Dissolving Wedlock 2002-09-11

alongside the three revolutions we usually identify with the long eighteenth century the french revolution the american revolution and the glorious revolution of 1688 enlightenment ideology gave rise to a quieter but no less significant revolution which was largely the fruit of women s imagination and the result of women s work in the domestic revolution eve tavor bannet explores how eighteenth century women writers of novels conduct books and tracts addressed key social political and economic issues revising public thinking about the family and refashioning women s sexual and domestic conduct bannet examines the works of women writers who fell into two distinct camps matriarchs such as eliza haywood maria edgeworth and hannah more argued that women had a superiority of sense and virtue over men and needed to take control of the family egalitarians such as fanny burney mary hays and mary wollstonecraft sought to level hierarchies both in the family and in the state believing that a family should be based on consensual relations between spouses and between parents and children bannet shows how matriarch and egalitarian writers in their different ways sought to raise women from their inferior standing relative to men in the household in cultural representations and in prescriptive social norms both groups promoted an idealized division of labor between women and men later to be dubbed the doctrine of separate spheres the domestic revolution focuses on women s debates with each other and with male ideologues alternating between discursive and fictional arguments to show how women translated their feminist positions into fictional exemplars bannet demonstrates which issues joined and

separated different camps of eighteenth century women tracing the origins of debates that continue to shape contemporary feminist thought

The Domestic Revolution 2000-11-10

the atlantic represented a world of opportunity in the eighteenth century but it represented division also separating families across its coasts whether due to economic shifts changing political landscapes imperial ambitions or even simply personal tragedy many families found themselves fractured and disoriented by the growth and later fissure of a larger atlantic world such dislocation posed considerable challenges to all individuals who viewed orderly family relations as both a general and a personal ideal the more fortunate individuals who thus found themselves all at sea were able to use family letters with attendant emphases on familiarity sensibility and credit in order to remain connected in times and places of considerable disconnection portraying the family as a unified affectionate and happy entity in such letters provided a means of surmounting concerns about societies fractured by physical distance global wars and increasing social stratification it could also provide social and economic leverage to individual men and women in certain circumstances sarah pearsall explores the lives and letters of these families revealing the sometimes shocking stories of those divided by sea ranging across the anglophone atlantic including mainland american colonies and states britain and the british caribbean pearsall argues that it was this expanding atlantic world much more than the american revolution that reshaped contemporary ideals about families as much as families themselves reshaped the transatlantic world

Atlantic Families 2008-11-27

how did christians in early modern western europe express their sense of community this book explores the various ways in which religious identities were defined developed and defended within both protestant and roman catholic contexts in england and on the continent over a period vital for the history of christianity as such it will be of interest not only to historians of religion but also to students of social and cultural history in general

Christianity and Community in the West 2017-03-02

Rethinking Children's Citizenship 2012-11-16

a strikingly original work that shows how treatments of and attitudes towards suicide can illuminate our understanding of the social political and cultural history of early modern britain

Punishing the Dead? 2010-08-05

the encyclopedia of historians and historical writing contains over 800 entries ranging from lord acton and anna comnena to howard zinn and from herodotus to simon schama over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like jürgen habermas and clifford geertz whose theoretical contributions have informed historical debate additionally the encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the ancient near east to the history of sexuality in addition to the western tradition it includes substantial assessments of african asian and latin american historians and debates on gender and subaltern studies

Encyclopedia of Historians and Historical

Writing 2019-10-09

this book investigates the part that anglicanism played in the lives of lay people in england and wales between 1689 and 1750 it is concerned with what they did rather than what they believed and explores their attitudes to clergy religious activities personal morality and charitable giving using diaries letters account books newspapers and popular publications and parish and diocesan records dr jacob demonstrates that anglicanism held the allegiance of a significant proportion of all people they took the lead in managing the affairs of the parishes which were the major focus of communal and social life and supported the spiritual and moral discipline of the church courts he shows that early eighteenth century england and wales remained a largely traditional society and that methodism emerged from a strong church which was central to the lives of most people

Christianity and Sexuality in the Early Modern World 2000

this book includes some of the papers presented and discussed at the european regional conference of the international society of family law isfl held in tossa de mar and girona on the 9th and 10th of october 2003 n

Handbook of Marriage and the Family 2013-06-29

england is well known as the only protestant state not to introduce divorce in the sixteenth century reformation only at the end of the seventeenth century did divorce by private act of parliament become available for a select few men and only in 1857 did the divorce act and its creation of judicial divorces extend the possibility more broadly aspects of the history of divorce are well known from studies which typically privilege the records of the church courts that claimed a monopoly on marriage but why did england alone of all protestant jurisdictions not allow divorce with remarriage in the era of the reformation and how did people in failed marriages cope with this absence one part of the answer to the first question kesselring and stretton argue and a factor that shaped people s responses to the second lay in another distinctive aspect of english law its common law formulation of coverture the umbrella term for married women s legal status and property rights the bonds of marriage stayed tightly tied in post reformation england in part because marriage was as much about wealth as it was about salvation or sexuality and english society had deeply invested in a system that subordinated a wife s identity and property to those of the man she married to understand this dimension of divorce s history this study looks beyond the church courts to the records of other judicial bodies the secular courts of common law and equity to bring fresh perspective to a history that remains relevant today

The Role of Self-determination in the Modernisation of Family Law in Europe 2006

modern criminal courts are characteristically the domain of lawyers with trials conducted in an environment of formality and solemnity where facts are found and legal rules are impartially applied to administer justice recent historical scholarship has shown that in england lawyers only began to appear in ordinary criminal trials during the eighteenth century however and earlier trials often took place in an atmosphere of noise and disorder where the behaviour of the crowd significant body language meaningful looks and audible comment could influence decisively the decisions of jurors and judges this collection of essays considers this transition from early scenes of popular participation to the much more orderly and professional legal proceedings typical of the nineteenth century and links this with another important shift the mushroom growth of popular news and comment about trials and punishments which occurred from the later seventeenth century it hypothesizes that the popular participation which had

been a feature of courtroom proceedings before the mid eighteenth century was not stifled by lawyerization but rather partly relocated to the public sphere of the press partly because of some changes connected with the work of the lawyers ranging from the early 1700s to the mid nineteenth century and taking account of criminal justice proceedings in scotland as well as england the essays consider whether pamphlets newspapers ballads and crime fiction provided material for critical perceptions of criminal justice proceedings or alternatively helped to convey the official majesty intended to legitimize the law in so doing the volume opens up fascinating vistas upon the cultural history of britain s legal system over the long eighteenth century

***Marriage, Separation, and Divorce in England, 1500-1700* 2022-02-17**

health and the modern home explores shifting and contentious debates about the impact of the domestic environment on health in the modern period drawing on recent scholarship contributors expose the socio political context in which the physical and emotional environment of the modern home and family became implicated in the maintenance of health and in the aetiology and pathogenesis of diverse psychological and physical conditions in addition they critically analyze the manner in which the expression and articulation of medical concerns about the domestic environment served to legitimate particular political and ideological positions

Crime, Courtrooms and the Public Sphere in Britain, 1700-1850 2013-01-28

richard hooker 1554 1600 is often credited with being the founding father of anglican moral theology this book is the first major study to examine in depth the extent to which this claim is justified and to evaluate the nature of hooker s contribution to this aspect of anglican tradition the study roots hooker firmly within his own historical context and considers his text principally on its own terms thus it avoids many of the problems that have bedevilled modern hooker scholarship particularly where attempts have been made to claim him for one particular theological tradition over another or to approach his work primarily with an eye to its continued relevance to contemporary debate within anglicanism both of which can lead to significant distortions in the way in which hooker is read and interpreted what emerges amounts to a significant re evaluation of much of the conventional wisdom about hooker s place within anglicanism as well as a range of original insights into the nature content and

style of his work and its wider significance

Health and the Modern Home 2008-02-07

this collection of multi authored essays not only refashions and revises critical understandings of the early modern dramatist ben jonson and his canon of work but is also self reflexive about the process it includes original essays by both established and emergent jonson scholars and employs materialist feminist and queer theory in the production of its readings of jonsonian playtexts and masques familiar and otherwise it is intended to encourage new approaches by students to this central figure from the renaissance

***Richard Hooker and Anglican Moral Theology* 2012-02-23**

collects twelve previously unpublished essays by one of britain s most eminent historians david cannadine including his inaugural and valedictory lectures at the institute of historical research a unique volume discussing the study and nature of history itself and a range of key topics and periods in british and imperial history

***Refashioning Ben Jonson* 1998-10-15**

this is the story of lady sarah cowper based on a diary that she kept from 1700 to 1716 she reveals not only her personal life but also her thoughts about religion politics and society weaving her own words with unattributed quotations from conduct manuals sermons periodicals and other sources

Making History Now and Then 2008-06-17

women s legal landmarks commemorates the centenary of women s admission in 1919 to the legal profession in the uk and ireland by identifying key legal landmarks in women s legal history over 80 authors write about landmarks that represent a significant achievement or turning point in women s engagement with law and law reform the landmarks cover a wide range of topics including matrimonial property the right to vote prostitution surrogacy and assisted reproduction rape domestic violence fgm equal pay abortion image based sexual abuse and the ordination of women bishops as well as the life stories of women who were the first to undertake key legal roles and positions together the landmarks offer a scholarly intervention in the recovery of women s lost history

and in the development of methodology of feminist legal history as well as a demonstration of women's agency and activism in the achievement of law reform and justice

Errant Plagiary 2002

how successful has Britain been in the twentieth century this is the question Robert Skidelsky poses in this fascinating analysis of a century in which Britain lost an empire fought two world wars founded the welfare state and weathered economic turbulence and technological upheaval we are accustomed to judging nations by their success in increasing or maintaining power by these measures Britain has failed to thrive but what of quality of life prosperity political cultural and moral values the British people are richer and healthier than in 1900 despite cataclysmic events and some fraying at the edges our society is more democratic and tolerant and our constitution of liberty has been preserved at a cost but inequality of wealth income is much as it was before 1914 finance is scarcely less proud or industry more content and history continues to be made by the elite starting with an assessment of the material political cultural and moral resources Britain brought to the twentieth century Skidelsky turns to how events and the actions of Lloyd George Churchill Thatcher and Blair had an impact upon them debating the nature of success and what the future might hold for the country

Women's Legal Landmarks 2018-12-27

the enactment of the divorce reform act 1969 was a landmark moment in family law coming into force in 1971 it had a significant impact on legal practice and was followed by a dramatic increase in divorce rates reflecting changes in social attitudes this new interdisciplinary collection explores the background to the 1969 act and its influence on law and society bringing together scholars from law sociology history demography and film and literature it reflects on the changes to divorce law and practice over the past 50 years and the changing impact of divorce on different people in society particularly women as such it offers a biography of this important piece of legislation moving from its conception and birth through its reception and development to its imminent demise looking to the future and to the new law introduced by the divorce dissolution and separation act 2020 this collection suggests ways for evaluating what makes a good divorce law this brilliant collection gives insight not only into this crucial piece of legislation but also into a key period of societal change

Britain Since 1900 - A Success Story?

2015-01-01

the diverse violence of modern Britain is hardly new the Britain of 1850 to 1950 was similarly afflicted the book is divided into four parts getting hurt which looks at everyday violence in the home including a chapter on infanticide uses and rejections two chapters on the use of violence within groups of men and women outside the home for example violence within youth gangs and male violence centred around pubs going public three chapters on how violence was regulated by law and the professional agencies which were set up to deal with it perceptions and representations this final section looks at how violence was written about using both fiction and non fiction sources throughout the book the recurring themes of gender class continuity and change public private and experience discourses and representations are highlighted

Fifty Years of the Divorce Reform Act 1969

2022-02-24

this book exposes the hidden history of marital violence and explores its place in English family life between the restoration and the mid nineteenth century in a time before divorce was easily available and when husbands were popularly believed to have the right to beat their wives Elizabeth Foyster examines the variety of ways in which men women and children responded to marital violence for contemporaries this was an issue that raised central questions about family life the extent of men's authority over other family members the limitations of women's property rights and the problems of access to divorce and child custody opinion about the legitimacy of marital violence continued to be divided but by the nineteenth century ideas about what was intolerable or cruel violence had changed significantly this accessible study will be invaluable reading for anyone interested in gender studies feminism social history and family history

Everyday Violence in Britain, 1850-1950

2014-07-30

the texts reproduced in facsimile in the three volumes of legal treatises reconstruct the legal status of the early modern Englishwoman to facilitate a reading of the treatises by broadly defining many of the laws discussed in great detail in the treatises a general introduction to the laws of the period provides concise overviews of the structure of the English legal system the legal education of practitioners of the law the kinds of legal literature produced in the period and

the legal position of early modern englishwomen a bibliography of important secondary scholarship devoted to the early modern englishwoman s legal position assists the reader in obtaining more specialized knowledge in addition to the general introduction a separate introduction to each of the reproduced works is provided including information about each work s publication and authorship intended audience content and reception in order to provide this framework for the years 1600 1750 this first volume of legal treatises reproduces the lawes resolutions of womens rights 1632 the first known treatise devoted to the legal rights of women the womans lawyer as the treatise s running headline and spine title read was published anonymously in 1632 the title page fails to identify the original author of the work and its authorship remains in question today at over 400 pages the text represents a massive effort of consolidation organizing the disparate and hitherto uncompiled aspects of the common law applicable to women into a logical framework it is unusual among early modern legal treatises in its stated goal of providing a popular kind of instruction to its readers

Marital Violence 2005-08-25

this text discusses the development of the women s co operative guild from the 1880s to world war ii charting the rise and fall of a feminist organization the author assesses its political significance and examines the causes of its demise

Legal Treatises 2017-09-19

fully revised and updated this classic text provides the authoritative introduction to the history of the english common law the book traces the development of the principal features of english legal institutions and doctrines from anglo saxon times to the present and combined with baker and milsom s sources of legal history offers invaluable insights into the development of the common law of persons obligations and property it is an essential reference point for all lawyers historians and students seeking to understand the evolution of english law over a millennium the book provides an introduction to the main characteristics institutions and doctrines of english law over the longer term particularly the evolution of the common law before the extensive statutory changes and regulatory regimes of the last two centuries it explores how legal change was brought about in the common law and how judges and lawyers managed to square evolution with respect for inherited wisdom

Feminism, Femininity and the Politics of

Working Women 2005-08-11

teeming with creatures both real and imagined this encyclopedic study in cultural history illuminates the hidden web of connections between the victorian fascination with fairies and their lore and the dominant preoccupations of victorian culture at large carole silver here draws on sources ranging from the anthropological folkloric and occult to the legal historical and medical she is the first to anatomize a world peopled by strange beings who have infiltrated both the literary and visual masterpieces and the minor works of the writers and painters of that era examining the period of 1798 to 1923 strange and secret peoples focuses not only on such popular literary figures as charles dickens and william butler yeats but on writers as diverse as thomas carlyle arthur conan doyle and charlotte mew on artists as varied as mad richard dadd aubrey beadsley and sir joseph noel paton and on artifacts ranging from fossil skulls to photographs and vases silver demonstrates how beautiful and monstrous creatures fairies and swan maidens goblins and dwarfs cretins and changelings elementals and pygmies simultaneously peopled the victorian imagination and inhabited nineteenth century science and belief her book reveals the astonishing complexity and fertility of the victorian consciousness its modernity and antiquity its desire to naturalize the supernatural its pervasive eroticism fused with sexual anxiety and its drive for racial and imperial dominion

An Introduction to English Legal History 2019

christianity and sexuality in the early modern world surveys the ways in which people from the time of luther and columbus to that of thomas jefferson used christian ideas and institutions to regulate and shape sexual norms and conduct and examines the impact of their efforts global in scope and geographic in organization the book contains chapters on protestant catholic and orthodox europe latin america and the caribbean africa and asia and north america it explores key topics including marriage and divorce fornication and illegitimacy clerical sexuality same sex relations witchcraft and love magic moral crimes and interracial relationships the book sets its findings within the context of many historical fields including the history of gender and sexuality and of colonialism and race each chapter in this third edition has been updated to reflect new scholarship particularly on the actual lived experience of people around the world this has resulted in expanded coverage of nearly every issue including notions of the body and of honor gendered religious symbols religious and racial intermarriage sexual and gender fluidity the process of conversion the interweaving of racial identity and religious ideologies and the role of indigenous and enslaved people in shaping christian traditions and practices it is ideal for

students of the history of sexuality early modern christianity and early modern gender
