concerns about the trend of increased inequality in rich welfare states while influential thinkers and think tanks have come to agree on at least one central point globalization and technological progress have exacerbated the existing inequities in social market economies across europe despite high social spending and work related welfare reforms poverty remains a largely intractable problem for policymakers and the persistent reality for citizens in decent incomes for all the authors shed new light on recent poverty trends in the european union and the corresponding responses by european welfare states they analyze the effect of social and fiscal policies before during and after the recent economic crisis and study the impact of alternative policy packages on poverty and inequality the book also explores how social investment and local initiatives of social innovation can contribute to tackling poverty while recognizing that there are indeed structural constraints on the increase of the social floor and difficult trade offs involved in reconciling work and poverty reduction differences across countries are however stark which suggests that there are lessons to be learned and policy changes to be applied if the political will exists

Independent Directors in Asia 2022-04-12 this book is a short introduction to one of the most remarkable transformations in the modern world that many people still do not know about in 1900 more than 80 percent of the

world's Christians lived in Europe and North America and nearly all of the world's missionaries were sent out from the West to the rest in a dramatic turn of events. Christianity experienced a decidedly southern shift during the twentieth century. Today nearly 70 percent of the world's 2.5 billion Christians live in Africa, Asia, and Latin America, while nearly half of all missionaries are being sent out into all the world from places like Brazil, Ethiopia, and South Korea. This book is intended to change the way readers think about the church and challenge the way Western Christians engage in contemporary missions.
