the oxford dictionary of english offers authoritative and in depth coverage of over 350 000 words phrases and meanings the foremost single volume authority on the english language

The New Oxford Dictionary of English.

2001

the new oxford dictionary of english is a landmark in dictionary making the dictionary focuses on english as it is really used today informed by currently available evidence and the latest research the dictionary is unique in that it places the most frequently used meanings of each word first followed by secondary and technical senses slang idioms and historical and obsolete senses there are over 500 boxed usage notes giving guidance on all aspects of the language and backed up by extensive analysis of the evidence featuring 350 000 words phrases and definitions this dictionary offers the most comprehensive coverage of english as it is actually used in the twenty first century

Oxford Advanced Learner's Dictionary of Current English

2005

excerpt from the concise oxford dictionary of current english again of the many thousands of old or new scientific and technical terms that have a limited currency some are carried by accident into the main stream of the language and become known temporarily or permanently vaguely or precisely to all ordinarily well informed members of the modern newspaper reading public for the purposes of a dictionary that is not to be bulky and yet is to give a fuller treatment than is usual in dictionaries of its size to the undoubtedly current words forming the staple of the language selection among these intruders is a difficult but very necessary task the most that can be hoped for is that every one conversant with any special vocabulary may consider us though sadly deficient on his subject fairly copious on others the meaning of many learned words that have been omitted as having no pretence to general currency may easily be gathered by reference first to the stem which is often the subject of an article or to

another word of which the stem is clearly the same and secondly to the suffix in another class of words and senses the test of currency has led us to diverge in the opposite direction from the practice usual in dictionaries of this size if we give fewer scientific and technical terms we admit colloquial facetious slang and vulgar expressions with freedom merely attaching a cautionary label when a well established usage of this kind is omitted it is not because we consider it beneath the dignity of lexicography to record it but because not being recorded in the dictionaries from which our word list is necessarily compiled it has escaped our notice we have not however consulted slang dictionaries nor made any attempt at completeness in this respect about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Concise Oxford Dictionary of Current English

1929

did you know that flavour of the month originated in a marketing campaign in american ice cream parlours in the 1940s when a particular flavour would be specially promoted for a month at a time and did you know that off the cuff refers to the rather messy practice of writing impromptu notes on one's shirt cuff before speaking in public these and many more idioms are explained and put into context in this second edition of the oxford dictionary of idioms this vastly entertaining dictionary takes a fresh look at the idiomatic phrases and sayings that make english such a rich and intriguing language a major new edition it contains entries for over 5000 idioms including 350 new entries and over 500 new quotations the text has been updated to include many new idioms using the findings of the oxford english reading programme the biggest language research programme in the world the entries are supported by a wealth of illustrative quotations from a wide range of sources and periods for example rowling has not been asleep at the wheel in the three

years since the last potter novel and i am pleased to report that she has not confused sheer length with inspiration guardian 2003 i made the speech of a lifetime i had them tearing up the seats and rolling in the aisles p g woodhouse 1940 many entries include boxed features which give more detailed background on the idiom in question for example did you know that taken aback was adopted from nautical terminology and described a ship unable to move forward because of a strong headwind pressing its sails back against the mast the text has been entirely redesigned so that it is both elegant and easy to use anyone interested in the quirky side of the english language will have hours of fun browsing through this fascinating and informative volume
