as doctor who approaches its fiftieth anniversary recent series have taken the show to new heights in terms of popular appeal and critical acclaim the doctor and his tardis driven adventures along with companions and iconic monsters are now recognised and enjoyed globally the time is ripe for a detailed analytic assessment of this cultural phenomenon focussing on the most recent television output the inner world of doctor who examines why the show continues to fascinate contemporary audiences presenting closely observed psychoanalytic readings of selected episodes this book examines why these stories of time travel monsters and complex human relationships have been successful in providing such an emotionally rich dramatization of human experience the inner world of doctor who seeks to explore the multiple cultural and emotional dimensions of the series moving back and forth from behind the famous sofa where children remember hiding from scary monsters and onto the proverbial psychoanalytic couch

WALNECK'S CLASSIC CYCLE TRADER, NOVEMBER 1997

2018-05-11

throughout its history popular mass mediated culture has turned its attention to representing and interrogating organizational life as early as charlie chaplin s cinematic classic modern times and as recently as the primetime television hit the simpsons we see cultural products that engage reflexively in coming to terms with the meaning of work technology and workplace relations it is only since the late 1990s however that those who research management and organizations have come to collectively dwell on the relationship between organizations and popular culture a relationship where the cultural meanings of work are articulated in popular culture and where popular culture challenges taken for granted knowledge about the structure and practice work key to this development has been the journal culture and organization a journal that has been centre stage in creating new vistas through which the cultural studies of organization can be explored this book brings together the journal s best contributions which specifically address how popular culture represents informs and potentially transforms organizational practice featuring contributors from the uk usa europe and australia this exciting anthology provides a comprehensive review of research in organization and popular culture

The Inner World of Doctor Who

2013-09-13

in culture and scholarship science fictional worlds are perceived as unrealistic and altogether imaginary seo young chu offers a bold challenge to this perception of the genre arguing instead that science fiction is a form of high intensity realism capable of representing non imaginary objects that elude more traditional realist modes of representation powered by lyric forces that allow it to transcend the dichotomy between the literal and the figurative science fiction has the capacity to accommodate objects of representation that are themselves neither entirely figurative nor entirely literal in nature chu explores the globalized world cyberspace war trauma the korean concept of han and the rights of robots all as referents for which she locates science fictional representations in poems novels music films visual pieces and other works ranging within and without previous demarcations of the science fiction genre in showing the divide between realism and science fiction to be

the countries covered are austria cyprus france germany gibraltar greece italy malta portugal spain switzerland and turkey every effort has been used to identify winners and runners up of tournaments and in some cases there will be results missing if these can be identified they will be included in another edition of this book in the future there maybe errors with names being misspelt and that ladies surnames may have changed but i ve put in an enormous time and effort to correctly record the results of the tournaments there are probably other tournaments that have been played in these countries but i ve only been able to identify these ones research that has been completed for this book is to provide the reader and dart enthusiast information on books and links to web sites of dart manufacturers professional bodies and organisations dart stores and country darts organisations this is not a comprehensive list but it begins the work of collating details of darts into one place instead of being scattered around the world wide across many sites and publications i hope you enjoy the book

Architecture in Cinema

2019-08-24

harrison ford is known for such iconic roles as han solo indiana jones and rick deckard but his career of 50 years and counting encompasses a plethora of other thought provoking roles his off screen persona has been no less intriguing covering a wide timespan this book assesses harrison ford as star from the difficult hollywood studio years where he began his blockbusters of the 1980s through to the impact of ageist culture on his artistry of recent years the author argues that ford has generally been seen as a potent irresistible combination of tradition and modernity he is an actor who both reflects and utilises changing ideas about american masculinity in the context of hollywood film production particular male types are revealed as much in his trademark trustworthy hero act as in his more fallible less conservative and therefore commercially riskier characters luzon aguado explores these particular star identities and every fluctuation in between she gives due attention to his much neglected acting abilities while examining the crucial interplay between star persona and the constraints and conventions of genre going beyond standard accounts of ford s production and pinpointing overlooked aspects of his work and the creation of the star through cultural artefacts like magazine interviews and advertising campaigns this book reveals the depth and dimensions of the enduring american screen legend that is harrison ford
