moral rectitude military skill and world mission while the time to historicize this morality tale more fully and honestly has long since come dolski observes the lingering positive connotations of d day indicate that the story is not yet finished the civil war tore america apart the ensuing era of reconstruction sewed it back together in this vivid look at the popular culture of the era browne and kreiser examine how americans coped with the trials and tribulations of this cataclysmic period narrative essays examine the lives of everyday americans young and old northern and southern soldier and civilian along with the major traditions and trends in every facet of the time s popular culture dime novels illustrated newspapers iceboxes patriotic hymns and rebel rhythms minstrel shows and professional baseball teams were just some of the cultural phenomena that thrived during this period readers will benefit from the chapter bibliographies a timeline a cost comparison and suggestions for further reading this latest addition to greenwood s iamerican popular culture through history r series is an invaluable contribution to the study of american popular culture a resource for all who teach and study history this book illuminates the unmistakable centrality of american indian history to the full sweep of american history the nineteen essays gathered in this collaboratively produced volume written by leading scholars in the field of native american history reflect the newest directions of the field and are organized to follow the chronological arc of the standard american history survey contributors reassess major events themes groups of historical actors and approaches social cultural military and political consistently demonstrating how native american people and questions of native american sovereignty have animated all the ways we consider the nation s past the uniqueness of indigenous history as interwoven more fully in the american story will challenge students to think in new ways about larger themes in u s history such as settlement and colonization economic and political power citizenship and movements for equality and the fundamental question of what it means to be an american contributors are chris andersen juliana barr david r m beck jacob betz paul t conrad mikal brotnov eckstrom margaret d jacobs adam jortner roselyn r lapier john j laukaitis k tsianina lomawaima robert j miller mindy j morgan andrew needham jean m o brien jeffrey ostler sarah m s pearsall james d rice phillip h round susan sleeper smith and scott manning stevens world war ii changed the face of the united states catapulting the country out of economic depression political isolation and social conservatism ultimately the war was a major formative factor in the creation of modern america this unique twelve volume set provides comprehensive coverage of this transformation in its domestic policies diplomatic relations and military strategies as well as the changing cultural and social arenas the collection presents the history of the creation of a super power prior to during and after the war analyzing all major phases of

the u s involvement making it a one stop resource that will be essential for all libraries supporting a history curriculum this volume is available on its own or as part of the twelve volume set the american experience in world war ii for a complete list of the volume titles in this set see the listing for the american experience in world war ii isbn 0 415 94028 1
