Killing My Self-Destruction 2020-09-02

the black struggle is not our enemy it is our strength we must each take ownership of and be accountable for our daily lives in order to stop the downward slide when blacks whites and others fight each other it only distracts us from enemies that do not discriminate in how they destroy human life the bigger picture involves us as americans more so than what color we are d's walker tells inspiring stories about personal triumphs conflicts and he also shares the concerns he has about what's holding back the black community along the way he considers important questions such as are we ready to commit ourselves to what we need to do to get out of our present situation have we abandoned our moral mission and moved farther away from our moral center can the black community give its suffering positive and lasting meaning by how it responds to it our children are watching us what one generation accepts the next generation will embrace our legacy is in question without deep thought difficult conversations and a commitment to change we'll continue to be consumed by one another

Consumed by One Another 2015-04-30

for the first time appetite for self destruction recounts the epic story of the precipitous rise and fall of the recording industry over the past three decades when the incredible success of the cd turned the music business into one of the most glamorous high profile industries in the world and the advent of file sharing brought it to its knees in a comprehensive fast paced account full of larger than life personalities rolling stone contributing editor steve knopper shows that after the incredible wealth and excess of the 80s and 90s sony warner and the other big players brought about their own downfall through years of denial and bad decisions in the face of dramatic advances in technology big music has been asleep at the wheel ever since napster revolutionized the way music was distributed in the 1990s now because powerful people like doug morris and tommy mottola failed to recognize the incredible potential of file sharing technology the labels are in danger of becoming completely obsolete knopper who has been writing about the industry for more than ten years has unparalleled access to those intimately involved in the music world's highs and lows based on interviews with more than two hundred music industry sources from warner music chairman edgar bronfman jr to renegade napster creator shawn fanning knopper is the first to offer such a detailed and sweeping contemporary history of the industry's wild ride through the past three decades from the birth of the compact disc through the explosion of cd sales in the 80s and 90s the emergence of napster and the secret talks that led to itunes to the current collapse of the industry as cd sales plummet knopper takes us inside the boardrooms recording studios private estates garage computer labs company jets corporate infighting and secret deals of the big names and behind the scenes players who made it all happen with unforgettable portraits of the music world's mighty and formerly mighty detailed accounts of both brilliant and stupid ideas brought to fruition or left on the cutting room floor the dish on backroom schemes negotiations and brawls and several previously unreported stories appetite for self destruction is a riveting informative and highly entertaining read it offers a broad perspective on the current state of big music how it got into these dire straits and where it's going from here and a cautionary tale for the digital age

Appetite for Self-Destruction 2009-01-06

the stated purpose of this phenomenological psychoanalytic study is to make the phenomenon of self destruction and its vicissitudes intelligible it presents the nature of the relationship between the essence of technology and the essence of self destructiveness

Self-Destruction 1958

almost there is the delivery of an experience that i never wanted it involves the distorted thinking that comes from anorexia and compulsive thinking what makes this more than a simple journal more than a painful letter to a sister that struggled without the acknowledgement that might have lead to an answer your perspective is the only answer your relationship to another with similar problems with someone who refuses to see the truth may make this book worth a read your ability or desire to look beyond the news stories and headlines may justify the time and expense and it just may help in the painful process of loving someone who chooses a self destructive existence

Elements of Self-Destruction 2018-04-17

many people in our world suffer severely in silence unaware of the seriousness of their depressed thinking unable to see a path out of that state of thought their inner life is absolute hell their thought patterns can lead to drastic behaviors including drug dependency substance abuse suicide attempts other people in the lives of the depressed individuals can't imagine the kinds of thoughts that repeat themselves over over in the minds of the suffering ones to these others there seems to be no observable reason for the suffering one to feel as terrible as he she feels yet that is the reality the author published the book for two reasons 1 to help those suffering major depression to see in print some of their thought patterns realize that they are not alone 2 to enable those sufferers to see a path of thoughts that may help them to slowly work their way out of the inner disaster they live w regularly it takes time consistent effort but it is possible in the case of the author he has been able to progress far enough to be able to live w o depression anxiety medicines without substance abuse if you find your thoughts in the first section of this book you are a prisoner of your own thinking unable to experience life in a way that brings you peace fulfillment begin to realize that what you repeat over over in your thinking is not the truth it is your mental illness telling you awful things about yourself you probably have said awful things about yourself for a long time in order to change your life you must begin to practice different thoughts use ideas from the second third sections of the book repeat them over over to start replacing the self destructive thoughts remember you have practiced the self destructive thoughts for a long time it will take extended practice of new thoughts to change to a healthier life only by repeated practice can you begin to tear away the awful weights of self destructive thinking

Almost There 2012-01-17

voilà désormais plus de 10 000 ans que la civilisation occidentale s'est installée et voilà 10 000 ans qu'elle viole le sens même de la nature la vie en s'appropriant sans concession ce qui l'entourait l'homme de l'ouest a vu son horizon ployer sous la charge de la destruction qu'il lui avait lui-même réalisée sommes nous des lycanthropes ou des vampires ces monstres si terrifiants qui sortent de notre imagination sont ils en réalité la copie de notre comportement dévastateur prédateurs nous pompons sans remords les énergies qui nous entourent jusqu'où ira t on

From Self-Destruction to Inner Peace 2004

what is truly disturbing about the rooms is not their construction they're only as big as a walk-in closet minus the clothes and shelves and racks but what is held within them virtual women created solely for the pleasure of men except these virtual replications are for a more visceral type of enjoyment killing programmed solely to be harmed by the men who purchase them these holograms are termed hommies able to do things real women cannot willing to give themselves completely to the man who buys them until there is a glitch a bug in the program and one of the women a hommie starts to become self-aware and question her existence at the expense of her user s

the 21 artists who share their stories of madness trauma addiction abuse and self destruction and their relationship to art leave no vulnerable detail unwritten shameless a visceral look at the bizarre entanglement of destructive and creative forces live through this is a collection of original stories essays artwork and photography it explores the use of art to survive abuse incest madness and depression and the often deep seated impulse toward self destruction including cutting eating disorders and addiction here some of our most compelling cartoonists novelists poets dancers playwrights and burlesque performers traverse the pains and passions that can both motivate and destroy women artists and mark a path for survival taken together these artful reflections offer an honest and hopeful journey through a woman s silent rage through the power inherent in struggles with destruction and the ensuing possibilities of transforming that burning force into the external release of art with contributions by nan goldin bell hooks patricia smith cristy c road carol queen annie sprinkle elizabeth stephens carolyn gage eileen myles fly diane dimassa bonfire madigan shive inga muscio kate bornstein toni blackman nicole blackman silas howard daphne gottleib and stephanie howell

The New Male 2001-07

an oral history in the vein of please kill me leftöver crack is a band of drug abusing dumpster diving cop hating queer positive pro choice crust punks that successfully blend ska punk pop hip hop and death metal genres they ve been banned from clubs states and counties and kicked off multiple record labels they ve received teen idol adoration and death threats from their fans they ve played benefits for a multitude of causes while leaving a trail of destruction in their wake but if you dig below the crusty black metal patch encased surface you ll find a contemplative nuanced band that quite literally permanently changed the punk rock community by combining catchy ska punk with lyrics that referenced political theorist michael parenti drug usage and suicide the band formed a unique mélange that was both provocative and challenging in fact the band s hooks were so sharp that after releasing their debut lp mediocre generic an entire culture of crack city rockers grew around the band pushing the youth towards both the positive and negative aspects of extreme punk rock of course being the combustible band that they are the band has gotten involved in its fair share of fiascoes full scale riots in phoenix and nyc getting punched out by their own fans showing up to tour florida with machetes after receiving death threats from the local gang architects of self destruction an oral history of leftöver crack traces the band s entire history by speaking to the band members themselves fellow musicians their fans and of course those that still hold a grudge against the loc fyi that s a lot of people

The Art of Self-Destruction 2013-07-18

now comes the second book of the controversial two book series examining war as a virus while the book to end all wars examined the historical progress of the virus the philosophy of self destruction will now explore the current impetus of the virus how it s spread and how to look for a cure

Essays in Self-destruction 1967

a true story about the devastating impacts of mental illness and domestic violence that saw one family self destruct in just 67 harrowing days told through the eyes of a hurting brother and son this tragic story follows three family members through a series of decisions that bring the family together and then tear them apart almost every family has a tumultuous chapter and this story is about the real impact mental illness and domestic violence can have the consequences are not only catastrophic for sufferers but also for those who love them travis tells his story with rawness and honesty but also with hope and humour

Live Through This 2011-01-04

a guide for people who want to experience a higher level of happiness and joy includes for practicing forgiveness acceptance emotional freedom technique eft nlp and self hypnosis understand how to use the mind instead of the allowing thoughts to control the mind

Essays in Self-destruction 1967

in dostoevsky as suicidologist amy d ronner illustrates how self homicide in fyodor dostoevsky s fiction prefigures emile durkheim s etiology in suicide as well as theories of other prominent suicidologists this book not only fills a lacuna in dostoevsky scholarship but provides fresh readings of dostoevsky s major works including notes from the house of the dead crime and punishment the idiot demons and the brothers karamazov ronner provides an exegesis of how dostoevsky s implicit awareness of fatalistic altruistic egoistic and anomic modes of self destruction helped shape not only his philosophy but also his craft as a writer in this study ronner contributes to the field of suicidology by anatomizing both self destructive behavior and suicidal ideation while offering ways to think about prevention but most expansively ronner tackles the formidable task of forging a ligature between artistic creation and the pluripresent social fact of self annihilation

Crack City Rockers 2021-08-10

this interdisciplinary collection of essays assembles historians health economists anthropologists and sociologists who examine the history of suicide from a variety of approaches to provide crucial insight into how suicide differs across nations cultures and time periods

36 Lessons in Self-Destruction 2013-10-05

do you or your close association experience feelings of low self esteem anxiety depression or suicidal thoughts frequently experiencing such thoughts is an alarm to remind take extra care of yourself do not abandon yourself it is time to love yourself accept your feelings talk about them find ways to deal with them the book explores multiple dimensions associated with such feelings and discusses practical ways to manage and cope with them the book is penned to approach this aspect with a focus on self initiative and explicitly discuss hesitation and unwillingness at each step an effort to overcome these roadblocks to move on a path of self love initiates self healing and helps to gradually mitigate the toxicity of negative thoughts this book conveys a strong message of respecting one s life and induce self love to overcome suicidal thoughts and depression

Live Through This 2010

let s face it there are thousands of books on the market on how to avoid self destructive behaviour but how many tell you to embrace self destruction enjoy it and pursue it to its fullest extent the goal of the book is simple to help you not to help yourself to that end the authors offer advice on everything from how to stalk an ex to how to develop a drinking problem wondering which gateway drug is right for you this book will help you decide not sure how much degradation you can take this book will help you push your limits no matter what self destructive behaviour you re interested in pursuing the chances are that this book will have some valuable advice and encouragement for you there is nothing more life affirming than total destruction but it can be a difficult and sometimes lonely road that is why if you remember only one thing as you read this book it should be this the whole point of self destruction is that it s fun if you re not having fun then you might as well be

taking vitamins working on your relationships and reading self help books your goal here should be to develop and pursue your self destructive tendencies to their fullest potential and have a good time doing it

THE PHILOSOPHY OF SELF DESTRUCTION 2018-06

singer s highly anticipated debut book collects and transforms work from his ten years as a mainstay of the nyc poetry scene with work that ranges from the laugh out loud funny to the silence and rage of loss forgive yourself these tiny acts of self destruction is a must read as the book unfolds jared guides the reader through fresh takes on the discussion of body image and body positivity side by side with all too familiar discussions of mental health anxiety and suicide it explores the complex cloth that is american culture and new york in particular taking extra time to examine his identity as a jewish american and how that underpins the authors daily experience forgive yourself is a modern handbook for finding yourself and your place without losing your way

Shattered 2020-09-02

in self destruction jeremy holds nothing back as he exposes himself and shares with the reader his own personal convictions from god this book will expose our natural self centered nature and will challenge you to surrender completely to christ self destruction shows you how to die of self daily so that you re able to live in the spirit of god

The Art of Self Destruction 2020-09

a work of subtle insights and of bold illumination written with persuasive eloquence it should become a classic in its field william styron will rush to the top of the list of important books on psychohistory balanced and provocative it s a blockbuster carl n degler stanford university an illuminating overview of the prevailing understanding of suicide over the past 300 years tracing current theories back in some cases to their roots in puritan new england kushner shows how the conflicting views of psychology sociology and biochemistry emerged and hardened into dogmatic theories within each discipline that impeded cross pollination fascinating stuff san diego tribune outstanding the only work i know that is adequate to the complexity and multidimensionality of suicide and which genuinely combines indeed synthesizes a wide range of disciplinary perspectives into a coherent and satisfying view of the issues a tour de force joel kovel m d

On Sham, Vulnerability and Other Forms of Self-destruction 1973

poetry self destruction is an uneasy harmonics between self self representation and other dissonant and deceptive their frequencies resound throughout the text amplifying and collapsing difference in the cosmology of self destruction the unified i breaks into a constellation of truths existing at different moments phrases gape unfinished or aslant syntax squirms and strips of prose replace rhyme with rupture yet the song calls for its response at a time of no moon moriarty asks what is fate what truth is capable of surviving its repetition

Dostoevsky as Suicidologist 2021-01-12

as a senior citizen of the united states for my lifetime and ancestry back to the 1700s i would like to encourage all people to love the united states as much as i do and strive to be the best citizen that they can be

Histories of Suicide 2009-01-01

this book tells about the stop the violence movement an effort by young rap stars and music industry colleagues to stop the violence in communities

The Self-destruction Syndrome 1985-01-01

a true story about the devastating impacts of mental illness and domestic violence that saw one family self destruct in just 67 harrowing days told through the eyes of a hurting brother and son this tragiv story follows three family members through a series of decisions that bring the family together and then tear them apart

almost every family has a tumultuous chapter and this story is about the real impact mental illness and domestic violence can have the consequences are not only catastrophic for sufferers but also for those who love them travis tells his story with rawness and honesty but also with hope and humour

Self Love 2021-08-07

looking for america asks sam toperoff ivan solotaroff has drawn the map and it takes you down down down to the junkyard of the dream machine he tells us exactly what happens when the devil comes to collect and tells it brilliantly ivan solotaroff never blinks never a remorselessly dispassionate chronicler of the absurd the troubled and the deformed ivan solotaroff has an uncanny ability to find his way into the private lives of public figures at their moments of greatest epiphany abasement and deluded grandeur with none of the judgement artifice or tropes of literary journalism the eleven essays of no success like failure present a vision of the american ego at its most fragile among them sympathy for the devil on the life times and burgeoning environmental awareness of charles manson in the land of the fischer king an account of bobby fischer s public reappearance in war ravaged serbia montenegro once a man twice a child which covers the criminal trials of soul star james brown superhuman all too superhuman on the pugilistic career and vagina dentata of mark gastineau king of the park on the rise and fall of the street comic charlie barnett in these tales of unknowns household names and has beens solotaroff shows us what it is like to be trapped in the harsh spotlight of american popular culture revealing in unflinching detail the hysteria and pathos of our national delusions

The Self-Destruction Handbook 2004

the conventional approach to suicide is psychiatric ask the average person why people kill themselves and they will likely cite depression but this approach fails to recognize suicide s social causes people kill themselves because of breakups and divorces because of lost jobs and ruined finances because of public humiliations and the threat of arrest while some psychological approaches address external stressors this comprehensive study is the first to systematically examine suicide as a social behavior with social catalysts drawing on donald black s theories of conflict management and pure sociology suicide presents a new theory of the social conditions that compel an aggrieved person to turn to self destruction interpersonal conflict plays a central but underappreciated role in the incidence of suicide examining a wide range of cross cultural cases jason manning argues that suicide arises from increased inequality and decreasing intimacy and that conflicts are more likely to become suicidal when they occur in a context of social inferiority as suicide rates continue to rise around the world this timely new theory can help clinicians scholars and members of the general public to explain and predict patterns of self destructive behavior
