when the night came he went to the meeting place and quietly let himself be blindfolded raw as honoré de balzac is famed to be this daring novella never before published as a stand alone book is perhaps the most outlandish thing he ever wrote while still concerned with the depiction of the underside of parisian life as is most of balzac's oeuvre the girl with the golden eyes considers not the working lives of the poor but the sex lives of the upper crust in a nearly boroque rendering with erotically charged details as well as lush and extravagant language the girl with the golden eyes tells the story of a rich and ruthless young man in nineteenth century paris caught up in an amorous entanglement with a mysterious beauty his control slipping incest homosexuality sexual slavery and violence combine in what was then and still remains a shocking and taboo breaking work the art of the novella series too short to be a novel too long to be a short story the novella is generally unrecognized by academics and publishers nonetheless it is a form beloved and practiced by literature's greatest writers in the art of the novella series melville house celebrates this renegade art form and its practitioners with titles that are in many instances presented in book form for the first time
