

## Free reading Introduction to criminology past exam papers 2013 (PDF)

over the past century criminology has evolved as both an applied and increasingly recognized scientific discipline while the discipline has experienced shifts in its science versus applied focus it appears that criminology is now poised to effectively combine both purposes thereby simultaneously advancing criminology as a science and applied within the past decade criminologists and historians have started to think about historical criminology a method that bridges history and criminology and is well positioned to pursue several projects including plural time memory and microhistory since it emerged in the late 1800s as part of a movement for prison reform criminology has evolved into a multidisciplinary effort to identify the root causes of crime and develop effective methods for preventing it punishing its perpetrators and mitigating its effect on victims the historical turn in criminology is a fascinating development in the criminology of the 21st century and though the past of historical criminology may not be as exhilarating it needs to be acknowledged as an important episode in the history of the social sciences although criminology has experienced a number of ideological shifts in focus the discipline is now poised to effectively combine both of its purposes namely the ongoing search for the causes of crime and advancing the use of empirical research in policy and practice decisions we present historical data on the media discussion of criminology and sociology and we outline the distinctive features of criminology interdisciplinary a subject matter that incites this chapter reviews the state of past monothematic and current multithematic and multidisciplinary integrated theories of crime particularly developmental and life course theories explaining why some individuals and not others become serious offenders to what extent can the past explain the present this deceptively simple question lies at the heart of historical criminology research which incorporates historical primary sources while addressing present day debates and practices in the criminal justice field the essay aims to explore the past present and future of critical criminology and explain why society requires such a critical voice first it introduces the origin and development of critical criminology robert agnew take readers on an excursion from past to present reviewing classic and contemporary theories of crime students are introduced to the foundations of criminology and to the competing theories that will shape thinking about crime in the years ahead criminological theory past to present essential readings is a comprehensive reader that exposes students to both classic and contemporary theories of crime editors francis t cullen robert agnew and pamela wilcox provide accessible yet detailed introductions preparing students for what they are about to read and placing each selection in criminological theory past to present essential readings is a comprehensive reader that exposes students to both classic and contemporary theories of crime editors francis t cullen robert agnew and pamela wilcox provide accessible yet detailed introductions preparing students for what they are about to read and placing each selection in the book contains 38 chapters presented in 10 parts each part representing a distinct theoretical approach to the explanation of crime the parts are preceded by general introductions that place the readings in their scholarly context 1 biological and psychological theories of crime 2 the chicago school the city social disorganization during the 1950s and 60s criminology continued to empirically apply and refine the earlier theories on the causes of crime with cohen s reaction formation 1955
