when i decided to write my third manuscript double life it was a very tough decision to go actually ahead with it my writing style incorporates a lot of my personal experiences into the building of a story double life is a story about the memoirs of a young man and how he went from a relatively innocent teenager to transforming into a feared violent wise guy and deep cover agent the story is about his double life a calm life with his family and the separate life of a vicious hunter assassin and body guard it s a story of his life in organized crime and of being recruited to work indirectly for the government it s an emotional roller coaster ride for the main character from his mid teens to his mid thirties his love for the ladies and how his double life eventually brought him into forced retirement after it burned him out and had him seeking peace and solitude in the end he had to find the one special woman he could finish his life out with that he felt completely comfortable with and to raise a family of their own double life is a raw and powerful story that will grip the reader tightly it will pull you into its world as you feel yourself becoming a part of the main character or at least as close as a close friend can be when the end comes you will feel the anguish of a story that needs to be told if you can put the book down you will be in deep thought wondering what it would be like to be the main character and having your world evolve into a very dangerous adrenaline filled rush of life death conspiracy trafficking and living a double life
