brother and became the most famous reality tv star in the uk the glitz and glamour of jade s sudden fame was a far cry from the real life drama of the estate where she made her start brought up in a run down part of bermondsey south london caring for her disabled mum and with her dad in and out of prison she had experienced more by the time she started secondary school than most people do in their whole lifetime but jade always lived her life with incredible spirit and that is what endeared her to millions of people during her time on big brother behind the bubbly exterior though there was a tough and fiercely determined lady jade was always the first to admit that she had made mistakes and there were many trials and tribulations along the way but when she was diagnosed with cervical cancer in 2008 she faced the toughest battle of her life in the full glare of the national media jade fought with dignity and unbelievable strength of character never giving up hope and always striving to do the best she could for her beloved boys bobby and freddy in this the second instalment of her autobiography jade spares no detail as she reveals all about her time in therapy her tempestuous relationship with the love of her life jack tweed who she married in february 2009 and the trauma of her cancer diagnosis funny moving and disarmingly honest fighting to the end truly is a fitting tribute to one of britain s best loved celebrities
