this work examines a film distribution system paralleling the rise of early features and persisting until 1972 when *Man of La Mancha* was the final roadshow to require reserved seating synonymous with Hollywood star-studded premieres. Roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows often epic in subject matter played selected usually only one theaters in major urban centers until demand decreased. De rigueur by the 1960s were musical overtures, intermissions, *entre acte* and exit music, and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States but an appendix identifies international roadshows and films forecast but not released as roadshows. Included are plots, contemporary critical reaction, premiere dates, production background, and methods of promotion. I.e. *The Ballyhoo*, a guide to English language works that have been adapted as theatrical and television films. The esteemed film critic Jonathan Rosenbaum has brought global cinema to American audiences for the last four decades. His incisive writings on individual filmmakers define film culture as a diverse and ever-evolving practice, unpredictable yet subject to analyses just as diversified as his own discriminating tastes. For Rosenbaum, there is no high or low cinema, only more interesting or less interesting films. And the pieces collected here, from an appreciation of Marilyn Monroe's intelligence to a classic discussion on and with Jean-Luc Godard, amply testify to his broad intellect and multi-faceted talent. *Goodbye Cinema, Hello Cinephilia* gathers together over fifty examples of Rosenbaum's criticism from the past four decades, each of which demonstrates his passion for the way we view movies, as well as how we write about them. Charting our changing concerns with the interconnected issues that surround video, DVDs, the internet, and new media, the writings collected here also highlight Rosenbaum's polemics concerning the digital age, from the rediscovery and recirculation of classic films to the social and aesthetic impact of technological changes. Rosenbaum doesn't disappoint in assembling a magisterial cast of little-known filmmakers, as well as the familiar faces and iconic names that have helped to define our era. As we move into this new decade of moviegoing, one in which Hollywood will continue to feel the shockwaves of the digital age, Jonathan Rosenbaum remains a valuable guide. *Goodbye Cinema, Hello Cinephilia* is a consummate collection of his work, not simply for fans of this seminal critic, but for all those open to the wide variety of films he embraces and helps us to elucidate.
