Educational Rankings Annual 2004-09

this is the first volume to consider the popular literary category of early readers books written and designed for children who are just beginning to read independently it argues that early readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children s literature the volume visits early readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways early readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects it also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures while this

collection focuses mostly on books written in english and often aimed at children living in the us it is important to acknowledge that these early readers are a major us cultural export influencing the reading habits and development of children across the globe

The Heyday Of The Football Annual 2015-09-24

The Early Reader in Children's Literature and Culture 2015-12-22

susan miller author of two foundational works on shame the shame experience tap 1985 1993pbk shame in context tap 1996 now turns to disgust an intriguing emotion that has received little attention in the professional literature for miller the psychological study of disgust revolves around boundary issues we tend to feel disgusted about things from bodily processes to decaying organic matter to ethnic attributes of foreign people that lie on the border between our sense of self and nonself or between our sense of good self and bad self miller s clinical and everyday examples of disgust lead her to explore the developmental grounding of the capacity to disgust and this topic opens to consideration of the relation of the various sensory modalities to disgust reactions why miller asks do we see disgusting images and smell disgusting smells but not hear disgusting sounds and further what makes sensory impressions or objects disgusting to certain people but not to others why do the images and smells of disease so frequently elicit disgust and what is the relation of disgust to sex procreation and human intimacy laced with developmental insights and vivid illustrations of disgust related syndromes disgust the gatekeeper emotion incorporates cultural analysis that links disgust to images of illness and health to family life to group identity and to artistic and scientific creativity for miller the central disgust dialectic the self s need to safeguard itself against noxious intrusions from without and simultaneously to nourish itself through contact with otherness obtains whether the discourse concerns nature nations or noses with her typically graceful and gracious prose miller puts disgust on the psychological map and thereby adds a chapter to our understanding of the role of emotion in therapy and in everyday life

The Maniacal Mischief of the Marauding Monsters (The Epic Tales of Captain Underpants TV) 2023-07-18

boys in children s literature and popular culture proposes new theoretical frameworks for understanding the contradictory ways masculinity is represented in popular texts consumed by boys in the united states the popular texts boys like are often ignored by educators and scholars or are simply dismissed as garbage that boys should be discouraged from enjoying however examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children s culture and form dominant versions of masculinity such popular texts as harry potter captain underpants and japanese manga and anime often perform rituals of subject formation in overtly grotesque ways that repulse adult readers and attract boys they often use depictions of the abject threats to bodily borders to blur the distinctions between what is outside the body and what is inside between what is i and what is not i because of their reliance on depictions of the abject those popular

texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct

School Library Journal 2003

ever feel at a loss when you are wondering how to inspire kids to develop a love of reading then this book is for you anyone interested in kids and their success will find this a great read the authors have compiled tales of achievement based on real life teaching and administrative experiences with boys who were reluctant readers each chapter contains an inspiring story meant to bolster your resolve and strengthen your skill set in working with male readers this book is guaranteed to make you laugh and make you cry each chapter also includes hints and suggestions for encouraging the developing reader chapters focus on real life scenarios that range from how to work with children who are growing up in poverty to the serendipities that meet anyone working with kids and even some thoughts on the current testing environment in education the final chapters include a culmination of suggested best practices and how to s
