Waterloo : New Perspectives 1999

arguing that much of the accepted knowledge of the battle of waterloo is corrupted and one sided this book re examines the entire collection of the letters of captain william siborne whose model of the battle has been highly influential

Napoleon Victorious! 2017-09-30

it is june 1815 and an anglo led allied army under the duke of wellington s command and gebhard leberecht von blücher is set to face napoleon boneparte near waterloo in present day belgium what happens next is well known to any student of history the two armies of the seventh coalition defeated bonaparte in a battle that resulted in the end of his reign and of the first french empire but the outcome could have been very different as peter tsouras demonstrates in this thought provoking and highly readable alternate history of the fateful battle by introducing minor but realistic adjustments tsouras presents a scenario in which the course of the battle runs quite differently which in turn sets in motion new and unexpected possibilities cleverly conceived and expertly executed this is alternate history at its best

The Great Waterloo Controversy 2020-12-02

as the battle of waterloo reached its momentous climax napoleon s imperial guard marched towards the duke of wellington s thinning red line the imperial guard had never tasted defeat and nothing it seemed could stop it smashing through the british ranks but it was the imperial guard that was sent reeling back in disorder its columns ravaged by the steady volleys of the british infantry the credit for defeating the imperial guard went to the 1st foot guards which was consequently honored for its actions by being renamed the grenadier guards the story did not stop there however as the 52nd foot also contributed to the defeat of the imperial guard yet received no comparable recognition the controversy of which corps deserved the credit for defeating the imperial guard has continued down the decades and has rightly become a highly contentious subject over which much ink has been spilled but now thanks to the uncovering of the previously unpublished journal of charles holman of the 52nd foot gareth glover is able to piece together the exact sequence of events in those final fatal moments of the great battle along with numerous other firsthand accounts gareth glover has been able to understand the most likely sequence of events the reaction to these events immediately after the battle and how it was seen within the army in the days after the victory who did wellington honor at the time how did the foot guards gain much of the credit in london was there an establishment cover up were the 52nd robbed of their glory do the recent much publicized arguments stand up to impartial scrutiny the great waterloo controversy is the definitive answer to these questions and will finally end this centuries old conundrum

The Battle of Quatre Bras 1815 2016-09-02

major richard llewellyn who fought at quatre bras wrote in 1837 that had it not been so closely followed by the victory of waterloo perhaps the gallant exploits and unexampled bravery that marked that day would have excited even more admiration than was actually associated with it this book stands out from the wealth of napoleonic literature in that it is the first english language account to focus solely on the battle of quatre bras it is based upon extensive research and in many cases unpublished personal accounts from all participating countries as well as a detailed topographic aerial survey of the battlefield these combine to provide a highly

personal balanced and authoritative work the author unravels the controversies of a battle where commanders made errors of omission and commission and where cowardice rubbed shoulders with heroism this is the story of a battle that turned a campaign of triumph and disaster it is a story of two great generals but more importantly of the intense human experience of those that they led it is a book that will appeal to both the scholar and the generalist

The News from Waterloo 2015-04-28

the duke of wellington's victory over napoleon in 1815 at waterloo ensured british dominance for the rest of the nineteenth century it took three days and two hours for word to travel from belgium in a form that people could rely upon this is a tragicomic midsummer's tale that begins amidst terrible carnage and weaves through a world of politics and military convention enterprise and roguery frustration doubt and jealousy to end spectacularly in the heart of regency society at a grand soiree in st james's square after feverish journeys by coach and horseback a channel crossing delayed by falling tides and a flat calm and a final dash by coach and four from dover to london at least five men were involved in bringing the news or parts of it to london and their stories are fascinating brian cathcart a brilliant storyteller and historian has visited the battlefield travelled the messengers' routes and traced untapped british french and belgian records this is a strikingly original perspective on a key moment in british history

Waterloo 1815 2012-01-31

one of the most decisive battles in military history waterloo saw the culmination of a generation of war to bring a definitive end to french hegemony and imperial ambitions in europe both sides fought bitterly and wellington later remarked that it was the nearest run thing you ever saw in your life in this bloody engagement more than 20 000 men were lost on the battlefield that day by each side but it was the anglo allies who emerged victorious their forces entered france and restored louis xviii to the throne while napoleon was exiled to the island of saint helena where he later died waterloo was a resounding victory for the british army and allied forces and it changed the course of european history in this concise yet detailed account historian gregory fremont barnes tells you everything you need to know about this critical battle

Reader's Guide to Military History 2013-10-31

this book contains some 600 entries on a range of topics from ancient chinese warfare to late 20th century intervention operations designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts the book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

Wellington's Wars 2012-06-26

arthur welllesley duke of wellington lives on in popular memory as the invincible general loved by his men admired by his peers formidable to his opponents this incisive book revises such a portrait offering an accurate and controversial new analysis of wellington's remarkable military career unlike his nemesis napoleon

wellington was by no means a man of innate military talent huw j davies argues instead the key to wellington s military success was an exceptionally keen understanding of the relationship between politics and war drawing on extensive primary research davies discusses wellington s military apprenticeship in india where he learned through mistakes as well as successes how to plan campaigns organize and use intelligence and negotiate with allies in india wellington encountered the constant political machinations of indigenous powers and it was there that he apprenticed in the crucial skill of balancing conflicting political priorities in later campaigns and battles including the peninsular war and waterloo wellington s genius for strategy operations and tactics emerged for his success in the art of war he came to rely on his art as a politician and tactician this strikingly original book shows how wellington made even unlikely victories possible with a well honed political brilliance that underpinned all of his military achievements

Napoleon, France and Waterloo 2016-11-30

so great is the weight of reading on the subject of the waterloo campaign that it might be thought there is nothing left to say about it and from the military viewpoint this is very much the case but one critical aspect of the story has gone all but untold the french home front little has been written about the topic in english and few works on napoleon or revolutionary and napoleonic france pay it much attention it is this conspicuous gap in the literature that charles esdaile explores in this erudite and absorbing study drawing on the vivid revealing material that is available in the french archives in the writings of soldiers who fought in france in 1814 and 1815 and in the memoirs of civilians who witnessed the fall of napoleon or the hundred days he gives us a fascinating new insight into the military and domestic context of the waterloo campaign the napoleonic legend and the wider situation across europe

Blundering to Glory 2006

renowned for its accuracy brevity and readability this book has long been the gold standard of concise histories of the napoleonic wars now in an updated and revised edition it is unique in its portrayal of one of the world s great generals as a scrambler who never had a plan strategic or tactical that did not break down or change of necessity in the field distinguished historian owen connelly argues that napoleon was the master of the broken play so confident of his ability to improvise cover his own mistakes and capitalize on those of the enemy that he repeatedly plunged his armies into uncertain seemingly desperate situations only to emerge victorious as he blundered to glory beginning with a sketch of napoleon s early life the book progresses to his command of artillery at toulon and the whiff of grapeshot in paris that netted him control of the army of italy where his incredible performance catapulted him to fame the author vividly traces napoleon s campaigns as a general of the french revolution and emperor of the french knowledgeably analyzing each battle s successes and failures the author depicts napoleon s art of war as a system of engaging the enemy waiting for him to make a mistake improvising a plan on the spot and winning far from detracting from bonaparte s reputation his blunders rather made him a great general a natural who depended on his intuition and ability to read battlefields and his enemy to win exploring this neglected aspect of napoleon s battlefield genius connelly at the same time offers stirring and complete accounts of all the napoleonic campaigns

The Wars of the French Revolution and Napoleon, 1792-1815 2012-10-02

written by an experienced author and expert in the field wars of the french revolution and napoleon 1792 1815 provides a thorough re examination of the crucial period in the history of france for students of history and military studies based on extensive research and including twenty detailed maps this study is unique in its focus on the wars of both the french revolution and napoleon owen connelly expertly analyzes them both to provide a broader context for warfare examining the

causes of the wars and how the practices of warfare during this period were to influence mode of combat throughout the nineteenth and twentieth centuries connelly also establishes trends discernable in the first and second world wars and examines key issues including the impact of the population explosion on armies and war the legacy of the ancient regime impact on revolutionary armies the impact of the revolution on leadership strategy organization and weaponry was napoleon s leadership style unique or could another have played his role contributions from the governments of the early revolution the terror the directory and the napoleonic regime what did twenty three successive years of war accomplish was this era a turning point in the history of warfare

Army History 1999

for more than twenty years europe had been torn apart by war dynasties had crumbled new states had been created and a generation had lost its young men when it seemed that peace might at last settle across europe terrible news was received napoleon had escaped from exile and was marching upon paris europe braced itself once again for war the allied nations agreed to combine against napoleon and in may 1815 they began to mass on france s frontiers the scene was set for the greatest battle the world had yet seen composed of more than 300 eyewitness accounts official documents parliamentary debates and newspaper reports voices from the past tells the story of napoleon s last battles as they were experienced and reported by the men and women involved heroic cavalry charges devastating artillery bombardments terrible injuries heart breaking encounters and amusing anecdotes written by aristocratic officers and humble privates alike fill the pages of this ambitious publication many of these reports have not been reproduced for almost 200 years

Voices from the Past: Waterloo 1815 2015-05-30

napoléon bonaparte a reference guide to his life and works cover all aspects of his life and work from his birth in corsica to his death in st helena includes a detailed chronology of napoléon bonaparte s life family and work the a to z section includes the major events places and people in napoleon s life appendixes listing napoleon s marshals his family a selection of the most important battles and a selection of the most significant treaties or documents the bibliography includes a list of publications concerning his life and works the index thoroughly cross references the chronological and encyclopedic entries

Napoléon Bonaparte 2019-12-15

what exactly is military history forty years ago it meant battles campaigns great commanders drums and trumpets it was largely the preserve of military professionals and was used to support national history and nationalism now though the study of war has been transformed by the war and society approach by the examination of identity memory and gender and a less euro centric and more global perspective generally it is recognised that war and conflict must be integrated into the wider narrative of historical development and this is why ian becketts research guide is such a useful tool for anyone working in this growing field it introduces students to all the key debates issues and resources while european and global perspectives are not neglected there is an emphasis on the british experience of war since 1500 this survey of british military history will be essential reading and reference for anyone who has a professional or amateur interest in the subject and it will be a valuable introduction for newcomers to it

A Guide to British Military History 2016-06-30

from the prizewinning author of *Europe* a riveting account of the heroic second light battalion which held the line at Waterloo defeating Napoleon and changing the course of history in 1815 the deposed emperor Napoleon returned to France and threatened the already devastated and exhausted continent with yet another war near the small Belgian municipality of Waterloo two large hastily mobilized armies faced each other to decide the future of Europe Napoleon's forces on one side and the Duke of Wellington on the other with so much at stake neither commander could have predicted that the battle would be decided by the second light battalion King's German Legion which was given the deceptively simple task of defending the Haye Sainte farmhouse a crucial crossroads on the way to Brussels in the longest afternoon Brendan Simms captures the chaos of Waterloo in a minute by minute account that reveals how these 400 odd riflemen successfully beat back wave after wave of French infantry the battalion suffered terrible casualties but their fighting spirit and refusal to retreat ultimately decided the most influential battle in European history

The Longest Afternoon 2015-02-10

a military historian assesses the leadership style of the man who defeated Napoleon the Duke of Wellington's victory at the battle of Waterloo cemented his reputation as a great general and much subsequent writing on his career has taken an uncritical sometimes chauvinistic view of his talents little has been published that fully pins down the reality of Wellington's leadership clearly identifying his weaknesses as well as his strengths George E. Jaycock in this perceptive and thought provoking reassessment does not aim to undermine Wellington's achievements but to provide a more nuanced perspective he clarifies some simple but fundamental truths regarding his leadership and his performance as a commander through an in depth study of his actions over the war years of 1808 to 1815 the author reassesses Wellington's effectiveness as a commander the competence of his subordinates and the qualities of the troops he led his study gives a fascinating insight into Wellington's career and abilities Wellington's command is absorbing reading for both military historians and those with an interest in the Napoleonic period

Wellington's Command 2020-01-19

what better way to read the momentous battle of Waterloo than to follow the movements of the main military commanders on that fateful day 18 June 1815 for the British side of the action we dog the footsteps and learn about the decisions and actions of the Duke of Wellington for the French perspective we follow both Napoleon Bonaparte and his right hand man Marshal Ney who in fact played the more critical role

Waterloo 2003-07-22

the eagle's last triumph is a compelling analysis of Napoleon's victory at Ligny on 16 June 1815 the fighting lasted for six hours but such was its bitterness that more than 20 000 were killed or wounded at least one in seven of the soldiers who fought this fascinating narrative examines the action in detail with many maps diagrams and first hand accounts eyewitnesses described the battlefield afterwards as an unforgettable spectacle in this illuminating book the author reveals how this important but incomplete triumph led just two days later to absolute defeat at Waterloo

The Leatherneck 1996

this illustrated a z encyclopedia provides easy access to information about the emperor napoleon over 300 entries cover significant events people and other topics such as the principal napoleonic campaigns all the major battles including waterloo and austerlitz napoleon s most important generals and marshals josephine de beauharnais and the napoleonic code napoleon also includes primary source documents a handy chronology of key events a bibliography and an index

The Eagle's Last Triumph 2015-05-04

make no mistake the confederacy had the will and valor to fight but the union had the manpower the money the matriel and most important the generals although the south had arguably the best commander in the civil war in robert e lee the north s full house beat their one of a kind flawed individually the union s top officers nevertheless proved collectively superior across a diverse array of battlefields and ultimately produced a victory for the union now acclaimed author albert castel brings his inimitable style insight and wit to a new reconsideration of these generals with the assistance of brooks simpson another leading light in this field castel has produced a remarkable capstone volume to a distinguished career in it he reassesses how battles and campaigns forged a decisive northern victory reevaluates the generalship of the victors and lays bare the sometimes vicious rivalries among the union generals and their effect on the war from shiloh to the shenandoah chickamauga to chattanooga castel provides fresh accounts of how the union commanders especially grant sherman sheridan thomas and meade but also halleck schofield and rosecrans outmaneuvered and outfought their confederate opponents he asks of each why he won was it through superior skill strength of arms enemy blunders or sheer chance what were his objectives and how did he realize them did he accomplish more or less than could be expected under the circumstances and if less what could he have done to achieve more and why did he not do it castel also sheds new light on the war within the war the intense rivalries in the upper ranks complicated by the presence in the army of high ranking non west pointers with political wagons attached to the stars on their shoulders a decade in the writing victors in blue brims with novel even outrageous interpretations that are sure to stir debate as certain as the union achieved victory it will inform provoke and enliven sesquicentennial discussions of the civil war

Army 1995

this book examines the history of the german army which for the best part of two centuries influenced the course of events in continental europe it was an army that studied the conduct of war at the highest levels planning for the destruction of its opponents during the early stages of a war on some occasions this principle succeeded brilliantly on others its details were flawed and the results were disastrous this new and exciting publication from seasoned historian and author bryan perrett charts the ups and downs of the german army from the days of frederick the great to the dying days of world war two it passes through the napoleonic period takes in the growth of war machinery under the leadership of clausewitz and moltke and acquaints the reader with the various victories won against austria in 1866 and france in 1870 it then moves forwards into the twentieth century following the course of the imperial german army its successes and ultimate failure in the great war its recovery in the inter war years and its final destruction under the leadership of hitler rnrnthe book is written for the professional and the general reader alike in the easy readable style that has ensured bryan perrett s international popularity as a military and naval historian

Napoleon 1999-12-01

the increasing capacity of states to muster violence the concomitant rise of military power as a meaningful instrument of foreign policy and the frequent episodic collapse of that power are considered in this examination of force order and diplomacy nathan points to periods of relative order and stability in international relations the time immediately prior to the rise of frederick the great for example or the half century after the napoleonic wars as times when states have been most vulnerable to spoilers and rogues only the power of the cold war blocs fostered durable order now notwithstanding novel elements of globalization international relations appear as dependent as ever on the prudent management of force students scholars and soldiers are frequently exposed to clausewitz westphalia napoleon world war i and the like but what makes these events and individuals so important this book is clausewitz s successor insisting that soldiers and statesmen know and master the integrative potential of force nathan provides a narrative account of the people and events that have shaped international relations since the onset of the state system he asserts that an understanding of the limits and utility of persuasion as well as the corresponding limits and utility of force will help assure national security in a world filled with more uncertainties than ever in the last 50 years

Victors in Blue 2015-11-20

as much as dogs cats or any domestic animal horses exemplify the vast range of human animal interactions horses have long been deployed to help with a variety of human activities from racing and riding to police work farming warfare and therapy and have figured heavily in the history of natural sciences social sciences and the humanities most accounts of the equine human relationship however fail to address the last few centuries of western history focusing instead on pre 1700 interactions equestrian cultures fills in the gap telling the story of how prominently horses continue to figure in our lives up to the present day kristen guest and monica mattfeld place the modern period front and center in this collection illuminating the largely untold story of how the horse has responded to the accelerated pace of modernity the book s contributors explore equine cultures across the globe drawing from numerous interdisciplinary sources to show how horses have unexpectedly influenced such distinctively modern fields as photography anthropology and feminist theory equestrian cultures boldly steps forward to redefine our view of the most recent developments in our long history of equine partnership and sets the course for future examinations of this still strong bond

Why the Germans Lost 2013-11-20

the second millennium of mankind has been characterised by almost incessant warfare somewhere on the face of the globe the art of war in twenty battles serves as a snapshot of the development of warfare over the past 1 000 years illustrating the bravery and suffering mankind has inflicted upon itself in developing what we call the art of war here military historian anthony tucker jones selects twenty battles that illustrate the changing face of warfare over the past thousand years from the viking shield wall to long bows and knights the emergence of gunpowder and finally the long range faceless warfare of today this is a look at the killing game and its devastating impact

Soldiers, Statecraft, and History 2002-08-30

in this completely revised and updated second edition historians john m carroll and colin f baxter have gathered an esteemed group of military historians to explore

the pivotal issues and themes in american warfare from the colonial era to the present conflict in iraq

Equestrian Cultures 2019-01-11

of the great powers that dominated europe from the eighteenth to the twentieth centuries prussia is the only one to have vanished iron kingdom is not just good it is everything a history book ought to be the nemesis of prussia has cast such a long shadow that german historians have tiptoed around the subject thus it was left to an englishman to write what is surely the best history of prussia in any language sunday telegraph

The Art of War in Twenty Battles 2018-04-02

a dedicated career soldier and excellent division and corps commander dominique vandamme was a thorn in the side of practically every officer he served outspoken to a fault he even criticized napoleon whom he never forgave for not appointing him marshal his military prowess so impressed the emperor however that he returned vandamme to command time and again in this first book length study of vandamme in english john g gallagher traces the career of one of napoleon s most successful midrank officers he describes vandamme s rise from a provincial youth with neither fortune nor influence to an officer of the highest rank in the french army gallagher thus offers a rare look at a napoleonic general who served for twenty five years during the wars of the french revolution and napoleonic empire this was a time when a general could lose his head if he lost a battle despite vandamme s contentious nature gallagher shows napoleon needed his skills as a commander and vandamme needed napoleon to further his career gallagher draws on a wealth of archival sources in france notably the vandamme papers in lille to draw a full portrait of the general he also reveals new information on such military events as the silesian campaign of 1807 and the disaster at kulm in 1813 gallagher presents vandamme in the context of the napoleonic command system revealing how he related to both subordinates and superiors napoleon s enfant terrible depicts an officer who was his own worst enemy but who was instrumental in winning an empire

The American Military Tradition 2007

in a period scarred by apprehensions of revolution war invasion poverty and disease elite members of society lived in fear of revolt boyd hilton examines the changes in society between 1783 1846 and the transformations from raffish and rakish behaviour to the new norms of victorian respectability

Iron Kingdom 2007-09-06

tour the belgian battleground where napoleon was defeated with historical background maps archival images and more in this book the acclaimed author of napoleon s wars provides a new guide to the battle of waterloo that presents the experience of the soldiers who took part in the battle in the most graphic and direct way possible through their own words in a series of walks he describes in vivid detail what happened in each location on june 18 1815 and quotes at length from eyewitness accounts of the men who were there each phase of the action during that momentous day is covered from the initial french attacks and the intense fighting at hougoumont and la haye sainte to the charges of the french cavalry against the british squares and the final doomed attack of napoleon s imperial guard this innovative guide to this historic site is fully illustrated with a selection of archive images from the war heritage institute in brussels modern color photographs

of the battlefield as it appears today and specially commissioned maps that allow those who visit in person to follow the course of the battle on the ground

Napoleon's Infant Terrible 2008

drummer richard bentinck of the 23rd of foot royal welch fusiliers was a rarity he survived many sanguinary experiences and recorded his adventures his writings provide an evocative portrait of an ordinary soldier s perception of living with one of the most experienced napoleonic infantry battalions he was discharged in 1823 for ill health but lived a full life dying in 1878 as an old man jonathan crook has meticulously researched his ancestor s life finding unpublished first hand accounts from bentinck of desperate conflict across the globe from copenhagen to martinique throughout the peninsular campaign and culminating at the battle of waterloo these accounts are drawn from interviews that bentinck conducted with a journalist just before his death the title of the book is taken from the battle of aldea de ponte wellington identified a tactical vulnerability and called for infantry to conduct an immediate manoeuvre on being informed that the 23rd of foot was best disposed he smiled and said ah the very thing demonstrative of his hard earned confidence

A Mad, Bad, and Dangerous People? 2008-06-19

writing to his mother the day after the fighting captain thomas wildman of the 7th hussars described a victory so splendid important that you may search the annals of history in vain for its parallel little wonder for waterloo was widely recognised even in its immediate wake as one of the most decisive battles in history after more than twenty years of uninterrupted conflict this single day s encounter finally put paid to french aspirations for european hegemony the culminating point of the french revolutionary and napoleonic wars waterloo also witnessed levels of determination and bravery by both sides which far exceeded anything experienced by the veterans of wellington s recent campaigns in spain and portugal indeed it was that unconquerable spirit which left over 50 000 men dead on the field of battle and tens of thousands of others wounded this thoroughly researched and highly detailed account of one of history s greatest human dramas looks first at the wider strategic picture before focusing on the tactical roles played by individual british units all meticulously examined with the benefit of an extensive array of hitherto unexploited primary sources which reveal the battlefield experience of officers and soldiers as never before refusing simply to repeat the same unchallenged accounts and to commit the same errors of previous historians this work relies exclusively on hundreds of first hand accounts by men of all ranks and from practically every british regiment and corps present on that fateful day to provide a fresh and revised perspective on one of the most pivotal events of modern times

Walking Waterloo 2019-06-30

this deep dive into the mind of the complex controversial political and military leader is a great addition to the field of napoleonics journal of military history no historical figure has provoked more controversy than napoleon bonaparte was he an enlightened ruler or brutal tyrant an insatiable warmonger or a defender of france against the aggression of the other great powers kind or cruel farsighted or blinkered a sophisticate or a philistine a builder or a destroyer napoleon was at once all that his partisans laud his enemies condemn and much more he remains fascinating because he so dramatically changed the course of history and had such a complex paradoxical character one thing is certain if the art of leadership is about getting what one wants then napoleon was among history s greatest masters he understood and asserted the dynamic relationship among military economic diplomatic technological cultural psychological and thus political power war was the medium through which he was able to demonstrate his innate skills leading his armies to victories across europe he overthrew france s corrupt republican

government in a coup then asserted near dictatorial powers those powers were then wielded with great dexterity in transforming france from feudalism to modernity with a new law code canals roads ports schools factories national bank currency and standard weights and measures with those successes he convinced the senate to proclaim him france s emperor and even got the pope to preside over his coronation he reorganized swaths of europe into new states and placed his brothers and sisters on the thrones this is napoleon as has never been seen before no previous book has explored his seething labyrinth of a mind more deeply and broadly or revealed more of its complex provocative and paradoxical dimensions napoleon has never before spoken so thoroughly about his life and times through the pages of a book nor has an author so deftly examined the veracity or mendacity of his words within are dimensions of napoleon that may charm appall or perplex many buried for two centuries and brought to light for the first time napoleon and the art of leadership is a psychologically penetrating study of the man who had such a profound effect on the world around him that the entire era still bears his name

The Very Thing 2011-02-21

in thomas hardy reappraised editor keith wilson pays tribute to millgate s many contributions to hardy studies by bringing together new work by fifteen of the world s most eminent hardy scholars

Waterloo 1815: The British Army's Day of Destiny 2014-11-03

the book in two volumes describes the evolution of judeo christianity and islam and 1 300 years of warfare between them islam and christianity follow gods with different characteristics and differing doctrines free will vs determinism they were engaged in bloody conflict from 632 ad until 1856 crimean war when the ottoman empire became the sick man of europe it reignited with egyptian encouragement backed by soviet money the arming of fedayeen terrorists in 1956 and the six day war following egypt s seizure of the sues canal and has become progressively more serious ever since

Air University Library Index to Military Periodicals 1996

known collectively as the great war for over a decade the napoleonic wars engulfed not only a whole continent but also the overseas possessions of the leading european states a war of unprecedented scale and intensity it was in many ways a product of change that acted as a catalyst for upheaval and reform across much of europe with aspects of its legacy lingering to this very day there is a mass of literature on napoleon and his times yet there are only a handful of scholarly works that seek to cover the napoleonic wars in their entirety and fewer still that place the conflict in any broader framework this study redresses the balance drawing on recent findings and applying a total history approach it explores the causes and effects of the conflict and places it in the context of the evolution of modern warfare it reappraises the most significant and controversial military ventures including the war at sea and napoleon s campaigns of 1805 9 the study gives an insight into the factors that shaped the war setting the struggle in its wider economic cultural political and intellectual dimensions

Napoleon and the Art of Leadership 2021-03-03

1815 was the year of waterloo the british victory that ended napoleon s european ambitions and ushered in a century largely of peace for britain but what sort of

country were wellington s troops fighting for and what kind of society did they return to stephen bates paints a vivid portrait of every aspect of britain in 1815 overseas the bounds of empire were expanding while at home the population endured the chill of economic recession as jane austen busied herself with the writing of emma john nash designed regent street humphrey davies patented his safety lamp for miners and lord s cricket ground held its first match in st john s wood and a nervous government infiltrated dissident political movements and resorted to repressive legislation to curb free speech the year in series gets to the heart of social and cultural life in the uk at key points in its history
