there is one thing i love more than a good book and that is a good free book but wait a minute does such a thing even exist the average consumer will say no free ebooks are rare and they tend to be of low quality well that s what the average consumer thinks this book will give you everything you need so that you can find free books and audiobooks in any subject don t think this is possible think again an ebook is a digital good that has no manufacturing costs this means that the author or publisher will not incur any costs if you get a free copy in fact the publisher may have something to gain from you by giving away the book to you for no money in fact authors will thank you for downloading their ebook since authors have to pay their bills too free ebook opportunities are only available to those that know where to look in this book i will let you know how to search find and download free ebooks and the best part you will also make some new friends in the process
