**A Message of Ancient Days** 1999 a pulitzer prize winning journalist and bestselling author describes how a team of scientists working from subtle clues scattered throughout the ancient literature as well as from the latest findings in geology uncovered scientific evidence to explain the oracle of delphi s powers

**A Message of Ancient Days** 2003 richard a horsley and neil asher silberman reveal how the message of jesus and paul was profoundly shaped by the history of their time and by the circumstances and social conditions of the congregations to whom they preached the authors draw on a wealth of newly uncovered historical information and archaeological discoveries among others the soggy timbers of a fisherman s boat submerged in the mud of the sea of galilee for more than two thousand years which suggest the kind of vessel that might have been used by the fishermen disciples the ruins of the ancient harbor city of caesarea where the name of the notorious roman governor pontius pilate has been identified on a fragmentary latin inscription and an ornate urn found in an ancient tomb just south of the old city of jerusalem inscribed with the name of joseph caiaphas the high priest who presided over jesus trial

**Message of Ancient Days** 1994 it is the quintessential nature of humans to communicate with each other good communications bad communications miscommunications or no communications at all have driven everything from world events to the most mundane of interactions at the broadest level communication entails many registers and modes verbal iconographic symbolic oral written and performed relationships and identities real and fictive arise from communication but how and why were they effected and how should they be understood the chapters in this volume address some of the registers and modes of communication in the ancient near east particular focuses are imperial and court communications between rulers and ruled communications intended for a given community and those between families and individuals topics cover a broad chronological period 3rd millennium bc to 1st millennium ad and geographic range egypt to israel and mesopotamia encapsulating the extraordinarily diverse plurality of human experience this volume is deliberately interdisciplinary and cross cultural and its broad scope provides wide insights and a holistic understanding of communication applicable today it is intended for both the scholar and readers with interests in ancient near eastern history and biblical studies communications especially communications theory and sociolinguistics

**A Message of Ancient Days** 1991 learn about a caterpillar that eats other insects

**A Message of Ancient Days [kit].: A message of ancient days** 1991 national bestseller two egypt experts posit a revolutionary theory the sphinx and other great egyptian monuments are older than common history books tell us and are arranged in such a way as to send us a message from the silent past guardian of the ancient mysteries the keeper of secrets for thousands of years the great sphinx of egypt has gazed toward the east its eyes focused on eternity reading a message in the stars that mankind has long forgotten and today as our civilization stands poised at the end of a great cycle it is a message that beckons insistently to be understood all the clues are in place geology and archeo astronomy have already indicated that the lion bodied sphinx may be vastly older than egyptologists currently believe dating not from 2500 b c but from 10 500 b c the beginning of the astrological age of leo and we now know that the three pyramids of giza standing on high ground half a mile to the west of the sphinx are in fact a precise map of the three stars of orion s belt formed in fifteen million tons of solid stone are these monuments trying to tell us something and if so what in the message of the sphinx robert bauval and graham hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures using sophisticated computer simulations of ancient skies they unravel the riddle of the sphinx and they present a startling new theory concerning the enigmatic pyramid texts and other archaic egyptian scriptures their discoveries lead the authors to this question does mankind have a rendezvous with destiny a rendezvous not in the future but in the distant past at a precise place and time the secrets can be kept no longer the message of the sphinx brings them to light

**A Message of Ancient Days** 1991 this book offers a comprehensive review and reassessment of the classical sources describing the cryptographic spartan device known as the scytale challenging the view promoted by modern historians of cryptography which look at the scytale as a simple and impractical stick diepenbroek argues for the scytale s deserved status as a vehicle for secret communication in the ancient world by way of comparison diepenbroek demonstrates that the cryptographic principles employed in the spartan scytale show an encryption and coding system that is no less complex than some 20th century transposition ciphers the result is that contrary to the accepted point of view scytale encryption is as complex and secure as other known ancient ciphers drawing on salient comparisons

with a selection of modern transposition ciphers and their historical predecessors the reader is provided with a detailed overview and analysis of the surviving classical sources that similarly reveal the potential of the scytale as an actual cryptographic and steganographic tool in ancient sparta in order to illustrate the relative sophistication of the spartan scytale as a practical device for secret communication this helps to establish the conceptual basis that the scytale would in theory have offered its ancient users a secure method for secret communication over long distances

**The Role of the Messenger and Message in the Ancient Near East** 1989 the academy has not been kind to malachi indeed some of the most influential and seminal studies on the book denigrate its style message and overall artistry this negative assessment proves extensive in the history of scholarship furthermore the studies demonstrating a more positive assessment of malachi do so without offering serious challenges to these long standing denigrations complicating the matter is the observation that critical study has proffered numerous suggestions for what malachi contains while failing to provide a viable model of what malachi actually is a message from the great king presents serious challenges to the guild s prior assessments and conclusions about the book through an interdisciplinary approach that synthesizes insights from literary theory thorough historical reconstruction and a close reading of the biblical text r michael fox makes a formidable case that a root messenger metaphor pervades the entire text of malachi viewed and read through this new lens malachi s artistry becomes more readily apparent and its theological message more intense and demanding a message from the great king provides serious reassessment of the academy s long standing denigrations of the book and a compelling answer to what malachi actually is accompanying these insights into malachi are new methodological procedures and exercises that merit further attention and reflection

**A Message of Ancient Days [kit].: A message of ancient days** 1991 the book that promises to rewrite ancient history color edition this book unveils an ancient secret that is so powerful that it reveals the secrets of ancient civilizations as far back as 10 000 bc the author unlocks ancient geoglyphs that were left by the ancient peoples for future generations over 200 color documentary photos

*The Oracle* 2006 this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

*The Message and the Kingdom* 1997 excerpt from christian inscriptions in ancient rome their message for to day about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**A Message of Ancient Days** 1991 more than 3 200 years ago a learned dwarf was pricked with the sleeping thorn and fell into a deep slumber in a secret cave somewhere on earth when he finally awoke towards the end of 2009 or in the early part of 2010 he started to carry out the task he was charged with by his king to

reveal the truth about a hidden chapter of our past that misunderstood period of our history when the so called gods held sway over the world he wrote an amazing book about this subject a book that throws a completely new light on world history and human existence message from a hidden past according to the author the gods were neither supernatural beings nor products of the human imagination let alone extraterrestrials he describes them as hominids of flesh and blood belonging to the further evolved species of homo supersapiens they were smarter taller and much more beautiful than humans they were the true founders of civilization the book explains their origins describes their culture and pictures the land in which they lived most revealing it relates how the gods became involved with humans and the disastrous consequences of that fateful interaction the dwarf recounts the story of a great world war that took place at the end of the bronze age and of an epic calamity that finally extinguished the era of the gods despite their physical destruction the lore and images of the gods lived on in poetry song and myth the book's last chapters deal with what remains of them today and discuss ancient prophecies that foretell their return at an uncertain date in the future

**Crucifixion in the Ancient World and the Folly of the Message of the Cross** 1982 preliminary material introduction preparation for the mission the messenger on the road the messenger's arrival presenting the message after the message is delivered conclusion bibliography indices

**An Ancient Disk's Secret Message** 2018 translation and discussion of egyptian religion as it relates to the book of abraham and papyri from the book of breathings held to be the source of that book

*The Message of the Sphinx* 2009-06-10 the pyramids of giza are one of the great wonders of the world but what if they were built not by the ancient egyptians nor even by the legendary atlanteans but by a still more ancient civilization from outside our solar system this book presents the theory that the egyptian pyramids are part of an ancient star map a message in stone from a vastly superior intelligence designed to guide us through the present steer us towards the future and finally summon us to the stars

**The Spartan Scytale and Developments in Ancient and Modern Cryptography** 2023-11-16 during his long teaching career at syracuse university and boston university h neil richardson touched the lives of many students and colleagues the nineteen essays included in this volume were written in his memory following his death in 1988

A Message from the Great King 2015-11-09 who am i really what is this life truly about these are the questions that are being asked more often each day because of the growing amount of unhappiness and dissatisfaction people are feeling in their lives in this book st francis himself helps to clarify and answer these fundamental questions through channeler cheri harris he chooses the most pressing issues we are facing today both personally and socially and examines and discusses each one he shows us how our conditioning upbringing and societal beliefs have influenced and distorted our thoughts and ideas this deteriorating way of thinking has created negative patterns destroyed our clarity on what is essential in our lives and has caused us to strive for things that hurt rather than help us st francis boldly and firmly asks us to deeply reflect upon and to question our motives and behavior pushing us to move beyond our limitations and fears from already having experienced a human body knowing the feeling of despair and now being able to see the bigger picture from the other side st francis wisdom transforms and leads us on the true path of peace love and integrity all people no matter what one's nationality or faith will connect to the heartfelt energy st francis transmits within the pages of this book and to the down to earth style of writing he uses to convey his messages in 1980 pope paul the 2nd named st francis the patron of ecology and if he were still

alive today st francis would be considered an environmentalist because this book contains so many messages on nature it will appeal to those concerned about the environment as well a message from st francis will have long term appeal since it can be used as an inspirational daily guide like the i ching or tarot cards simply close your eyes and open the book to a page that feels right you will be guided to what your soul wants you to learn on that particular day readers will also turn to a specific message in the book to find the answer to a current pending problem

**Ancient Signposts** 2011-05-27 ancient mayan message dresden codex facsimile this third edition features a full color reproduction of the dresden codex that has been carefully crafted by the author olga judith najarro ibarra to re create the original mayan manuscript an archaeological and historical treasure this facsimile should benefit in the research study and consultation of this mysterious mayan hieroglyphic writing ms judith najarro has dedicated many years to hand drawing and coloring the intricate blends of minute details that encompass the complex and fascinating mayan hieroglyphic writing in order to ensure precision accuracy of proportions levels and orientation to her excellent art work that contains 78 plates except four of them that are completely blurry this exciting new edition is based on a comparison between several pre wwii facsimiles of the dresden codex when the codex was in better conditions the original manuscript is still in fair shape but several plates have suffered damage from bombings fires floods mildew etc and now are blurry also the plates are no longer connected in quite the same way originally all of the plates were attached to each other forming a single strip of some 3 5 meters long when stretched out from their accordion folds the original sequence of the plates were pages 1 24 followed by 46 74 followed by 25 45 according to some historians the original manuscript was found in one of the largest mayan cities and was supposedly sent to europe around 1519 in 1744 it was acquired by the royal library of dresden germany to which it owes its name many researchers agree that the codex deals with astronomy mathematics astrological tables of the planets the moon conjunctions of solar bodies cosmogonic theories religion agriculture magic and mythology the mayas used tree bark for the preparation of their papyrus on which they drew and painted their colored hieroglyphs and pictures as the highest expression of their knowledge and pictographic art the dresden codex dresdensis codex is without a doubt the most important pre hispanic document that has been preserved throughout the centuries it is the oldest known book written in the americas of the hundreds of books that were used in meso america before the spanish conquest it is one of only 15 that have survived to the present day this third edition facsimile elaborated by judith najarro is a perfect replica of the dresden codex and should inspire scientists archaeologists astronomers mathematicians historians native peoples and the world at large to explore into the secrets of the past and the universe visit mayacodex wordpress com

**Christian Inscriptions in Ancient Rome** 2013-12 this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

**Christian Inscriptions in Ancient Rome: Their Message for To-Day** 2018-02-05 the essays included in this volume analyze important historical texts from various regions of the ancient near east the distinguished italian historian mario liverani suggests that these historiographical texts were of a true historical nature and that their literary forms achieved their intended results liverani focuses on two central themes in these texts myth and politics there is a close connection liverani

finds between the writing of history and the validation of political order and political action history defines the correct role and behavior of political leaders especially when they do not possess the validation provided by tradition historical texts he discovers are more often the tools for supporting change than for supporting stability liverani demonstrates that history writing in the ancient near east made frequent use of mythical patterns wisdom motifs and literary themes in order to fulfill its audience's cultural expectations the resulting nonhistorical literary forms can mislead interpretation but an analysis of these forms allows the texts sociopolitical and communicative frameworks to emerge

**Christian Inscriptions in Ancient Rome** 2015-07-09 many cultures around the world have records of ancient aliens who visited them gave them knowledge and left who are these aliens this book will identify these ancient aliens and describe a coming day when these aliens will return to the earth the day of the aliens return to the earth will be integrated into the idea of the rapture and the return of christ

*Message from a Hidden Past* 2012-12-28 know yourself nothing in excess give a pledge and ruin is near these are the words inscribed on a stele just outside the temple of apollo at delphi stunning in their simplicity these maxims have survived the test of time even today they cause the reader to pause and think about what such short poignant phrases mean for those who study hellenic polytheism either in historical or modern religious context the delphic maxims are of great import because they hold a key to understanding early greek thought delving into both the history and the current application of 34 of the maxims to the creation of personal ethics and morals allyson szabo provides us with a path to personal growth and understanding of the world around us

**The Messenger in the Ancient Semitic World** 2018-07-17 a book written from the twin keepers of the origin teachings of the delicate lodge a body of self knowledge and earth wisdom teachings that derive from ancient indigenous american cultures

*Indias Message to Herself Or a Discourse Certain Ancient Ideals of India* 2015-09-06 in this reader friendly guide markus bockmuehl offers a sympathetic account of the ancient apocryphal gospel writings showing their place within the reception history and formation of what was to become the canonical fourfold gospel bockmuehl begins by helping readers understand the early history behind these noncanonical gospels before going on to examine dozens of specific apocryphal texts he explores the complex oral and intertextual relationships between the noncanonical and canonical gospels maintaining that it is legitimate and instructive to read the apocryphal writings as an engagement with the person of jesus that both presupposes and supplements the canonical narrative outline appropriate for pastors and nonspecialists this work offers a fuller understanding of these writings and their significance for biblical interpretation in the church
