he almost desperately wished to publish his early stories in the new yorker magazine the pinnacle he felt
of america's literary world but such was not to be for several long years and the length of one long world
war the new yorker whose tastes in literary matters were and remain notoriously prim and fickle was not
quite ready for this brash and overconfident newcomer with the cynical worldview and his habit of
slangy dialogue but other magazines were quick to recognize a new talent a fresh voice at a time when the
world verged on madness story magazine an esteemed and influential small circulation journal devoted
exclusively to the art of the short story and still active and respected today was the first publication to
publish the name j d salinger and the story the young folks in 1940 an impressive view of new york's
cocktail society and two young people talking past one another their conversation almost completely

j d salinger wrote one of the most famous books ever written the catcher in the rye salinger wrote many
stories and in 1941 after several rejections salinger finally cracked the new yorker with a story slight

rebellion off madison that was an early sketch of what became a scene in the catcher in the rye the magazine then had second thoughts in part because of world war ii in which salinger was in combat and held the story for five years before finally publishing it in 1946 buried in the back of an issue everyone was surprised when the story and the book that followed it became a bit hit even today nobody can really explain why catcher in the rye is so famous and so popular yet millions have been sold and are still being sold even though only available as used books nowadays when the catcher in the rye was published in 1951 it was registered for copyright as additional material this obviously referred to the earlier work slight rebellion off madison the copyright page on the catcher in the rye states copyright 1945 1946 1951 by j d salinger the date of 1945 obviously refers to the publication of i m crazy a short story written by salinger and published in the december 22 1945 issue of collier s magazine that first introduced the character holden caulfield to the reading public salinger later reworked this short story to incorporate it into the catcher in the rye the two earlier stories are i m crazy an early version of holden s departure from prep school that later shows up in the catcher in the rye with minor alteration much of this story is familiar to readers as the chapter where holden visits mr spencer what sets this story apart is the presence of an additional caulfield sister and the clarity of holden s resignation and compromise at the end slight rebellion off madison is an early version of another scene in the catcher in the rye the story follows holden when he is home from pency and goes to the movies then skating with sally hayes followed by his drunken calls to her apartment late at night an early story it is the first of salinger s caulfield works to be accepted for publication
