

Read free Scottish company law (Read Only)

the second edition of this successful book incorporates many important developments such as the changing judicial approach to directors duties and disqualification orders recent developments in auditors liability and the effect of the house of lords decision in sharp v thompson new legislation includes the competition act 1998 and the human rights act 1998 recent work of the law commissions on shareholder remedies and directors duties is examined the ongoing debate on corporate governance is brought up to date with the incorporation of the greenbury and hampel reports and the combined code on corporate governance and the work of the dti on reform of company law is explained smith and keenan s company law scottish edition is well known for its clear and reliable presentation of the core topics within company law making it the first choice for those new to the subject or studying it as part of a business related degree provides the housing law practitioner with a wide spectrum of housing information housing acts rent acts leasehold reform acts and all other relevant legislation are updated regularly and annotated with commentary by a team of practitioners company law essentials is a clear and concise study and revision guide for students it contains all the essential information students need when preparing for exams and includes useful summary sections of essential facts and essential cases an invaluable text which students can use to gain a quick understanding of a new subject to help them through a course or as an aid to revision for exams this book is also an excellent resource for those who need to refresh their knowledge of company law papers presented at a bar european group scottish lawyers european group faculty of advocates conference in 1991 european corporate law was analyzed new concepts in european law were described and conflicts of law public take overs and more were investigated this is an introduction to the principles of company law for non lawyers particularly accounting finance and business students the level of detail and topics covered are appropriate for students and the text explains the key principles involved the scottish edition consists of the same text as the english edition except for a final 32 page section indicating the main differences in the scottish jurisdiction referenced in the main text aiming to demystify company law for today s student this concise textbook offers an overview of the subject covering the standard undergraduate company law syllabus enabling the student to see the area as a whole subject it also discusses the current debates surrounding company law including the reviews by the english and scottish law commissions the consultation papers issued by the company law review steering group and the ensuing white paper and draft companies bill particular emphasis is given to corporate governance and the theoretical bases underlying company law although all are agreed that current commercial realities dramatically affect the duties owed by directors to their companies there is as yet no consensus on what if anything should be done about it some urge reform or at least modification while others insist that the traditional standard which may be expressed generally as such care as is reasonably expected having regard to the director s knowledge and experience has the great merit of flexibility in an initiative aimed at clearing this impasse the english and scottish law commissions have proposed a statutory formulation on the grounds that this would at least bring more certainty and clarity to the applicable standards this important book delves into the issues surrounding this debate presenting the arguments for and against a statutory statement with in depth analysis of the various degrees of reform that could be brought to bear on the issue the author approaches the subject in a variety of revealing ways through a historical survey of standards in the united kingdom especially as developed through case law through a comparative analysis with two civil law jurisdictions france and germany and two other common law jurisdictions australia and the united states through a doctrinal analysis derived from the extensive literature on the subject especially concerning the relevance of the law of trusts and the tort of negligence and through an analysis of recent uk legislative developments particularly section 214 of the insolvency act 1986 and the company directors disqualification act 1986 practitioners and academics in company law as well as thoughtful business people will appreciate the depth and clarity of this analysis its clear headed elucidation of a contentious issue is sure to move this important matter forward toward a timely and needed formulation statutory or otherwise company law is a vibrant and fast moving area of the legal system unlocking company law will ensure that you grasp the main concepts with ease providing you with an essential foundation to company law the book explains in detailed yet straightforward terms legal structures of business organisations the company as a distinct legal person company formation and linked issues the constitution of the company financing a company shareholders shares and share capital capital maintenance and distributions governance of the company legally binding the company directors duties rescuing troubled companies and takeovers winding up and dissolution transparency this second edition is fully up to date with the latest developments in the law including all significant new cases it also contains new material on rescuing troubled companies and takeovers the unlocking the law series is designed specifically to make the law accessible each chapter opens with a list of aims and objectives contains activities such as quick quizzes and self test questions key facts charts to consolidate your knowledge and diagrams to aid learning cases and judgments are prominently displayed as are primary source quotations summaries help check your understanding of each chapter there is a glossary of legal terminology the popular website unlockingthelaw co uk has been improved and updated it provides free resources such as multiple choice questions key questions and answers revision mp3s and cases and materials exercises following on from an earlier scottish law commission paper discussion paper 121 isbn 0108880885 published in october 2002 this paper makes recommendations for the reform of the current scheme for the registration and priority of rights in security granted by companies registered in scotland or where the security is granted under scots law for companies registered elsewhere this review is part of a wider review of uk company law being undertaken by the dti the report is divided into seven sections which deal with a range of topics including a summary of the current law floating charges and other securities the company s own register and annual reporting requirements international private law and legislative competence first published in 1999 this volume

provides an overview of company laws in south east asia north east asia and the pacific the chapters adopt a standard format to allow for comparisons to be made as well as highlighting key features of company laws in each jurisdiction the contributors are experts in their fields and present practical and policy related insights the book also contains some useful overviews of company law themes in asia this white paper sets out a range of measures for the proposed company law reform bill they have been designed to further four crucial objectives to enhance shareholder engagement and a long term investment culture to ensure better regulation and a think small first approach to make it easier to set up and run a company and to provide flexibility for the future from the foreword p 3 company law is essential reading for business and law students and for those studying for professional exams the theoretical concepts are explored and developed with the use of a variety of case examples to place the learning in context comprehensive pedagogy with objectives review questions summaries discussion questions and a case study exercise to consolidate the learning in each chapter the accessible and concise treatment of the issues explored makes the learning easy to follow and more pertinent to the student needs particularly for those who are studying a one semester course easy to read with a user friendly layout company law with the use of case studies and review questions leads the reader through the various stages involved with creating and managing a private company through to dissolution building on the learning covered in the companion textbook business law this text is a user friendly and comprehensive introduction to all aspects of company law company law is a growth area which also reaches into many other areas of law new areas include auditor s negligence investment law and the fsa and administration orders each is explored in this volume but the aim is not to do them full justice rather it is to provide a full analysis of specified areas of company law the company and other business organizations types of company setting up the company managing the company reconstituting the company supervision of company law the social responsibilities of companies and the debate of the cadbury report and the greenbury committee report this title covers the four main areas of company law the constitution formation and personality of a company corporate governance corporate finance and insolvency and company charges cases and materials in company law is well established as the best casebook on company law available it covers all vital cases and combines sophisticated commentary with well chosen notes and questions this edition retains the original successful structure and style whilst being fully updated to reflect changes following the companies act 2006 providing facts counsel and guidance this volume with accompanying cd rom will be updated twice annually it covers duties of company secretary company law company accounts contract law business finance value added tax national insurance company and personal taxation statutory payments employment law discrimination health and safety at work consumer protection and product liability and facts and figures outlining significant dynamics that may pave the way for future evolution in the field of corporate law this timely research agenda explores provocative and cutting edge developments to identify new directions for scholarly inquiry bringing together a diverse group of scholars the book evaluates doctrinal and normative issues in corporate law from a range of contextual and interdisciplinary viewpoints dr talbot traces the history of the fundamental principles of english company law including the doctrine of separate corporate personality director s duties minority protection and the doctrine of ultra vires from both a black letter and contextual perspective relevant aspects of the companies act 2006 are thoroughly examined drawing on the influence of american law and scholarship the book considers the ideas which have informed corporate governance in england it includes a case study of mutual building societies march to the market and corporate identity the hybrid approach adopted in the text provides a contextual and critical framework in which to understand company law as well as a broad picture in black letter law terms the aim is to invigorate what many students and academics consider a dry subject by uncovering the social factors which continue to inform this area of law and the political nature of the law itself dr talbot maintains that modern company law is shaped by three main factors economics ideology and existing law the state of the law at any one time is determined by the constantly shifting relationship between these factors a selection of up to date statutes relating to company law the statutes come without commentary so that they can be used easily under exam conditions 1 1 cash flow risk agency information investments the first volume dealt with the management of cash flow and the exchange of goods and services risk agency relationships and information the firm manages these aspects by legal tools and practices in the context of all commercial transactions the second volume discussed investments as voluntary contracts belong to the most important legal tools available to the firm the second volume provided an introduction to the general legal aspects of generic investment contracts and payment obligations this volume discusses funding transactions exit and a particular category of decisions raising existential questions business acquisitions transactions which can be regarded as funding transactions from the perspective of a firm raising the funding can be regarded as investment transactions from the perspective of an investor that provides the funding although the perspective chosen in this volume is that of a firm raising funding this volume will simultaneously provide information about the legal aspects of many investment transactions 1 2 funding exit acquisitions funding transactions are obviously an important way to manage cash flow all investments will have to be funded in some way or another the firm s funding mix will also influence risk in many ways funding the most important way to raise funding is through retained profits and by using existing assets more efficiently the firm can also borrow money from a bank or issue debt equity or mezzanine securities to a small group of investors this comprehensive text has been fully updated to take into account common law and statutory developments over the last 3 years a supplement of notes for readers in the scottish jurisdiction is included with a range of questions and answers scottish administrative law essentials is a clear and concise study and revision guide for students of the law in scotland it contains all of the essential information students need when preparing for exams and includes useful summary sections of essential facts and essential cases an invaluable text which students can use to gain a quick understanding of a new subject to help them through a course or as an aid to revision for exams this book is also an excellent resource for those who need to refresh their knowledge of the subject table of cases table of statutes and an index are included contents introduction doctrines of the constitution structure of government in the uk subordinate legislation the ultra vires doctrine judicial review natural justice ombudsmen tribunals and
