from mobile phones to consoles tablets and pcs we are now a generation of gamers the playstation dreamworld is to borrow a phrase from slavoj zizek the pervert s guide to videogames it argues that we can only understand the world of videogames via lacanian dream analysis it also argues that the left needs to work inside this dreamspace a powerful arena for constructing our desires or else the dreamworld will fall entirely into the hands of dominant and reactionary forces while cyberspace is increasingly dominated by corporate organization gaming at its most subversive can nevertheless produce radical forms of enjoyment which threaten the capitalist norms that are created and

endlessly repeated in our daily relationships with mobile phones videogames computers and other forms of technological entertainment far from being a book solely for dedicated gamers this book dissects the structure of our relationships to all technological entertainment at a time when entertainment has become ubiquitous we can no longer escape our fantasies but rather live inside their digital reality
