War with Russia 2016

the rapid rise in russia s power over the course of the last ten years has been matched by the lack of diplomacy displayed by its president vladimir putin if we continue to ignore it we remain on a path for nuclear war and we do so at our own peril former deputy commander of nato general sir richard shirreff speaks out in this call to arms warning allied powers and the world at large that we risk nuclear conflict if we fail to confront russia s increasingly hostile actions soon in a detailed step by step explanation that displays his years of experience in tactical military strategy shirreff lays out the course of action russia will take predicting an invasion of the baltic states in the near future this critical and chilling look at our current geopolitical landscape from a top nato commander is both timely and necessary a must read for any concerned citizen

War with Russia 2016-09-27

the rapid rise in russia s power over the course of the last ten years has been matched by a stunning lack of international diplomacy on the part of its president vladimir putin one consequence of this when combined with europe s rapidly shifting geopolitics is that the west is on a possible path toward nuclear war former deputy commander of nato general sir richard shirreff speaks out about this very real peril in this call to arms a novel that is a barely disguised version of the truth in chilling prose it warns allied powers and the world at large that we risk catastrophic nuclear conflict if we fail to contain russia s increasingly hostile actions in a detailed plotline that draws upon shirreff s years of experience in tactical military strategy shirreff lays out the most probable course of action russia will take to expand its influence predicting that it will begin with an invasion of the baltic states and with gop presidential candidate donald trump recently declaring that he might not come to the aid of these nato member nations were he to become president the threat of an all consuming global conflict is clearer than ever this critical chilling fictional look at our current geopolitical landscape written by a top nato commander is both timely and necessary a must read for any fan of realistic military thrillers as well as all concerned citizens

The Human in Command 2012-12-06

this book brings together experienced military leaders and researchers in the human sciences to offer current operational experience and scientific thought on the issue of military command with the intention of raising awareness of the uniquely human aspects of military command it includes chapters on the personal experiences of senior commanders new concepts and treatises on command theory and empirical findings from experimental studies in the field

the recent transformations in the ussr are nowhere more evident than in the soviet military top level military officers have been relieved of their positions gorbachev has warned of lean times for the military the symbolic role of the armed forces has been downgraded and the concept of military sufficiency points to major modifications in soviet force structure contrary to some who see gorbachev as a sir galahad out to slay the evil military high command dale herspring concludes that the relationship between the highest soviet political and military leaders is at the moment more symbiotic than conflictual in this first in depth study of the evolution of civil military relations in the soviet union from 1967 to the present he shows how the views of senior military officers have varied over time currently even if the members of the high command do not like all gorbachev s changes they understand the need for them and are prepared to live with them as herspring looks at the personalities and politics of eight top military figures he reveals that the most important of them ogarkov was the first senior soviet military officer to understand the value of working with the political leadership ogarkov believed that the arms control and dtente processes if carefully managed could enhance the national security of the ussr in gorbachev the soviet military has found the type of individual that ogarkov was seeking originally published in 1990 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

The Soviet High Command, 1967-1989 2014-07-14

provides a detailed account of the u s army cadet command activities between 1996 and 2006 telling of the army s expectations of the rotc program and providing an analysis of success and challenges of recruitment within the 20th century and beyond

History of the U.S. Army Cadet Command 2008

includes 11 charts 1 map and 20 illustrations in combat situations prior to vietnam u s military forces had an existing command and control structure which could be tailored to accomplish the task at hand in europe during world war ii general dwight d eisenhower modified the command structures developed for the north african and mediterranean operations to form supreme headquarters allied expeditionary force shaef after his departure from bataan in 1942 general douglas macarthur had several months in which to design the command structure that ultimately contributed to the defeat of the japanese there the command and control arrangements which ultimately directed a u s military force of over 500 000 men evolved from a small military assistance mission established in 1950 the military assistance advisory group s philosophy of assistance rather than command significantly influenced the development of the organization this monograph describes the development of the u s military command and control structure in vietnam the focus of the study is primarily on the military assistance command vietnam macv and the u s army in vietnam usarv the relationships with the joint chiefs of staff jcs commander in chief pacific cincpac u s army pacific usarpac and other outside agencies are discussed only as their decisions policies and directives affected macv and operations within south vietnam the air war against north vietnam and naval operations of the u s seventh fleet were cincpac s responsibilities and are only mentioned in regard to their impact on macv and the forces under macv this study is not a conventional military or diplomatic history of the war in vietnam rather it is an analytical appraisal of the command and control structure

Vietnam Studies - Command and Control 1950-1969 ***[Illustrated Edition] 2014-08-15***

in september 1977 president carter requested that the secretary of defense initiate a searching organizational review of the national military command structure nmcs he requested an unconstrained examination of alternatives for making it more effective and efficient in carrying out the national security mission this report presents and evaluates alternatives responsive to the president s instructions what emerged from the discussions and studies was a consensus that by and large the system has been generally adequate to meet our national security needs in peacetime crisis and wartime we did find however a general perception of some fundamental shortcomings which may make it incapable of dealing adequately with our future needs the present national military command structure was created by the national security act of 1947 as amended it has evolved through a series of amendments up to 1958 from a decentralized national military establishment of separate military departments to today s department of defense dod headed by a secretary of defense with full authority and responsibility for its operation

Commanders Digest 1973-06-14

a new york times bestseller an epic history of the decline of american military leadership from the bestselling author of fiasco and churchill and orwell while history has been kind to the american generals of world war ii marshall eisenhower patton and bradley it has been less kind to the generals of the wars that followed such as koster franks sanchez and petraeus in the generals thomas e ricks sets out to explain why that is in chronicling the widening gulf between performance and accountability among the top brass of the u s military ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers in ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails

The National Military Command Structure 1978

a must for those who aspire to follow the profession of arms maj gen george s patton here is a unique book that emphasizes the attainment of military excellence through reading and field experience written to help men and women prepare for positions of command in the american armed forces it is a product of the author s years of discussions with military commanders about their roles as decision makers moral

standard bearers and energizers of military organizations in his commentary on the problems of the commander as tactician strategist warrior trainer mentor disciplinarian and moral leader the author analyzes and recommends both classical and current readings that are available for those who seek an expanded vision of their potential as commanders this book is designed to raise new challenges to conventional thinking about the art of military command

The Generals 2012-10-30

wall street journal bestseller usa today bestseller publishers weekly bestseller as seen on tucker carlson combat decorated marine officer stuart scheller speaks out against the debacle of the afghan pullout as the culmination of a decades long and still ongoing betrayal of military members by top leadership from generals to the commander in chief comes to light lieutenant colonel stuart scheller was the perfect marine battle tested a leader decorated for valor yet when the united states acted like the keystone cops in a panicked haphazard exit from afghanistan for political reasons scheller spoke out and the generals lashed out in fact they jailed him to keep him quiet claiming he lost the trust and confidence bestowed upon him by the marines when the faith and trust is exactly what our generals and even our commander in chief betrayed by exercising such reckless and derelict policies now scheller is free from the shackles of the marine corps and can speak his mind and in crisis of command that he does he holds our generals feet to the fire the same generals who play frivolously with the lives of our service men and women for political gain the same general who lied to political leaders to further their own agendas and careers stuart scheller is here to say that the buck stops here accountability starts now it s time to demand accountability and stand up for our military in this book stuart scheller shows us how

Challenge of Command 2001-10-01

military resilience in a low intensity conflict a comparative study of new directions worldwide by rachel suissa offers a prognosis for the dilemma of army resilience in the post modern era she clarifies the concept of military resilience among the challenges of the twenty first century examining how the military model affects resilience and how those effects are expressed during the management of a given conflict she investigates the issue through a comparative study of armies and states which have been involved or are currently involved in low intensity conflicts the countries discussed include france and algeria great britain and ireland russia and chechnya and israel and the palestinian authority another challenge that suissa addresses is that of peace coalitions and their organizational resilience she further discusses the connection between political and military ranks and under which conditions the former affects the latter military resilience in a low intensity conflict makes the issues associated with resilience and conflict accessible to both academics and those who might translate its findings into practicable insights

The Command of the Army 1879

gen helmuth von moltke the chief of the prussian general staff during the franco prussian war defined auftragstaktik as the actions a subordinate took in the absence of orders that supported the senior commander s intent the use of mission tactics allowed subordinate commanders like crown prince frederick karl gen konstantin von alvensleben and gen karl von steinmetz to interpret how best to achieve the commander s intent based upon their understanding of the tactical situation the prussian use of decentralized command during the franco prussian war acknowledged the risk inherent in this system of command despite what modern military theorists often write auftragstaktik and mission command are not synonymous terms most authors ignore the historical environment that the prussian military operated in during the franco prussian war this study examines the influence of the prussian concept of auftragstaktik on the modern us army notion of mission command as defined within the published doctrine it utilizes archival records and pertinent published histories from the august 1870 battles on the franco prussian frontier moltke s 1869 instructions for large unit commanders as well as writings from the 1980s to describe the influence of prussian system on the modern concept of mission command

Leadership and Command 1996

this classic guide emphasizes the underlying philosophy behind the many rules regulations and customs that govern the commander of a navy ship virtually every subject of relevance to command is covered in a down to earth informal style from assuming command to relations with subordinate officers and the crew to fleet operations and combat

Annual Command History 2001

this book examines the importance of military ethics in the formulation and conduct of contemporary military strategy clausewitz s original analysis of war relegated ethics to the side lines in favor of political realism interpreting the proper use of military power solely to further the political goals of the state whatever those may be this book demonstrates how such single minded focus no longer suffices to secure the interest of states for whom the nature of warfare has evolved to favor strategies that hold combatants themselves to the highest moral and professional standards in their conduct of hostilities waging war has thus been transformed in a manner that moves beyond clausewitz s original conception rendering political success wholly dependent upon the cultivation and exercise of discerning moral judgment by strategists and combatants in the field this book utilizes a number of perspectives and case studies to demonstrate how ethics now plays a central role in strategy in modern armed conflict this book will be of much interest to students of just war ethics military strategy and international relations

The Soviet High Command 1989

this book is a revision with greatly expanded inclusion criteria of the 1993 african american generals and flag officers biographies of over 120 blacks in the united states military it offers detailed career oriented summaries for men and women who often overcame societal obstacles to become ranking members of the armed forces persons from all branches are now included army navy air force and marine corps as well as the national guard and reserves

The Vietnam People's Army 2014-10-17

several contributions in this volume focus on the modern middle east with other articles examining justifications for war the return of war veterans white nationalists and the activities of the moral majority maria markantonatou addresses the blurring of distinctions between civilians and combatants udi lebel investigates how the idf is being changed by the increasing number of religious zionists recruited orlee hauser argues that the experiences of women in the idf vary depending on their positions and assignments bruce mcdonald compares the performance of the feder ram and augmented solow models in accounting for economic growth in iran neema noori examines the interrelationship of war the state and mobilization in iran molly clever examines the justifications for war employed by both state and non state actors christina knopf uses relational dialectics to examine us veteran transitions david bugg and dianne dentice analyze attitudes and perceptions of white nationalists finally aaron davis considers the rise of the illinois state chapter of the moral majority in the 1980s this volume in the political and military

sociology series also includes reviews of important new books in civil military relations political science and military sociology
