2017-06-08

during the sixteenth and the seventeenth centuries the mercedarian order of friars founded in the 1220s underwent a period of reform from which it emerged utterly transformed this study sets out to examine not only the context of that reform the policies of the crown and the papacy the condition of catalonia and spain at large the circumstances prevailing within the order and the dialogue with its past but also to grasp the essence of monastic reform itself against this diverse background the imposition of other than purely religious criteria onto the reform agenda alerts us to the deeper implications of monastic change in early modern europe for the mercedarians the result by 1650 was a wholly new order the evolution of this process by turns calculated and unexpected is here explored

meeting the needs of older adults with serious illness challenges and opportunities in the age of health care reform provides an introduction to the principles of palliative care describes current models of delivering palliative care across care settings and examines opportunities in the setting of healthcare policy reform for palliative care to improve outcomes for patients families and healthcare institutions the united states is currently facing a crisis in health care marked by unsustainable spending and quality that is poor relative to international benchmarks yet this is also a critical time of opportunity because of its focus on quality of care the affordable care act is poised to expand access to palliative care services for the sickest most vulnerable and therefore most costly 5 of patients a small group who nonetheless drive about 50 of all healthcare spending palliative care is specialized medical care for people with serious illnesses it focuses on providing patients with relief from the symptoms pain and stress of a serious illness whatever the diagnosis or stage of illness the goal is to improve quality of life for both the patient and the family research has demonstrated palliative care s positive impact on health care value patients and family caregivers receiving palliative care experience improved quality of life better symptom management lower rates of depression and anxiety and improved survival because patient and family needs are met crises are prevented thereby directly reducing need for emergency department and hospital use and their associated costs an

epiphenomenon of better quality of care the lower costs associated with palliative care have been observed in multiple studies meeting the needs of older adults with serious illness challenges and opportunities in the age of health care reform a roadmap for effective policy and program design brings together expert clinicians researchers and policy leaders who tackle key areas where real world policy options to improve access to quality palliative care could have a substantial role in improving value

this book describes the neurobiological mechanisms of alcohol abuse and dependence including the role of serotonergic dopaminergic noradrenergic and hypothalamic pituitary adrenal systems in alcohol use disorders and the results of neuroimaging studies are presented the neurobiology of comorbidity of alcohol use disorders with other psychiatric disorders are also

discussed research on the neurobiology of alcohol abuse and dependence is very important therefore this book will be of interest to biomedical researchers physicians and other clinicians students and anyone who is interested in the mechanisms of addictive disorders

Ecriture, pouvoir et société en Espagne aux XVI^e et XVII^e siècles

2001

la provincia de teruel despertó de su letargo durante el primer tercio del siglo xx la sociedad demandaba los cambios necesarios para adaptarse a una sociedad en transformación los maestros lograron gracias al estado escapar del caciquismo y de la pobreza se consolidaron como un grupo social estable y cada vez más respetado en este libro describiremos cómo los cambios en la economía en la política y en las configuraciones sociales producidas desde 1900 a 1931 algunos lentos y con dificultades confluyeron en la conciencia colectiva de regeneración docente la escuela turolense tuvo el freno de la incapacidad financiera en primer lugar de los ayuntamientos y posteriormente del gobierno nacional para consolidar muchas de las disposiciones legales en la que se sustentaba la enseñanza primaria pero a pesar de estas dificultades la labor continuada de centenares de maestros y maestras a lo largo de casi un siglo contribuyó decisivamente a consolidar la escuela primaria en el medio rural los maestros dejaron de ser una carga económica para los ayuntamientos y las escuelas un lugar insalubre para los niños unos y otras se convirtieron en pilares fundamentales para el progreso de los pueblos los maestros más cultos y mejor pagados con el apoyo de la inspección de educación consiguieron alfabetizar a una nueva generación de niños que iba a transformar en el siglo xx la sociedad rural turolense

1891

the sixteenth century was an age of politically powerful women queens acting in their own right and female regents acting on behalf of their male relatives governed much of western europe yet even as women ruled and ruled effectively their right to do so was hotly contested men's voices have long dominated this debate but the recovery of texts by women now allows their voices long silenced to be heard once again debating women politics and power in early modern europe is a study of texts and textual production in the construction of gender society and politics in the early modern period jansen explores the gynecocracy debate and the larger humanist response to the challenge posed by female sovereignty
