A History of Britain

2002

this work takes us from the mid 1770s when the country was intoxicated by a great surge of political energy through to the massive advances of technology and industrialisation during the
victoria era and the burgeoning of the british empire

The History of the Foreign Policy of Great Britain

1895

in recent years public history the engagement with history now has grown in britain visits to heritage sites museums and galleries are packed with enthusiasts in this collection the contributors
write about history as part of a living present which is re created contested and challenged the starting points are places people and images the writers encounter in their everyday lives they
have a commitment to those whose lives are still excluded from historical practice and their essays blur the boundaries between history art culture and everyday life

The History of Britain

1818

could this short elegant volume be the only book on british history you ll ever need a bit about britain s history is for anyone who wants a light introduction to britain s amazing story if you don t know the basics or would like a reminder this book is for you it is also perfect for those that didn t enjoy history at school but who have suddenly realised they d like to understand it a bit better now organised clearly and chronologically a bit about britain s history covers every period from a long time ago until quite recently it begins by briefly mentioning that the place was once inhabited by extremely large lizards and ends up with a post war 20th century consumer society short articles explain the essential aspects of britain s past including how the ancestors of its current inhabitants arrived how they fought each other formed nations fell out over religion acquired a large empire became gradually more democratic helped win a couple of world wars and were left wondering what to do next at the end of the book are detailed timelines for each period which provide useful reference and make fascinating reading in their own right so what did the romans achieve how did christianity arrive who are the english and why did they fight the french so often what is henry viii s greatest legacy when did democracy start and people get the vote why on earth did britain get involved in ww1 a bit about britain s history might be the only book on british history you ll ever need or it might be your stepping stone to more in depth academic reading

Seeing History

2000

History of Great Britain and Ireland; with an account of the present state and resources of the United Kingdom and its Colonies

1849

history is always a popular subject and british history has created some of the most lively and fascinating stories there are britain as we know it today has been shaped by centuries of political turmoil between state and church as well as international conflicts making its history a fascinating insight into how modern britain has emerged for this special hardback edition of british history for dummies we ve added over 100 black and white and colour photos for an even more explosive experience of british history british history for dummies illustrated edition british history is still a major topic of interest emphasised by the continual tv coverage and documentaries inside you ll find rip roaring stories of power mad kings executions invasions high treason global empire building and forbidden love not bad for a nation of stiff upper lips includes fascinating information in the fun for dummies style from the stone age right through to modern day britain and everything in between provides the ultimate british history experience and the hardback format with over 100 illustrations make it the perfect gift for amateur historians

The History Today Companion to British History

1995

covering over 2 000 years in under 200 pages jeremy black takes the reader on a breathless tour of british history providing invaluable context for students of any period a truly british overview this book covers all four constituent parts of the uk as well as migration to and from britain and introduces questions of national identity and collective memory the author begins by considering how the geography of britain has influenced its development and goes on to examine the formation of its society and political culture resisting the whiggish tradition of triumphalist national histories jeremy black provides a balanced and sensitive account in his trademark pithy style this new edition has been considerably revised and expanded bringing the coverage right up to the present day including what the scottish referendum on independence says about the nature of modern britishness

History Of Great Britain And Ireland

2023-07-18

from its modest to its recent disappearance the british empire was an extraordinary and paradoxical entity north america africa south and southeast asia and australasia and innumerable small islands and territories have been fundamentally shaped economically socially and politically by a nation whose imperial drive came from a bewildering mixture of rapacity and moral zeal of high mindedness and viciousness of strategic cunning and feckless neglect martin kitchen has written a fascinating crisp informative account of the rise and fall of the british empire concentrating on the 19th and 20th centuries but giving the background of the first british empire which was lost with the creating of the united states of america his book is of particular value in relating the

importance of the empire to britain s success as the only genuinely world power in the victorian era and to britain s ability to win the two great wars of the 20th century

A People's History of Britain

2004

this volume examines the relationship between history and national identity in britain through over 30 essays by leading historians with contributions from tariq modood bernard porter keith robbins and alan o day among others this comprehensive study provides cutting edge research and addresses questions such as how has the history of britain been re imagined since the 1970s what has been the role of such diverse factors as nature the sea multi nationalism or gender in shaping british nationhood what can we learn about national identity from the experience of ireland and what ways has history contributed to debates over british devolution

The History of Britain

17??

surveys the history of great britain and ireland from the earliest settlements to the prime ministership of gordon brown covering social economic and religious developments along with political changes and international conflicts

A New History of Great Britain

1926

a very short history of britain describing all the kings and queens the principal battles and other major events with their dates to help anyone who cant remember or never learned a whistle stop tour through 2 000 years of our nations story from the roman invasion to the falklands war and an essential guide to the great questions of english history who was there what occurred and when did it happen setting out the wide sweep of british history that is often ignored historian george chamier weaves together a reader friendly combination of key dates with linking narrative here are all our good kings and usurpers low dealings and acts of heroism moments of grreat conquest empire or defeat and through it all the story of the formation of the united kingdom do you know the difference between vortigern hengist and horsa how the welsh got hammered scotland was cleared and england got its name which roman emperor was born in yorkshire why king john got the nickname softsword this is a little book with an important aim to connect all the great dates in history and put them in order to show the whole story of our nation

The British Isles

2012-03-29

this collection brings together leading and emerging scholars to evaluate the viability of four nations approaches to the history of the united kingdom from the eighteenth to the twentieth century it recognises the separate histories of england ireland scotland and wales and explores the extent to which they share a common british history they are entwined with the points at which they interweave and detach dependent upon the nature of our inquiry where we locate our core and our periphery and the cause and effect of our subject the collection demonstrates that four nations frameworks are relevant to a variety of topics and tests the limits of the methodology the chapters illuminate the changing shape of modern british history writing and provide fresh perspectives on subjects ranging from state governance nationalism and unionism economics cultural identities and social networking

British History For Dummies

2008-12-02

very often history is thought of as that lesson we suffered through at school made into boring facts and figures rather than the rich and interesting tales that actually comprise it in english and british history in 100 bite size chunks history is enlivened and broken down into readable chunks that anyone can read and learn at their leisure beginning at the beginning with the physical formation of these lands it ends where we are now with our current lifestyle government society beliefs complexities fears and hopes it charts the development of england s characteristics through the great and the good and ordinary men and women those who often get the glory and those who lived lives more hidden from history s storytellers it brings to life people places events and ideas and successes and failures this is not a story of england in splendid isolation but a more rounded picture touching on the influences from and on other places and nations for good or bad near and far in geography and time 100 bitesize chunks are followed by a recognition of historic themes and some conclusions and just a glimpse of the possible future history of a nation a commentary on history itself how we know how history works what we think of it and how we care for it or don t care for it this book is an encouragement to study history actively through the evidence we can see and touch and interpret in museums and in its real locations ideal for anyone returning to history or for an enthusiast

A Short History of Britain

2015-02-26

twenty of the most crucial moments in britain s history bbc history magazine asked a selection of leading historians to choose and describe the twenty most important turning points in british history from ad 1000 to 2000 collected together their choices present a new way of looking at our nation s story from the danish invasion of britain in 1016 to the suez crisis in 1956 the key moments include victories or defeats both at home and abroad plague reform and even revolutions that have reshaped the british way of life each contribution brings the past to life offering new perspectives and food for debate did the battle of agincourt change england s role in europe what was the impact of american independence on britain was 1916 more important than 1939 thought
