Human Nature - An Essay

2016-04-22

the first major study of population size and its tremendous importance to the character and quality of society this polemic examines the tendency of human numbers to outstrip their resources pivotal in establishing the field of demography it remains crucial to understanding modern problems with food production and distribution anglican parson thomas robert malthus wrote his famous essay in 1798 in response to speculations on social perfectibility aroused by the french revolution because human powers of procreation so greatly exceed the production of food malthus explained population will always exceed available resources and many will inevitably live at the ragged edge of subsistence his simple yet powerful argument demonstrating that scarcity and inequality arise even in a society purged of all unjust laws and institutions was highly controversial in its day many of malthus contemporaries despised him for dashing their hopes of social progress and the grim logic of his population principle led thomas carlyle to dub economics the dismal science today malthus name is practically synonymous with active concern about demographic and ecological prospects and his classic remains ever relevant to issues of social policy theology evolution and the environment

An Essay on Genius

1774

in an essay concerning human understanding first published in 1690 john locke 1632 1704 provides a complete account of how we acquire everyday mathematical natural scientific religious and ethical knowledge rejecting the theory that some knowledge is innate in us locke argues that it derives from sense perceptions and experience as analysed and developed by reason while defending these central claims with vigorous common sense locke offers many incidental and highly influential reflections on space and time meaning free will and personal identity the result is a powerful pioneering work which together with descartes s works largely set the agenda for modern philosophy

An essay intended to establish a standard for an universal system of stenography, etc

The Works of Samuel Johnson ... A new edition ... With an essay on his life and genius, by Arthur Murphy. With a portrait

1825

what makes human beings intentional and thinking subjects how does their intentionality and thought connect with their social nature and their communal experience how do the answers to these questions shape the assumptions which it is legitimate to make in social explanation and political evaluation these are the broad ranging issues which pettit addresses in this novel study the common mind argues for an original way of marking off thinking subjects in particular human beings from other intentional systems natural and artificial it holds by the holistic view that human thought requires communal resources while denying that this social connection compromises the autonomy of individuals and in developing the significance of this view of social subjects this holistic individualism it outlines a novel framework for social and political theory within this framework social theory is allowed to follow any of a number of paths space is found for intentional interpretation and decision theoretic reconstruction for structural explanation and rational choice derivation but political theory is treated less ecumenically the framework raises serious questions about contractarian and atomistic modes of thought and it points the way to a republican rethinking of liberal commitments

2004-12-16

in the third quarterly essay for 2006 inga clendinnen looks past the skirmishes and pitched battles of the history wars and asks what is at stake what kind of history do we want and need should our historians be producing the objective record of achievement that the prime minister has called for for clendinnen historians cannot be the midwives of national identity and also be true to their profession history cannot do the work of myth clendinnen illuminates the ways in which history myth and fiction differ from one another and why the differences are important in discussing what good history looks like she pays tribute to the human need for story telling but notes the distinctive critical role of the historian she offers a spirited critique of kate grenville s novel the secret river and discusses the stolen generations and the role of morality in history writing this is an eloquent and stimulating essay about a subject that has generated much heat in recent times how we should record and regard the nation s past who owns the past in a free society everyone it is a magic pudding belonging to anyone who wants to cut themselves a slice from legend manufacturers through novelists looking for ready made plots to interest groups out to extend their influence inga clendinnen the history question

College Essays That Made a Difference, 6th Edition

2015-02-03

alain badiou one of the most powerful voices in contemporary french philosophy shows how our prevailing ethical principles serve ultimately to reinforce an ideology of the status quo and fail to provide a framework for an effective understanding of the concept of evil
