for four consecutive years al zaytouna centre for studies and consultations has been keen on producing the annual palestinian strategic report this report that is prepared by a select of distinguished experts is considered among the finest references in the field of palestinian studies because of its highly academic content that includes the most recent statistical data and is supported with charts and figures this report is the product of a massive team work exerted by a group of affiliated researchers and specialists editors and consultants it is published both in arabic and english the first report covered the year 2005 as later reports were released annually the report was well received and highly acclaimed especially within academics today it can be surely asserted that this report is a must reference for every researcher or academic interests in the contemporary developments of the palestinian issue and the arab israeli conflict moreover its english version is among the few highly academic and objective writings in this field by an arab research centre

The Palestinian Strategic Report **2008 2010-08-14**

the book talks about the ancient and current history and politics of gaza it focuses on the conflict with

israel until the last israeli military attack on gaza on july 2014 gaza is part of palestine and the home of about two million people it has the highest growth rate in the world and is overcrowded the israeli army has occupied gaza on 1967 the israeli army pulled out unilaterally its troops from inside gaza on 2005 however israel has continued to be the occupying power of gaza because it controls the air space territorial waters and the movement of people or goods in or out of gaza by air or sea

global journalism practice and new media performance provides an overview of new and traditional media in their political economic and cultural contexts while exploring the role of journalism practice and media education the authors examine media systems in 16 countries including china russia and the united states

Global Journalism Practice and New Media Performance 2014-10-21

reprint of work originally published in 1997 new introduction by the author

Palestinian Identity 2010

countdown to statehood based on arabic english and hebrew language sources analyzes the form that the palestinian state is likely to take the book looks at past institution building patterns in the west bank and gaza the relationship between the plo and the local palestinians and the nature of the conflict with israel from 1967 through the first year of the palestinian authority under arafat s leadership a major reference point in this analysis is the zionist experience of state building in israel s own pre independence era not only did the zionist experience serve as a model of a successful protagonist that palestinians wished to emulate but both also began as diaspora based these similarities and even more so the dissimilarities between these two struggles for national determination allow the reader to assess the potential likenesses and disparities of the future palestinian state compared to its israeli counterpart the concluding chapter analyzes the findings in the broader context of third world state building by arguing contrary to the common wisdom that war makes the state that more peaceful routes to statehood lead to better states in the post independence era

Countdown to Statehood

2012-02-01

hundreds of israeli soldiers called up to take part in controversial campaigns like the 1982 invasion of lebanon or policing duties in the palestinian territories today have refused orders many of these refuseniks have faced prison sentences rather than take part in what they regard as an unjust occupation in defence of illegal jewish settlements in this inspirational book peretz kidron himself a refusenik gives us the stories experiences viewpoints even poetry of these courageous conscripts who believe in their country but not in its actions beyond its borders we read about the cautious even embarrassed response of the authorities and we see the wider implications of the philosophy of selective refusal which is not the same thing as pacifism for conscientious citizens in every country where conscription still exists here is a real model for the peace movement in israel and worldwide

Refusenik! 2013-07-18

this volume contains papers selected for presentation at the 6th iapr workshop on document analysis systems das 2004 held during september 8 10 2004 at the university of florence italy several papers represent the state of the art in a broad range of traditional topics such as layout analysis applications to graphics recognition and handwritten documents other contributions address the description of complete

working systems which is one of the strengths of this workshop some papers extend the application domains to other media like the processing of internet documents the peculiarity of this 6th workshop was the large number of papers related to digital libraries and to the processing of historical documents a taste which frequently requires the analysis of color documents a total of 17 papers are associated with these topics whereas two years ago in das 2002 only a couple of papers dealt with these problems in our view there are three main reasons for this new wave in the das community from the scientific point of view several research fields reached a thorough knowledge of techniques and problems that can be effectively solved and this expertise can now be applied to new domains another incentive has been provided by several research projects funded by the ec and the nsf on topics related to digital libraries

Hezbollah 2018-01-23

the palestinian strategic report 2009 2010 is the fifth in a series of comprehensive annual studies of the

palestinian issue published by the al zaytouna center for studies and consultations and now distributed by pluto press the book covers the internal politics of palestine israeli politics and policy and israeli palestinian relations also covered are the arab muslim and international stances toward the palestinian issue along with economic and demographic indicators the report has a special focus on jerusalem and the holy sites the 14 distinguished contributors not only survey the situation but also analyze events in the region identifying trends and predicting likely future developments the palestinian strategic report 2009 2010 is an essential reference book for scholars ngos and activists working on or in the middle east

The Palestinian Strategic Report 2009/10 2011-05-24

the palestinian strategic report is a highly academic annual report that assesses the palestinian situation it rigorously studies the developments of various aspects of the palestinian issue i e internal political affairs economic development demographic indicators the arab islamic and international stands and the israeli attitudes and policies all within an academic well documented context that is supported with the most recent statistical data this report is the product of a massive team work exerted by a group of affiliated researchers and specialists editors and consultants it is published both in arabic and english

the first report covered the year 2005 as later reports were released annually the report was well received and highly acclaimed especially within academics today it can be surely asserted that this report is a must reference for every researcher or academic interests in the contemporary developments of the palestinian issue and the arab israeli conflict moreover its english version is among the few highly academic and objective writings in this field by an arab research centre

The Palestinian Strategic Report 2006 *2010-05-18*

osama bin laden has haunted the popular psyche and stymied the world s mightiest military for the last five years despite president bush s declaration that he wanted bin laden dead or alive despite being one of the world s most notorious men and despite the barrage of coverage surrounding him osama bin laden remains at large and shrouded in a fog of anecdote and myth rumor and fact peter bergen author of the bestselling book holy war inc offers an astounding unparalleled portrait of bin laden comprised of bergen s own interviews with more than fifty people who have known bin laden personally from his brother in law to his high school english teacher to former members of al qaeda the resulting collage of voices and memories affords an unprecedented glimpse into the life and the true nature of the man directly responsible for the

largest terror attack in history no journalist knows more about osama bin laden than peter bergen in 1997 well before bin laden became a household name bergen met with him and has since followed his activities closely after an insightful introduction in which bergen recounts how at their meeting bin laden presented himself as a soft spoken cleric rather than as the firebreathing leader of a global terrorist organization bergen stands aside to make way for the voices of dozens of people with firsthand sometimes intimate experience with the al qaeda leader current conventional wisdom seems to be that bin laden and his organization have faded in importance but bergen argues urgently that that perspective is far from accurate indeed each day that bin laden remains free adds to al qaeda s public relations triumph for his legend only grows among his supporters more concretely he continues to provide broad strategic guidance for jihadists his many statements released on video or audio tape since 9 11 for instance have exerted direct influence on terrorists actions in 2003 the world suffered more significant terror attacks than had occurred in a single year during the previous two decades and in 2004 the number of attacks doubled over 2003 in 2004 abu musab al zarqawi iraq s most ferocious insurgent leader pledged his allegiance to bin laden a sign of the continued importance of al qaeda s leader how did osama bin laden transform himself from a shy polite middle of his class schoolboy to commander of the world s most formidable terrorist organization where was bin laden

on 9 11 and what was his reaction to it how did he escape from tora bora is al Qaeda a top down organization or a loose ideological alliance what is it about this man that draws hundreds of thousands of followers and makes men willing to fly airplanes into buildings at his command this definitive and engaging portrait gives the American public its first true enduring insight into a man who has declared us his greatest enemy

The Osama Bin Laden I Know **2006**

the middle east is an area of great importance globally yet misperceptions abound events have made it a region of special interest to the west and so the search for understanding gains momentum this publication is intended to clarify the region's complex history and issues in developing this project the contributors set out to explore seven significant themes that are usually not found in other sources while many books focus on political history and conflicts this two volume work deals specifically with culture religion women economics governance and media as well as the role that the region's modern history has played in shaping its society and worldview

The Middle East 2015-03-17

Entry-points to Palestinian Security Sector Reform 2007

they make a difference men say no contains a selection of nine interviews conducted by journalist hada sarhan during the tumultuous years following the 2003 occupation of iraq each of the nine men she interviews rejects in part or in whole the western orthodoxy regarding the palestinian conflict and the war in iraq their thoughts and words demonstrate that no is not an expression of resignation but rather an act of resistance to injustice the interview subjects come from all over of the world and include journalists novelists and politicians although their backgrounds are quite different the nine men are connected by a common thread each is either a decision maker or contributes through media or cultural clout to setting the agenda for those in charge of policy choices by saying no to violence war and genocidethey are saying yes to peace and humanity instead of fanning the flames of division and hatred these men are committed to fostering a dialogue between east and west based on mutual respect and understanding

They Make a Difference

2011-05-06

almost twenty years after the oslo accords and the formation of the palestinian national authority pa there is a need to examine this experience in all its aspects especially since it has not achieved its main goal the transition from an autonomous authority to an independent state with full sovereignty over the 1967 occupied palestinian territories west bank and gaza strip this book is a comprehensive study of the pa and its experience the 15 chapters analyze the aspects of the pa establishment and its legislative judicial and presidential institutions as well as the performance of successive governments the book deals with the internal palestinian situation the security forces the pa position towards the resistance forces and economic demographic educational and health conditions in the west bank and gaza strip it also tackles the corruption in the pa the relationship between the pa and the media as well as its foreign policy this book is a systematic scientific study that forensically documents the pa experience it has undergone the usual procedures of scientific editing including the reviewing of texts and references

The Palestinian National

Authority: Studies of the Experience and Performance 1994-2013 2019-06-23

diplomats politicians and activists alike have long laboured under the assumption that a two state solution is the only path to peace between the israelis and the palestinians but as this conflict continues unabated and violence and instability deepen it seems that the ideal of two states coexisting alongside each other and the ever elusive goal of peace slip further from reach the failure of the two state solution examines the impasse in the israel palestine conflict exploring the reasons behind the breakdown of attempts to establish a meaningful palestinian state this book therefore points to another until recently unthinkable option a single bi national state in israel palestine with all inhabitants sharing in equal rights and citizenship regardless of ethnicity or faith hani a faris has drawn together a wide ranging and in depth analysis of the historical and current situation in israel palestine by analysing the history of the conflict in israel palestine and its numerous peace initiatives this book demonstrates how the current deadlock has been reached with a nascent palestinian state hampered by israeli security policy and internal political divisions and the continuing expansion of the israeli settlements in the west bank it is argued here that the viability of the two state solution seems to have run its course and so highlights the one state

solution as an option and debates and develops the organisational steps and strategies on a local and international level that would enable the construction of a bi national state with scholars from the us europe the arab world and israel analysing the possibility of a one state solution and the shortcomings of the two state track this is an important and ground breaking book for students of politics international relations peace studies and middle east studies and all interested in the resolution of this seemingly intractable conflict

Assessment of media development in Palestine *2014-11-24*

this handbook provides the first comprehensive reference book in english about the development of mass and social media in all arab countries capturing the historical as well as current developments in the media scene this collection maps the role of media in social and political movements contributors include specialists in the field from north america europe and the middle east each chapter provides an overview of the history regulatory frameworks and laws governing the press and socio political functions of the media while the geopolitical complexities of the region have been reflected in the expert analyses collectively the focus is always the local context of each member state all 38 chapters consider the specific historical political

and media trajectories in each country to provide a contextual background and foundation for further study about single states or comparative analysis in two or more arab states capturing significant technological developments and the widespread use of social media this all inclusive volume on arab media is a key resource for students and scholars interested in journalism media and middle east studies

The Failure of the Two-State Solution 2013-09-16

how long o lord the prophet s ancient cry for justice sounds as plaintively and passionately today as it ever has in this penetrating and provocative collection of essays maurine and robert tobin have brought together a group of peacemakers christian jewish and muslim whose religious convictions compel them towards a common aim a just peace for israel palestine anyone looking for easy answers to one of the most complicated political and religious struggles on the globe will not find them here instead the voices of these women and men challenge and confront many commonly held assumptions they disturb and unsettle comforting illusions of order and security and they unmask and name powers and principalities for what they are perpetrators of injustice and evil those who pray with their bibles in one hand and the newspaper in the other will find this book an invaluable aid in active prayer and engagement

Country Reports on Human Rights Practices 1999

original and illuminating what a good book this is jonathan dimbleby a love letter to the people of the old city jerusalem post in jerusalem what you see and what is true are two different things maps divide the walled old city into four quarters yet that division doesn't reflect the reality of mixed and diverse neighbourhoods beyond the crush and frenzy of its major religious sites much of the old city remains little known to visitors its people overlooked and their stories untold nine quarters of jerusalem lets the communities of the old city speak for themselves ranging through ancient past and political present it evokes the city's depth and cultural diversity matthew teller's highly original biography features the old city's palestinian and jewish communities but also spotlights its indian and african populations its greek and armenian and syriac cultures its downtrodden gypsy families and its sufi mystics it discusses the sources of jerusalem's holiness and the ideas often startlingly secular that have shaped lives within its walls nine quarters of jerusalem is an evocation of place through story led by the voices of jerusalemites

Near East/North Africa Report

1982

between 1985 and 2008 female suicide bombers committed more than 230 attacks about a quarter of all such acts women have become the ideal stealth weapon for terrorist groups they are less likely to be suspected or searched and as a result have been used to strike at the heart of coalition troops in Iraq and Afghanistan this alarming tactic has been highly effective garnering extra media attention and helping to recruit more numbers to the terrorists cause yet as Mia Bloom explains in *Bombshell Women and Terrorism* female involvement in terrorism is not confined to suicide bombing and not limited to the Middle East from Northern Ireland to Sri Lanka women have been engaged in all manner of terrorist activities from generating propaganda to blowing up targets what drives women to participate in terrorist activities Bloom a scholar of both international studies and women's studies blends scrupulous research with psychological insight to unearth affecting stories from women who were formerly terrorists she moves beyond gender stereotypes to examine the conditions that really influence female violence arguing that while women terrorists can be just as bloodthirsty as their male counterparts their motivations tend to be more intricate and multilayered through compelling case studies she demonstrates that though some of these women volunteer as martyrs many more have been coerced by physical threats or other means of social control as evidenced by the March 2011 release

of al Qaeda's magazine al-Shamikhia dubbed the jihadi cosmo it is clear that women are the future of even the most conservative terrorist organizations
bombshell is a groundbreaking book that reveals the inner workings of a shocking unfamiliar world

Routledge Handbook on Arab Media 2020-11-29

three examples of the other truth in 1967 Israel occupied and colonized the last remaining land on which the Palestinians lived this included the land on which the Palestinians had been the overwhelming majority population for the last 2,000 years Jews engaged in terrorism against the British just prior to the establishment of the Jewish state the Jews called themselves freedom fighters and the British called them terrorists the Jews were as misguided in 1946 and 1947 as the Palestinian militants are today U.S. foreign policy supports the Israeli viewpoint without question even though Israel has repeatedly reneged on implementing signed peace agreements do you support U.S. foreign policy because there must be a reason for it well there is but it may not be for the reasons you think or trust are fair

How Long O Lord? 2003-05-25

the construction of the barrier separating Israel from the West Bank has become the site of one of the most

heated controversies the world over the source of virulent propaganda incitement and hatred tami a jacoby explores the incongruent narratives of israelis and palestinians with regards to israel s security barrier and the policy of unilateral withdrawal this insightful book offers a multidimensional approach that takes into consideration different sides of the barrier conflict as well as internal divisions it also observes how the barrier affects the lives of individuals and communities through the rapid profusion of events in the legal political social and military sphere

Bombshell 2012-08-13

when the international legal community seeks definitive information and educated commentary on palestinian issues it turns to the palestine yearbook of international law the ninth volume contains leading articles on the judicial review in palestine on water management and on the status of jerusalem the texts of palestinian israeli and u s legislation the texts of several reports on rights and claims of moslems and jews in connection with the wailing wall a selection of recent book reviews and a detailed bibliography the charged nature of this field heightens the importance of access to quality information the palestine yearbook of international law supplies topical coverage on a wide range of issues in the field making it a key resource for international practitioners and academics

The Other Truth about the Middle East Conflict 2006-05

this work offers a critical analysis of the development of public administration in palestine during the past 150 years

Bridging the Barrier 2017-11-30

freedom house has launched a new comprehensive study titled women s rights in the middle east and north africa citizenship and justice the overarching goal of this survey is to facilitate and support national and international efforts to empower women in the middle east and north africa the study presents a comparative evaluation of women s rights in 16 countries and one territory including algeria bahrain egypt iraq jordan kuwait lebanon libya morocco oman palestine palestinian authority and israeli occupied territories qatar saudi arabia syria tunisia united arab emirates and yemen the survey identifies critical issues relevant to women s rights advocates as well as to national and international policy makers and implementers women s rights in each country are assessed in five key areas 1 nondiscrimination and access to justice 2 autonomy security and freedom of the person 3 economic rights and equal opportunity 4 political rights and civic voice and 5 social and cultural rights survey results are presented through a set of numerical scores and analytical narrative

reports the study also included a series of consultations with women s rights leaders in the region and focus groups with the general population in egypt kuwait and morocco in order to highlight the perspectives and recommendations of women s rights advocates and the general public

The Great War and the Remaking of Palestine

2017-08-22

due to its intensity and extensive effects both locally and globally the israeli palestinian conflict has drawn the attention of scholars from numerous disciplines who attempt to explain the causes of the conflict and the reasons for the difficulties in resolving it among these one can find historians geographers political scientists sociologists and others this volume explores the israeli palestinian conflict from a social psychology perspective at the core of the book is a theory of intractable conflicts as developed by daniel bar tal of tel aviv university applied to the israeli palestinian conflict opening with an introduction to the israeli palestinian conflict situation and a few chapters on the theoretical backgrounds of the creation of a societal ethos of conflict the volume then moves to an analysis of the psycho social underpinnings of the conflict while concluding with a discussion of the possibility of long standing peace in the region among the topics included in the coverage

are identity formation during conflict the israeli and palestinian ethos of conflict the important role of palestinian and israeli education an analysis of the leadership in the israeli palestinian peace process the challenges and potential towards a road to peace in the region all contributors to the volume are pre eminent scholars of the israeli palestinian conflict and many of them have felt the influence of bar tal s formulations in their own work a rich resource for those who are followers of dr bar tal s work for those who study intractable conflicts in all its forms and for those who have a particular interest in the israeli palestinian conflict a social psychology perspective of the israeli palestinian case offers a detailed exploration of the psychological underpinnings of the israeli palestinian conflict and the barriers to and opportunities of the peace process

Profiles in Terror 2004

the goal of this book is to treat palestine not as a state but as a country which in 1948 was divided to israel the west bank and the gaza strip palestinians live in all these areas and are also dwellers or refugee camps and exilic communities around the world in our eyes they and the country as a whole are part of the history of palestine and therefore are all included here it is a book that regards palestine in the period from 1800 until today as a geographical term which is still valid and relevant therefore it covers different geo political units and states that were established over the year in

the country of palestine the late ottoman provinces the british mandate the state israel the west bank and the gaza strip half of palestine population live in exile in refugee camp and diasporic communities they also have a place of honor in this book as the story of zionism and israel is intertwined with that of the palestinians several zionist israeli persons places and events are also included in this book historical dictionary of palestine second edition contains a chronology an introduction and an extensive bibliography the dictionary section has more than 800 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture this book is an excellent resource for students researchers and anyone wanting to know more about palestine

The Palestine Yearbook of International Law, 1996-1997 ***1998-07-01***

this book examines the main issues and challenges that science journalism faces in the mena region while analyzing how journalists in these countries cover science and engage with scientists most countries in the middle east and north africa region have set an ambitious goal for 2030 to transform their societies and become knowledge economies this means modernizing institutions and encouraging people to embrace science technology engineering and

mathematics as part of their daily lives this books claims that the main vehicle to achieve this goal is science news reporting as it continues to be the main platform to disseminate scientific knowledge to the general public simultaneously it is also poorly equipped to achieve this task interviewing dozens of journalists the authors looked at specific areas such as the gender divide and its effects on science news reporting as well as the role of religion and culture in shaping journalism as a political institution the authors conclude that traditional normative assumptions as to why science reporting does not live up to expectations need to be reviewed in light of other more structural problems such as lack of skills and specialization in science communication in the region in so doing the book sets out to understand the past present and future of science news in one of the most challenging regions in the world for journalists

Public Administration in Palestine 2003

football is a mirror that reflects political and social processes it was not and still is not separated from the political conditions that palestine went through and still going through tens of decades later football was not isolated from the british imposed mandate on palestine zionist settlements immigration and dreams in building the national home nakba the catastrophe of 1948 and diaspora that still occur to this day in

addition it has been subjected to israeli restrictions throughout the longest occupation in modern history football helped in shaping the palestinian national identity palestinians expressed themselves in sports in fact football was not and still is not a tool of achieving big results rather it represented a way for pride and national expression through the last one hundred years current palestinian sport was based on national ideological cultural organizational and health principles it has a historical characteristic through this period because it was attached to the political conditions in which the palestinians went through in some cases palestinian people could achieve better results for change through football than by political means many believe that football could be a significant tool for building an independent state

Women's Rights in the Middle East and North Africa

2005-07-21

prior to the twentieth century arab society in palestine was predominantly illiterate with most social and political activities conducted through oral communication there were no printing presses no book or periodical production and no written signs in public places but a groundswell of change rapidly raised the region s literacy rates a fascinating transformation explored for the first time in reading palestine addressing an exciting aspect of middle

eastern history as well as the power of the printed word itself reading palestine describes how this hurried process intensified the role of literacy in every sphere of community life ami ayalon examines palestine s development of a modern educational system in conjunction with the emergence of a print industry libraries and reading clubs and the impact of print media on urban and rural populations drawn from extensive archival sources official reports autobiographies and a rich trove of early palestinian journalism reading palestine provides crucial insight into the dynamic rise of literacy that revolutionized the way palestinians navigated turbulent political waters

A Social Psychology Perspective on The Israeli-Palestinian Conflict 2016-01-22

the palestinian national movement reached a dead end and came close to disintegration at the beginning of the present century the struggle for power after the death of yasser arafat in 2004 signaled the end of a path toward statehood prepared by the oslo accords a decade before the reasons for the failure of the movement are deeply rooted in modern palestinian history as ad ghanem analyzes the internal and external events that unfolded as the palestinian national movement became a failed national movement marked by internecine struggle and

collapse the failure to secure establishment of a separate state and achieve a stable peace with israel and the movement s declining stature within the arab world and the international community

Daily Report, Foreign Radio **Broadcasts 1969**

this 224 page book presents a general overview of the palestinian issue by tracing its historical junctures and its current developments for the reader this will facilitate his comprehension of its overall picture the intertwined factors connected to it at any stage and in a logical sequence up to the present stage this book is of special importance to the group of readers who wish to get a general idea of the palestinian issue or those who do not find time for detailed specialized studies the book is written in a smooth english language and is full of information updated till 2013 all the while retaining a scientific academic and documented wording far from emotional structural discourse in its first chapter the book deals with the background of the palestinian issue until 1918 it reviews palestine s history through the ages its geography its islamic standing and the jews religious and historical claims in palestine up to the emergence of the palestinian issue in modern history in addition to its political developments up to the end of world war i in 1918 the second chapter highlights the period of the british occupation of palestine during 1918

1948 it discusses the development of the Zionist project the emergence of the Palestinian national movement and the 1936 Palestinian revolt as well as the political events that followed up to the 1948 war and its repercussions the third chapter reviews the issue's developments during the period 1948-1967 focusing on the development of the Palestinian national movement the birth of Fatah movement the establishment of the Palestinian Liberation Organization PLO and the war of June 1967 and its repercussions as for the fourth chapter it addresses the period 1967-1987 up to the outbreak of the first Intifada in 1987 shedding light on the emergence of the Palestinian national identity the development of the Palestinian armed struggle the Arab countries' role in the Palestinian issue and the emergence of the Palestinian Islamic Resistance Movement Hamas the fifth chapter deals with the period starting with the outbreak of the 1987 Intifada until the failure of the Camp David negotiations in 2000 going through the inception of Hamas the transition of the PLO from armed struggle to peaceful settlement the formation of the Palestinian National Authority and the developments that Israel had witnessed during the same period the last chapter in the book reviews the developments that occurred following the outbreak of the Al-Aqsa Intifada in September 2000 and until 2013 it is divided into subjects that include the Palestinian resistance the Palestinian internal situation the path of the peaceful negotiations Jerusalem and the status quo the separation wall and the Israeli internal

situation this book is an important source for readers seeking to acquaint themselves with the palestinian issue and to become informed of the pertinent facts in a balanced manner it can also serve as an introduction to further studies of the palestinian issue
