help build confidence this title contains practical activities and tips so students can practise what they have learned bring a radiant dimension to your home garden and gifts with the unique versatile and quirky qualities of wire and metal 20 tempting projects range from pretty cards and glowing lanterns to fluttering butterfly wind chimes an irresistibly sweet mirror frame and a decadent beaded chandelier creative craft techniques such as embossing beading and decoupage combine with simple wirework and metalwork stylish detailed photography offers essential support and invaluable inspiration this book is intended to be used as the basis for a sequence of lessons and provides complete coverage of all food technology and related requirements of the national curriculum the industrial case studies help introduce pupils to manufacturing technology and concepts needed at gcse first published in 2015 by murdoch books and imprint of allen unwin in everyday bakes to showstopper cakes celebrity baker mich turner brings together a collection of recipes to take you all the way from the delicious everyday through to the spectacular starting out with simple cakes biscuits and cupcakes once you have mastered this first level mich provides you with a few extra steps to turn these into fabulous creations if you're looking for more of a challenge or to elevate a favourite these bakes are easily adapted to create a true showstopper cake covering a full range of bakery goods as well as perfect flavours whether you are a novice baker or already know your rum baba from your roulade you can be easily guided through these delicious bakes and simple but spectacular decoration techniques that make the most of wonderful flavours and perfect crumb learn to bake with britain's youngest baker and cookery writerrising star of the baking world amy beth ellice has been cooking and baking since the tender age of three now accompanied by beautiful photography 16 year old amy has lovingly put together a collection of delicious recipes for every key celebration in the year in her first cookery book this charming volume takes you on a mouthwatering journey through the seasons providing easy to follow recipes from cute cupcakes macarons cookies tarts and classic sponges to coconut ice fudge ice cream jams and gingerbread with afternoon tea classics picnic recipes and party pieces to entertain as well as ideas for seasonal gifts and bake sales amy's baking year is a celebration of time shared with family and friends whether you are new to baking or looking for more complex treats amy's collection of delights will inspire you to fire up your oven flour your work surface and get creative so wooden spoons at the ready it's time to go on a cake filled journey with britain's brightest and youngest baker gift cards are simple and inexpensive to make and use such a wide range of craft techniques that there is something for all levels of experience and taste over 20 step by step projects incorporate a myriad of papercrafts and materials used include organza beads flowers feathers and many others to produce stylish cards for every occasion tampa bay magazine is the area's lifestyle magazine for over 25 years it has been featuring the places people and pleasures of tampa bay florida that includes tampa clearwater and st petersburg you won't know tampa bay until you read tampa bay magazine a sweet tooth is a powerful thing babies everywhere seem to smile when tasting sweetness for the first time a trait inherited perhaps from our ancestors who foraged for sweet foods that were generally safer to eat than their bitter counterparts but the science of sweet is only the beginning of a fascinating story because it is not basic human need or simple biological impulse that prompts us to decorate elaborate wedding cakes scoop ice cream into a cone or drop sugar cubes into coffee these are matters of culture and aesthetics of history and society and we might ask many other questions why do sweets feature so prominently in children's literature when was sugar called a spice and how did chocolate evolve from an ancient drink to a modern candy bar the oxford companion to sugar and sweets explores these questions and more through the collective knowledge of 265 expert contributors from food historians to chemists restaurateurs to cookbook writers neuroscientists to pastry chefs the

companion takes readers around the globe and throughout time affording glimpses deep into the brain as well as stratospheric flights into the world of sugar crafted fantasies more than just a compendium of pastries candies ices preserves and confections this reference work reveals how the human proclivity for sweet has brought richness to our language our art and of course our gastronomy in nearly 600 entries beginning with à la mode and ending with the italian trifle known as zuppa inglese the companion traces sugar s journey from a rare luxury to a ubiquitous commodity in between readers will learn about numerous sweeteners as well known as agave nectar and as obscure as castoreum or beaver extract the evolution of the dessert course the production of chocolate and the neurological psychological and cultural responses to sweetness the companion also delves into the darker side of sugar from its ties to colonialism and slavery to its addictive qualities celebrating sugar while acknowledging its complex history the oxford companion to sugar and sweets is the definitive guide to one of humankind s greatest sources of pleasure like kids in a candy shop fans of sugar and aren t we all will enjoy perusing the wondrous variety to be found in this volume focussing on the epistemic the way in which knowledge is understood constructed transmitted and used this book shows the way social work knowledge has been constructed from within a white western paradigm and the need for a critique of whiteness within social work at this epistemic level social work emerging from the western enlightenment world has privileged white western knowledge in ways that have been until recently largely unexamined within its professional discourse this imposition of white western ways of knowing has led to a corresponding marginalisation of other forms of knowledge drawing on views from social workers from asia the pacific region africa australia and latin america this book also includes a glossary of over 40 commonly used social work terms which are listed with their epistemological assumptions identified opening up a debate about the received wisdom of much social work language as well as challenging the epistemological assumptions behind conventional social work practice this book will be of interest to all scholars and students of social work as well as practitioners seeking to develop genuinely decolonised forms of practice few creations are more associated with joy or more symbolic of the sweet life than cake after all it is so much more than dessert as a book about cake would demand this one is a multilayered amply frosted delicious concoction with a slice or more for everyone let me eat cake is not a book about baking cake but about eating it author leslie f miller embarks on a journey not a journey cake although it s in there into the moist white underbelly of the cake world she visits factories and local bakeries and wedding cake boutiques she interviews famous chefs like duff goldman of food network s ace of cakes and less famous ones like roland winbeckler who sculpts life size human figures out of hundreds of pounds of pound cake and buttercream frosting she takes decorating classes shares recipes and samples the best cakes and the worst the book is held together by the hero on a quest one that traces cake history and tradition if we were to bake a cake to celebrate the birth of cake cake is an old norse word first used around 1230 it is hard to say how many candles would go on top though the meaning of the word originally lump of something not to mention our expectations of its ingredients has changed over time we now celebrate cake as the coming together of flour sugar butter eggs vanilla baking powder and a pinch of salt and what a celebration baking a cake is hard work but tasting it is pure pleasure so put on some elastic waist pants and grab a fork seasonal baking recipes for special occasions from the world s prettiest bakery with its fairytale pink façade and picture perfect cupcakes the peggy porschen parlour has become a destination bakery for sweet toothed londoners and tourists from all around the world over half a million people follow peggy s creations and seasonal floral displays on instagram and her customers flock to her london parlours often dressed in peggy pink for an exquisite sweet treat this book pays tribute to the magic peggy weaves with her bakes through every season going through the year and punctuated by special occasions like valentine s day easter halloween and christmas the recipes cover cakes iced cookies and cupcakes and reflect the changing seasons the more technical bakes are illustrated with clear step by step photography peggy also shares some of her unique style secrets covering spring summer autumn and winter so that fans can recreate this stunning lifestyle at home this innovative how to guide and reference book on the jewish holidays provides a well rounded foundation for both knowledge and action unlike many books of its kind celebrate the complete jewish holidays handbook is nondenominational and comprehensive in approach the author includes the historical development religious importance and personal significance of each jewish holy day in a way that is useful to both beginners and those well versed in jewish practice the richness and depth of jewish tradition

with a full range of information on why and how to celebrate is presented in a lively warm and user friendly manner the first resource of its kind this authoritative handbook holistically addresses the multidimensional aspects of perinatal and neonatal palliative care written by an interprofessional team of renowned specialists it is both a text and an evidencebased reference for all members of the palliative care team this book helps individual team members forge interdisciplinary approaches to care assess current programs improve the quality of care and tailor new models of care encompassing the perspectives of numerous multidisciplinary healthcare providers the book underscores the unique aspects of perinatal and neonatal palliative care with a focus on improving quality of life as well as comfort at the end of life it describes healthcare for neonates and pregnant mothers care and support of the family planning and decision making and effective support for grief and bereavement addressing all palliative and neonatal care settings other chapters focus on the prenatal period after diagnosis of the expected baby s life threatening condition these include such topics as care of the mother delivering devastating news and advance care planning each chapter contains photos figures and or tables and case studies with clinical implications and critical thinking questions also included is an extensive listing of relevant palliative care organizations paintings and poetry provide an artistic backdrop to the authors inspiring words key features addresses a growing need for specific provider resources in neonatal palliative care covers the clinical and emotional aspects of palliative care for babies and their families abundant resources for effective and compassionate family centered care case studies with critical thinking questions accompanying video clips of healthcare and family interactions supplemental image bank included

few creations are more associated with joy or more symbolic of the sweet life than cake after all it is so much more than dessert as a book about cake would demand this one is a multilayered amply frosted delicious concoction with a slice or more for everyone let me eat cake is not a book about baking cake but about eating it author leslie f miller embarks on a journey not a journey cake although it s in there into the moist white underbelly of the cake world she visits factories and local bakeries and wedding cake boutiques she interviews famous chefs like duff goldman of food network s ace of cakes and less famous ones like roland winbeckler who sculpts life size human figures out of hundreds of pounds of pound cake and buttercream frosting she takes decorating classes shares recipes and samples the best cakes and the worst the book is held together by the hero on a quest one that traces cake history and tradition if we were to bake a cake to celebrate the birth of cake cake is an old norse word first used around 1230 it is hard to say how many candles would go on top though the meaning of the word originally lump of something not to mention our expectations of its ingredients has changed over time we now celebrate cake as the coming together of flour sugar butter eggs vanilla baking powder and a pinch of salt and what a celebration baking a cake is hard work but tasting it is pure pleasure so put on some elastic waist pants and grab a fork
