## **Investigating Explanation-Based Learning 2012-12-06**

the ancient chinese scholars are fond of applying the yin and yang diagram to correlate almost everything this book continues that tradition and uses the model to study other non dialectical theories and models the major finding qua contribution in this publication is to point out that the four diagrams are equivalent to the bagua or baguatu by a set of eight ancient china symbolic notations gossip another finding is that dialectical crab and frog motion remark is just the opposite of a non dialectical crab and frog motion usually deductive linear or cause and effect remark or at best they must meet half way the two major tasks of this book are to first apply the author s one dot theory which is shored up by the crab and frog motion model to convert other theories and models as well as studies and second apply his theory and model to reinvent some well known western derived theories and models and studies such as game theory the attempt is to narrow down the gap between the east and the west scholarship xueshu broadly defined making the book of interest to eastern and western philosophers and scholars alike

## **Astronomy Explained Upon Isaac Newton's Principles and Made Easy to Those who Have Not Studied Mathematics. 2. Ed 1757**

introduces basic concept of economics and examines 1990s trends in the american economy including inequality in incomes globalized capitalism and the specter of inflation

## ***The Prophecies Explained. (etc.) 1858***

bringing sophisticated philosophy to bear on real life historiography values objectivity and explanation in historiography rekindles and invigorates the debate on two perennials in the theory and methodology of history one is the tension between historians values and the ideal or illusion of objective historiography the other is historical explanation the point of departure for the treatment of values and objectivity is an exceptionally heated debate on cold war historiography in denmark involving not only historians but also the political parties the national newspapers and the courts the in depth analysis that follows concludes that historians can produce accounts that deserve the label objective even though their descriptions are tinged by ineluctable epistemic instability a separate chapter dissects the postmodern notion of situated truths the second part of the book proffers a new take on historical explanation it is based on the notion of the ideal explanatory text which allows for not only causal including intentional but also nomological structural and functional explanations the approach which can accommodate narrative explanations driven by causal plots is ecumenical but not all encompassing emergent social properties and supernatural entities are excluded from the ideal explanatory text making scientific historiography methodologically individualistic albeit with
