sport institutions and the dominant symbols and belief systems transmitted by the major sports media using these insights he analyzes a moment of gender construction in the lives of four and five year old children at a soccer opening ceremony the way men's violence is expressed through sport the interplay of financial interests and dominant men's investment in maintaining the status quo in the face of recent challenges and the cultural imagery at the core of sport particularly televised sports through these examinations messner lays bare the practices and ideas that buttress as well as those that seek to disrupt the masculine center of sport taking the field exposes the subtle and not so subtle ways in which men and women collectively construct gender through their interactions interactions contextualized in the institutions and symbols of sport
