behalf of the new nation in the five years after the civil war robert e lee a reference guide to his life and works is an historical reference of lee and his achievements while i wish to do what is right i am unwilling to do what is wrong either at the bidding of the south or the north one of their plans seems to be the renewal of the slave trade that i am opposed to on every ground i can anticipate no greater calamity for the country than a dissolution of the union from his early career through his time as president of washington college here is robert e lee in his own words compiled by reverend j william jones who served with lee in the civil war and as chaplain of washington college the letters are combined with a narrative that places them in time and context one of the striking characteristics of lee is his great warmth and affection for his children this courtly and aristocratic man was openly loving in his letters to them included are letters written from participation in the capture of john brown the mexican war gettysburg his speculations on grant s moves directions to other generals as the war is being lost the surrender and his life after the war this monumental contribution to the literature of the civil war brings together lee s official correspondence letters orders dispatches battle reports with his touching letters to his family thus providing a previously unavailable view of lee s life during the war from the more than 6 000 items the editors have chosen to reprint many letters in full for the first time so that lee is seen complete self revealed in all his dignity and purpose short narratives connect each section on the mobilization of virginia chancellorsville and gettysburg and the siege of petersburg and appomattox sponsored by the virginia civil war commission to commemorate the civil war centennial this expert work of scholarship dramatizes lee s life as only his own correspondence could as lee himself said letters are good representatives of our minds they certainly present a good criterion for judging of the character of the individual excerpt from memoirs of robert e lee his military and personal history to overcome the inactivity to which loss of sight has for some years subjected me i have sought occupation in recording the recollection of familiar events having obtained a slate prepared for the use of the blind i soon learned to write with a moderate degree of legibility in order to excite a pleasing interest in my work i undertook something that might prove of future benefit having served on general lee s personal staff during the most important period of his military career i began an eye witness narrative of his campaigns in the war between the states in the execution of my work i received valuable assistance from my wife and daughter my two sons and miss lucy shackelford now mrs charles walker all of whom lovingly and faithfully served me as copyists and readers i am also indebted to colonel c s venable of general lee s staff major green peyton of rodes s staff and major s v southall of my own staff for indispensable aid in reviewing my manuscript informing me of facts that had not come to my knowledge or reminding me of such as had escaped my recollection my work is now completed and i offer it to the public hoping it may prove of value as a record of events which passed under my own observation and many of which have been described directly from my notes made at the time of their occurrence it is not intended to be a history of the war in detail but a statement of my personal knowledge of general lee s life actions and character and of the part played by him in the great events of which he was the ruling spirit about the publisher forgotten books works the military genius of general robert e lee is conceded by all but this does not account for the fact that his very enemies love the man his private character is the origin of this sentiment the soldier was great but the man himself was greater those who knew him best loved him the most the crowning grace of this man who was thus not only great but good was the humility and trust in god which lay at the foundation of his character he had lived as he died with this supreme trust in an overruling and merciful providence his faith and humble trust sustained him both through and after the war the writer of this biography attempts to present an accurate likeness of lee and to narrate clearly the incidents of his career the aim of the author is to measure out full justice to all not to arouse old enmities which should be allowed to slumber but to treat his subject with the judicial moderation of the student of history this is a new release of the original 1870 edition beloved by his soldiers and respected by his enemies robert e lee is undoubtedly the most popular general in american history to fight on the losing side this book takes an in depth look at this southern gentleman as a strategist and a tactician covering all of his most important victories and defeats although courted by lincoln robert e lee could not fight against his native virginia and joined the confederacy after assuming command of the army of northern virginia lee ran off a string of shocking victories that left the north reeling however on two separate occasions lee led invasions into the north and both ended in defeat first at antietam and then at gettysburg encompassing the huge body of research surrounding general lee and presenting it with numerous photographs and newly commissioned artwork this book provides a complete understanding of lee as a battlefield commander excerpt from robert e lee but this distinguished friend of george washington after several years of illness had died six
