this book provides a detailed cross country study of the automotive industry in south east asia
abbott argues that contrary to prevailing opinion the diffusion of manufacturing in the asia
pacific has been characterized by hierarchical networks of production linked to japan for
technology the lancer name conjures up many different images for some it evokes memories
of the first generation cars introduced in 1973 which fought with the best on the safari rally
and came out the victors others will remember the second generation models especially the
turbocharged versions the original mitsubishi wolf in sheep s clothing and who could not be
aware of the evolution evo series launched in 1992 forged in the fierce heat of wrc competition
and honed by years of continuous development the lancer evolution is not only one of the
greatest rally cars of all time it is also a desirable high performance road car too written in
japan with the full cooperation of mitsubishi and key staff members this is the definitive
international story of all the world s lancers whether they carried mitsubishi dodge colt
plymouth valiant eagle proton or hyundai badges with special emphasis on the evolution
models the japanese presence in southeast asia is treated variously with either suspicion or
encouragement japan and malaysian development critically assesses different dimensions of
japan malaysia economic relations the work presents a balanced collection of essays
examining japanese involvement in malaysia the volume also discusses the impact and
consequences of malaysian prime minister mahathir s look east policy which advocated
greater emphasis on trading relations with japan

asian economies that had been considered not only healthy but miraculous suddenly fell off a
precipice as investors withdrew massively first from asian currencies and in rapid order from
equity markets across the region on october 27 1997 the turmoil in asian markets spooked
the largest single day decline in history a drop of 550 points it was predicted that
the asian crash could drive the us trade deficit from 191 billion to 300 billion by 1998 creating
