## **The Rhetorical Career of Cesar Chavez 2003-04**

although born into one of the least powerful segments of american society césar chávez led the farm labor movement to unprecedented heights his powerful effect on audiences is well known but award winning scholars john c hammerback and richard j jensen offer the first explanation of how chávez achieved that effect although other studies of chávez exist none has examined so thoroughly his rhetoric nor analyzed in depth such a large number of chávez s own texts scores of which have previously been unstudied chávez was an indefatigable speaker writer and non discursive communicator who developed a well thought out approach to his rhetorical discourse and placed his speaking and writing at the very center of his career by merging thought and character in his themes arguments and explanations and in his first and second personae chávez was able to identify with the character of his listeners that identification induced many audience members to support chávez s agenda for union activism the authors have developed a model to help explain chávez s startling transformation of some audiences and persuasion of others hammerback and jensen reveal that chávez s world view motivated him to work tirelessly and directed him to the particular rhetorical qualities and techniques that characterized his discourse the authors also demonstrate chávez s surprising effectiveness as a rhetor despite his soft spoken style uncharacteristic of most powerful orators

## **César Chávez, the Catholic Bishops, and the Farmworkers' Struggle for Social Justice 2022-06-21**

césar chávez and the farmworkers struggle for justice polarized the catholic community in california s central valley

during the 1965-1970 Delano grape strike because most farmworkers and landowners were Catholic, the American Catholic Church was placed in the challenging position of choosing sides in an intrafaith conflict. Twice Chávez petitioned the Catholic Church for help. Finally in 1969, the American Catholic hierarchy responded by creating the Bishops Ad Hoc Committee on Farm Labor. This committee of five bishops and two priests traveled California's Central Valley and mediated a settlement in the five-year conflict. Within months, a new and more difficult struggle began in California's lettuce fields. This time the Catholic Church drew on its long-standing tradition of social teaching and shifted its policy from neutrality to outright support for César Chávez and his union, the United Farmworkers UFW. The Bishops Committee became so instrumental in the UFW's success that Chávez declared its intervention the single most important thing that has helped us. Drawing upon rich, untapped archival sources at the United States Conference of Catholic Bishops, Marco Prouty exposes the American Catholic hierarchy's internal and often confidential deliberations during the California farm labor crisis of the 1960s and 1970s. He traces the church's gradual transition from reluctant mediator to outright supporter of Chávez, providing an intimate view of the church's decision-making process and Chávez's steadfast struggle to win rights for farmworkers. This lucid, solidly researched text will be an invaluable addition to the fields of labor history, social justice, ethnic studies, and religious history.

### ***César Chávez 2010-02-09***

Labor leader, social justice advocate, Chicano leader, and humanitarian are only some of the multifaceted renderings of César Chávez. Ilan Stavans has compiled essays and first-person narratives that capture the multiple dimensions of this storied figure. To that end, Stavans's collection of timely articles separates fact from fiction, or as he puts it, the objective is the opposite of hagiography. Broken into two sections, *César Chávez* explores a variety of topics central to understanding the actual person instead of a shadowy apparition. The first part, *Considerations*, offers critical assessments of Chávez's life that utilize different approaches to understanding his life, including cultural studies, critiques, historical narrative that provide invaluable context, and even eulogies following his untimely death. The second section, *Voices*, includes personal reflections on Chávez's life that explore his religiosity, his role as an everyman, and the decline of the United Farmworkers Union. The title is certain to assist readers in better comprehending this groundbreaking labor leader.

Ultimately, Sandino saw himself as a divine incarnation in exploring how religion dominated his persona and activated his political and social projects. This book portrays Sandino as not just a rebel but a revolutionary prophet and messiah. It is at once an intriguing and significant contribution to the growing literature on Sandino, on Nicaraguan and Latin American history, and on millenarian movements and religions. **Book Jacket**
