armies major problems with the german way of war must not be ignored despite the military prowess of germany it lost both of the major wars of the 20th century the author explores the reasons why a nation with such a strong military reputation was unable to win its wars and achieve its goals he emphasizes that military power tactical and operational brilliance and victories in the field can easily be squandered if a nation has failed to set achievable goals and develop strategies to reach them this failure should not be lost on modern nations as they proceed into the 21st century

2017-12-14 the final chapter of the german russian volga colonies is filled with words like starvation torture mass murders deportation siberia and genocide why one would think that after all the trouble that tsarina catherine the great went to get the germans to come to russia and after living in the volga colonies for 100 years they would be welcome forever not so the russians felt the german russians were still germans at heart and not to be trusted this book covers the increasing stranglehold that the tsarist government clamped on the volga colonies around 1860 this was the start of 81 years of russian scheming to rid russia of the german russians also covered is their deportation and life in siberia and moscow s elimination of all traces of the german russians volga colonies genocide this is my third book in a series on the german russian volga colonies see all my books at my websites volga germans com darrelkaiserbooks com

A Dictionary of the German and English Languages ... 1960 in 1919 the treaty of versailles stripped germany of its overseas colonies this sudden transition to a post colonial nation left the men and women invested in german imperialism to rebuild their status on the international stage remnants of an earlier era these kolonialdeutsche colonial germans exploited any opportunities they could to recover renovate and market their understandings of german and european colonial aims in order to reestablish themselves as experts and fellow civilizers in discourses on nationalism and imperialism revenants of the german empire colonial germans imperialism and the league of nations tracks the difficulties this diverse group of colonial germans encountered while they adjusted to their new circumstances as repatriates to weimar germany or as subjects of the war s victors in the new african mandates faced with novel systems of international law colonial germans re situated their notions of imperial power and group identity to fit in a world of colonial empires that were not their own the book examines how former colonial officials settlers and colonial lobbies made use of the league of nations framework to influence diplomatic flashpoints including the naturalization controversy in southwest africa the locarno conference and the permanent mandates commission from 1927 1933 sean wempe revises standard historical portrayals of the league of nations form of international governance german participation in the league the role of interest groups in

international organizations and diplomacy and liberal imperialism in analyzing colonial german investment and participation in interwar liberal internationalism the project challenges the idea of a direct continuity between germany s colonial period and the nazi era

The German Wars 2010-11-15 johannes janssen s magisterial history of germany at the end of the middle ages is a definitive work on the subject drawing on a vast range of sources janssen explores the economic political religious and cultural developments that shaped this pivotal period of german history the result is a richly detailed and deeply engaging portrait of a society in flux that provides invaluable insights into the forces that have shaped modern germany this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Victories are Not Enough 2005 translated into english as the winner of the geisteswissenschaften international translation prize for work in the humanities and social sciences 2015 during the great war mass killing took place on an unprecedented scale violence and the german soldier in the great war explores the practice of violence in the german army and demonstrates how the killing of enemy troops the deaths of german soldiers and their survival were entwined as the war reached its climax in 1918 german soldiers refused to continue killing in their droves and thus made an active contribution to the german defeat and ensuing revolution examining the postwar period the chapters of this book also discuss the contested issue of a brutalization of german society as a prerequisite of the nazi mass movement

biographical case studies on key figures such as ernst jünger demonstrate how the killing of enemy troops by german soldiers followed a complex set of rules benjamin ziemann makes a wealth of extensive archival work available to an anglophone audience for the first time enhancing our understanding of the german army and its practices of violence during the first world war as well as the implications of this brutalization in post war germany this book provides new insights into a crucial topic for students of twentieth century german history and the first world war

History of the German People at the Close of the Middle Ages 1966 memories of kreisau and the german resistance is the personal account of freya von moltke a member of the kreisau circle a german resistance group that participated in the attempt to assassinate hitler on july 20 1944 freya s husband helmuth von moltke was a cofounder of the

circle and was executed after the failed assassination attempt ø freya recounts both personal details and sweeping historical events she describes the resistance work carried out during the meetings of the circle as well as the last days of kreisau after many of the members of the resistance were executed for their roles in the failed assassination attempt when the war ended in 1945 freya was evacuated from kreisau and the von moltke estate was given to poland

Moscow's Final Solution 2008 the word german was being used by the romans as early as the mid first century b c to describe tribes in the eastern rhine valley nearly two thousand years later the richness and complexity of german history have faded beneath the long shadow of the country s darkest hour in world war ii now award winning historian steven ozment whom the new yorker has hailed as a splendidly readable scholar gives us the fullest portrait possible in this sweeping original and provocative history of the german people from antiquity to the present holding a mirror up to an entire civilization one that has been alternately western europe s most successful and most perilous a mighty fortress boldly examines germany s tumultuous twentieth century in light of its earliest achievements as a prosperous civil and moral society tracing a line of continuity that began in ancient times and has endured through the ages despite its enemies and itself ozment s story takes us from the tribes of the roman empire and the medieval dynasties to the fall of the berlin wall and reunification he shows that the germans are a people who desire national unity yet have kept themselves from it by aligning with autocratic territorial governments and regional cultures from luther kant goethe and beethoven to marx einstein bismarck and hitler the country s leading figures have always tried to become everything and more than what ordinary mortals could be in fact germans living centuries apart have shared in different ways a common defining experience that is unique to their culture a convergence of external provocation and wounded pride and an unusual ability to exercise great power in response to both in this work of penetrating virtuoso scholarship steven ozment captures the soul of a nation that is at once ordered and chaotic disciplined and obsessive proud and uncertain epic in scope refreshing in its insights and written with nuance acumen and verve a mighty fortress presents the history of the germans as the story of humanity writ large

Revenants of the German Empire 2019-05-22 this volume provides a valuable contribution to our knowledge of eighteenth and nineteenth century intellectual life inside and outside germany prof karl s guthke harvard university this elegant collection of essays ranges across eighteenth and nineteenth century thought covering philosophy science literature and religion in the age of goethe a recognised authority in the field nisbet grapples with the major voices of the enlightenment and gives pride of place to the figures of lessing herder goethe and schiller these eleven essays range widely in their

compass of thought and intellectual discourse dealing incisively with themes including the philosophical implications of literature and the relationship between religion science and politics the result is an accomplished reflection on german thought but also on its rebirth as nisbet argues for the relevance of these enlightenment thinkers for the readers of today the first half of this collection focuses predominantly on eighteenth century thought where names like lessing goethe and herder but also locke and voltaire feature the second has a wider chronological scope discussing authors such as winckelmann and schiller while branching out from discussions of religion philosophy and literature to explore the sciences issues of biology early environmentalism and natural history also form part of this volume the collection concludes with an examination of changing attitudes towards art in the aftermath of the age of goethe the essays in this volume have been previously published separately but are brought together in this collection to present nisbet s widely acclaimed perspectives on this fascinating period of german thought it will be of interest to scholars and students of the intellectual life of europe during the enlightenment while its engaging and lucid style will also appeal to the general reader

History Of The German People At The Close Of The Middle Ages; Volume 12 2023-07-18 this is a classic morality tale a story of the eternal struggle between good and evil it speaks of those who resisted that evil and of those who succumbed to it little is known about those whose courage and conviction drove them to risk and lose everything to bring the third reich to an end the story of georg elser and his attempt to assassinate adolf hitler encapsulates the wider story of the anti nazi german resistance almost perfectly all the moral and ethical issues and the practical problems that the resisters faced are found in his story in sum it is a microcosm of the larger story elser personified the entire resistance movement presented within the broader context of german history and contemporary world events this comprehensive study relies on extensive historiography by noted scholars to produce a well balanced timely narrative of the german resistance to one of history s most violent regimes traitors or patriots tells a story of incredible courage and conviction that transcends time and place a story for our own time and for all time *Violence and the German Soldier in the Great War* 2017-09-21 analyzes the role of the non nazi german right in the destabilization and paralysis of weimar democracy from 1918 to 1930

Memories of Kreisau and the German Resistance 2003-01-01 unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts

we feel they deserve to be made available for future generations to enjoy

A Mighty Fortress 2004-03-30 during his political career helmut kohl used his own life story to promote a normalization of german nationalism and to overcome the stigma of the nazi period in the context of the cold war and the memory of the fascist past he was able to exploit the combination of his religious generational regional and educational he has a phd in history experiences by connecting nationalist ideas to particular biographical narratives kohl presented himself as the embodiment of normality a de radicalized german nationalism which was intended to eclipse any anti western and post national peculiarities this book takes a biographical approach to the study of nationalism by examining its manifestation in helmut kohl and the way he historicized germany s past

Foreign Relations of the United States, 1951: European security and the German question 1977 reprint of the original first published in 1875

A Practical Grammar of the German Language 1844 first published in 1991 this collection of original studies by british german and american historians examines the whole range of modern german bourgeoisie groups including professional mercantile industrial and financial bourgeoisie and the bourgeois family drawing on original research the book focuses on the historical evidence as counterpoint to the well known literary accounts of the german bourgeoisie it also discusses bourgeois values as manifested in the cult of local roots and in the widespread practice of duelling edited by two of the most respected scholars in the field this important reissue will be of value to any students of modern german and european history

On the Literature and Thought of the German Classical Era 2021-05-20 the author of all the kaiser s men provides a very helpful reference to the battles which finally led to the german army s defeat in the field the western front association few pivotal years in history are less understood than that of 1918 it was a momentous period which began with germany s desperate gamble to win the great war through a sequence of offensives on the western front ian passingham s graphic new study draws on a wide range of original german british and french sources and it features previously unpublished eyewitness accounts and photographs he boldly reassesses german military doctrine the strategic thinking behind the offensives and the effectiveness of the stormtroop tactics used he also considers how the poor state of german military morale and the privations and unrest of the german people contributed to the army s defeat

Traitors or Patriots? 2020-03-07 this insightful lecture by august william reinhard explores the cultural and psychological roots of the american national character drawing upon his extensive experience as a teacher and scholar of german culture reinhard identifies several key features of german temperament and values that have shaped american

identity this book is a must read for anyone interested in the history and culture of the united states and germany this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

A Dictionary of the German and English Languages 1868 combining text with practical exercises and discussion questions to stimulate readers this textbook covers a wide range of sociolinguistic issues relating to the german language and its role in societies around the world this accessible textbook offers students the opportunity to explore for themselves a wide range of sociolinguistic issues relating to the german language and its role in societies around the world it is written for undergraduate students who have a sound practical knowledge of german but who have little or no knowledge of linguistics or sociolinguistics it combines text with practical exercises and discussion questions to stimulate readers to think for themselves and to tackle specific problems in part one patrick stevenson invites readers to investigate and reflect on issues about the status and function of the german language in relation to its speakers and to speakers of other languages with which it comes into contact in part two the focus shifts to the forms and functions of individual features of the language this involves for example identifying features of regional speech forms analysing similarities and differences between written and spoken german or looking at the social meaning underlying different forms of address part three explores the relationship between the german language and the nature of germanness it concentrates on people s attitudes towards the language the ways in which it is changing and their views on what it represents for them *A Grammar of the German Language* 1911 reprint of the original first published in 1875

The German Right, 1918–1930 2020-04-02 it will shake up the ideas of all those who regard the staff of the nazi dominated german army as paragons of military competence the economist

Government and Politics of the German Empire 2012-08-01 by the autumn of 1918 germany was on the verge of starvation the result of four years of war and blockade sailors led a revolt in wilhelmshaven on 29 october 1918 followed by the kiel mutiny in the first days of november cascading eventually to germany s capitulation and the kaiser s abdication the hohenzollern family s rule had come to an end royalty historian john van der kiste the author of the recent best selling

prussian princesses here provides a full analysis of the kaiser's family heritage his leading part in the prussian militarism which in recently unified german led to a full national martial tradition simply bursting for a fight the book also tells of the vital events in later 1918 which led to the partial and then full abdication and the kaiser's pitiful escape to the neutral netherlands unwilling hosts for a somewhat unwelcome visitor the third reich also comes into play with hitler's initial ambivalent attitude and then the full floral tribute after the kaiser's death it also covers the anti hitler plotters who intended to use a hohenzollern prince as a figurehead to provide legitimacy to a post hitler germany

Helmut Kohl's Quest for Normality 2015 how can we understand what caused world war i what role did germany play this book encourages us to re think the events that led to global conflict in 1914 historians in recent years have argued that german leaders acted defensively or preemptively in 1914 conscious of the reich's deteriorating military and diplomatic position germany and the causes of the first world war challenges such interpretations placing new emphasis on the idea that the reich chancellor the german foreign office and the great general staff were confident that they could win a continental war this belief in germany's superiority derived primarily from an assumption of french decline and russian weakness throughout the period between the turn of the century and the eve of the first world war accordingly wilhelmine policy makers pursued offensive policies at the risk of war at important junctures during the 1900s and 1910s the author analyses the stereotyping of enemy states representations of war in peacetime and conceptualizations of international relations he uncovers the complex role of ruling elites political parties big business and the press and contends that the decade before the first world war witnessed some critical changes in german foreign policy by the time of the july crisis of 1914 for example the perception of enemies had altered with russia the traditional bugbear of the german centre and left becoming the principal opponent of the reich under these changed conditions german leaders could now pursue their strategy of brinkmanship using war as an instrument of policy to its logical conclusion

An Account of the Manners of the German Inhabitants of Pennsylvania, Written 1789 2023-11-19 this invaluable resource offers students a comprehensive overview of the german war machine that overran much of europe during world war ii with close to 300 entries on a variety of topics and a number of key primary source documents this book provides everything the reader needs to know about the german war machine that developed into the potent armed force under adolf hitler this expansive encyclopedia covers the period of the german third reich from january 1933 to the end of world war ii in europe in may 1945 dozens of entries on key battles and military campaigns military and political leaders military and intelligence organizations and social

and political topics that shaped German military conduct during World War II are followed by an illuminating epilogue that outlines why Germany lost World War II. A Documents section includes more than a dozen fascinating primary sources on such significant events as the Tripartite Pact among Germany, Italy, and Japan; the Battle of Stalingrad; the Normandy invasion; the Ardennes offensive; and Germany's surrender. In addition, six appendices provide detailed information on a variety of topics such as German Aces, military commanders, and military medals and decorations. The book ends with a chronology and a bibliography of print resources.

A Short History of the German Language 1970
voices from the gulag draws on a wealth of available sources to tell the story of the German settlements in Russia from their beginning during the reign of Empress Catherine the Great to their accomplishments and finally their destruction under Stalin. It relates the harsh living conditions of the survivors in Siberia and Central Asia under subsequent Communist governments and finally with the collapse of the Soviet Union their return to their ancient homeland. Their personal stories tell of their suffering as well as their ability to overcome the hardships of the Soviet Union. Author Ulrich Merten was born in Berlin, Germany, and came to the United States as a small child before the Second World War. His family were political refugees because his father was a lawyer in the Prussian Ministry of the Interior, active in prosecuting the Nazi Party. He was fired immediately when Hitler became Chancellor of Germany in 1933 and sent to Oranienburg concentration camp, charged with high treason. Mr. Merten grew up in New York City and after the war returned to Europe, studying at the University of Zurich, Switzerland, and the University of Zaragoza in Spain. He subsequently earned his BA degree at Columbia College, Columbia University, and an MA at the Graduate Faculty, Columbia University. In his professional life, he was an international banker, a senior executive of the Bank of America, working almost exclusively in Latin America and the Caribbean over a period of 38 years. His book *Forgotten Voices: The Expulsion of the Germans from Eastern Europe after World War II* was published in 2012. There have been eight editions of the book, including soft cover and e-book editions. The author lives in Miami with his wife.
