## ***The Role of the Poet in Early Societies 1989***

bloomfield and dunn describe the varying roles which poets have historically filled within society whether ancient medieval or pre modern and identify the key functions of the poet figure he or sometimes she supports the ruler and is in turn rewarded for a central service to the tribe he exercises his authority by an apparently magical understanding of the past present and future and whenever called upon to perform an official rite he knows how to wield the appropriate traditional esoteric utterances in order to illustrate the ways in which this kind of poetic function can be seen to have been exercised in early irish literature pre modern scottish gaelic early welsh early norse and old english the authors draw on a wide range of texts the study concludes with an examination of the implications of their findings for twentieth century readers exploring the utterances of poets remote from them in time or space

## **Record-Making and Record-Keeping in Early Societies 2021-04-21**

record making and record keeping in early societies provides a concise and up to date survey of early record making and record keeping practices across the world it investigates the ways in which human activities have been recorded in different settings using different methods and technologies based on an in depth analysis of literature from a wide range of disciplines including prehistory archaeology assyriology egyptology and chinese and mesoamerican studies the book reflects the latest and most relevant historical scholarship drawing upon the author s experience as a practitioner and scholar of records and archives and his extensive knowledge of archival theory and practice the book embeds its account of the beginnings of recording practices in a conceptual framework largely derived from archival science unique both in its breadth of coverage and in its distinctive perspective on early record making and record keeping the book provides the only updated and synoptic overview of early recording practices available worldwide record making and record keeping in early societies will be of interest to academics researchers and students engaged in the study of archival science archival history and the early history of human culture the book will also appeal to practitioners of archives and records management interested in learning more about the origins of their profession

a history of public health from past to present uses a structured format to study public health from antiquity to the present time after a brief introduction this concise text illuminates defining moments in public health history through stories that illustrate people principles and challenges these are followed by a discussion of history's relevance to contemporary practice suggestions for additional study discussion questions and references complete each chapter key features emphasis on selected narratives more detailed stories to highlight defining moments in public health history and help readers to remember key historical events their significance and determine their relevance to today's issues and practice easily accessible references and primary sources are included for additional study and context ample visuals and graphics highlight people priorities art public opinion and trends relevant to the time period and more

## **Western Civilization: From early societies to the reformation 1990-01-01**

consumed for a wide range of reasons substances that alter a person's mood and mind are widespread in most societies although many such substances initially had been valued for their medicinal properties their usage can have health endangering consequences including habit formation the misuse or abuse of legal and illicit drugs and alcohol engender numerous public health concerns over time this analytical volume examines the physical ethical and public policy issues that have arisen as the result of excessive and inappropriate substance use

## **PRIMITIVE SECRET SOCIETIES 2016-08-29**

this book a guide to studying religion has two parts the first or historical part traces the rise of the academic study of religion from the early nineteenth century to the present day primary attention is given to the relation of studying religion to romanticism and to its contrary relations to principal characteristics of western modernity especially its rational and materialist emphases the second part of the book addresses matters that present uncertainties problems and even tensions within the field such as what is or should be meant by referring to some persons or groups as religious why religion is so often a cause of tensions and even conflicts both within and between religious groups and between them and the increasingly nonreligious or secular quality of modern western culture and the problem that arises for the field by reason of scholars who on one side are themselves religious and who on the other side are nonreligious or secular the book places this final difficulty the difference and often the tension between religious and nonreligious approaches to the study of religion in the role of a unifying theme of the book and offers a way by which this problem can be addressed and to a considerable degree reduced

## **Substance Use and Abuse 2011-01-15**

economics is the nexus and engine that runs society affecting societal well being raising standards of living when economies prosper or lowering citizens through class structures when economies perform poorly our society only has to witness the booms and busts of the past decade to see how economics profoundly affects the cores of societies around the world from a household budget to international trade economics ranges from the micro to the macro level it relates to a breadth of social science disciplines that help describe the content of the proposed encyclopedia which will explicitly approach economics through varied disciplinary lenses although there are encyclopedias of covering economics especially classic economic theory and history the sage encyclopedia of economics and society emphasizes the contemporary world contemporary issues and society features 4 volumes with approximately 800 signed articles ranging from 1 000 to 5 000 words each are presented in a choice of print or electronic editions organized a to z with a thematic reader s guide in the front matter groups related entries articles conclude with references future readings to guide students to the next step on their research journeys cross references between and among articles combine with a thorough index and the reader s guide to enhance search and browse in the electronic version pedagogical elements include a chronology of economics and society resource guide and glossary this academic multi author reference work will serve as a general non technical resource for students and researchers within social science programs who seek to better understand economics through a contemporary lens

## **A Historical and Theoretical Guide to Studying Religion 2024-01-16**

excerpt from primitive secret societies a study in early politics and religion recent years have witnessed great accretions to our knowledge of the initiation ceremonies and secret societies found among many savage and barbarous communities throughout the world the data bearing upon these matters collected by the patient efforts of scholarly investigators in australia melanesia africa and north america are of singular interest to the student of primitive sociology and religion the present work represents an effort necessarily provisional in the light of existing information to arrive at the significance of the materials so laboriously and so carefully collected starting with no preconceived notions of the subject the author has endeavored to shape his theories in accordance with his facts and in many instances by abstaining from generalization to let his facts carry their own significance to the reader s mind in the final chapter which is to be regarded as an appendix the wide diffusion of initiatory rites and secret organizations has been indicated the bibliography supplied in this connection though not exhaustive probably notices nearly everything of importance so far published the scope of the work precluded any attempt to supply a detailed examination of the various secret societies moreover the evidence for the men s house chap i and for the age classificatory system chap vi has been presented only in barest outline about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## **Modern German Sociology 2021-09-30**

description this work throws a flush of multi coloured light on the economic organization in ancient india from 200 bc to 200 ad due to the advent of alien tribes in india this period opened new vistas of transitional era and ventilated new air of thoughtful broodings establishing sound venues in the economic field of india making a peep into india s ties with neighbouring and distant countries in the spheres of trade and commerce transport and communication the present work is not merely a survey but a microscopic and complete reexamination of the prevailing concepts including land ownership land tenureship state and economy fiscal policy and taxation thus it presents a panoramic revelation of commerce and economics in history with an humble approach of intensifying the cultural heritage of india unlike other nations economic conditions in india have always closely been interwoven with her socio cultural fabric throughout the pages of history in modern times to speak of pure economics in india will be a misnomer to a large extent in this light the present work should not only be looked with an academicians eye but also from the point of view of those whose interest of study lie in researches of history as it envisage to unveil the spheres of economics and planning in modern times
