The Law and Policy of the World Trade Organization 2005-06-10

this is primarily a textbook for graduate and upper level undergraduate students of law however practising lawyers and policy makers who are looking for an introduction to wto law will also find it invaluable the book covers both the institutional and substantive law of the wto while the treatment of the law is often quite detailed the main aim of this textbook is to make clear the basic principles and underlying logic of wto law and the world trading system each section contains questions and assignments to allow students to assess their understanding and develop useful practical skills at the end of each chapter there is a helpful summary as well as an exercise on specific true to life international trade problems

The WTO Agreements 2017-11-16

contains the complete and official texts of the wto agreements collated in one volume

Informal Commentary to Accompany Full Text 1946

the wto agreements are rewriting the rules of economic intercourse between countries and forging a multilateral framework for world trade this text presents the provisions in non technical language seeking not to detract from their legal precision it explains technical terms gives examples where appropriate and links widely scattered provisions in the agreements where they are connected in their operation the guide seeks to be useful to both those who are not yet acquainted with the subject and to those still needing clarification of certain concepts ideas and general provisions it aims to foster an understanding of wto agreements to help countries to know their rights

and obligations and industry and trade bodies to know the parameters within which they now operate

The World Trade Organization 1999-07

this third edition of one of the leading textbooks on world trade law offers what is in a number of ways a unique perspective on this important subject combining the best aspects of both casebook and treatise this comprehensive textbook provides detailed explanations and analysis of the law to help understand the issues as well as case extracts to offer a flavour of the judicial reasoning of trade adjudicators moreover the book is truly global in outlook being equally useful for students of international trade law in the uk europe the us asia and elsewhere around the world this updated edition includes in depth discussions of the most recent developments in international trade jurisprudence setting out important precedents that help establish the boundaries between global trade rules and domestic national autonomy in this era when political developments place even more importance on international trade it will be essential reading for all students scholars and practitioners in the field

World Trade Law 2018-02-22

this supplementary addendum updates the main text and any other main coursebook on the world trade organization

The Law of the World Trade Organization (WTO) 2010

if ever there existed a benign sounding organisation it is surely the world trade organisation the wto is the successor to gatt according to the wto itself its mission is dealing with the rules of trade between nations at its heart are the wto agreements the legal ground rules for international commerce and

for trade policy the agreements have three main objectives to help trade flow as freely as possible to achieve further liberalisation gradually through negotiation and to set up an impartial means of settling disputes this book seeks to illuminate some key issues related to the wto as well as present a detailed bibliography for future reference

World Trade Organization 2000

this text fully explains the role of the wto and how it operates in international cases of dispute resolution it gives practitioners in law government policy business administration banking finance and economics an incisive analysis of world trade practices

World Trade Without Barriers: the World Trade Organization (Wto) and Dispute Resolution ***1996-12-31***

Chamber of Commerce Administration *1927*

the world trade organisation plays the primary role in regulating international trade in goods services and intellectual property traditionally international trade law and regulation has been analysed primarily from the trade in goods perspective services are becoming an important competence for the wto the institutional legal and regulatory influence of the general

agreement on trade in services gats on domestic economic policymaking is attracting increasing attention in the academic and policymaking literature the growing importance of services trade to the global economy makes the application of the gats to trade in services an important concern of international economic policy the gats contains important innovations that build on the former gatt and existing wto gatt trade regime for goods this book fills a void in the academic and policymaking literature by examining how the gats governs international trade in services and its growing impact on the regulatory practice of wto member states it offers a unique discussion of the major issues confronting wto member states by analysing the gats and related international trade issues from a variety of perspectives that include law political economy regulation and business moreover the role of the wto in promoting liberalised trade and economic development has come under serious strain because of the breakdown of the doha development round negotiations the book analyses the issues in the doha services debate with some suggested policy approaches that might help build a more durable gats framework the book is a welcomed addition to the wto literature and will serve as a point of reference for academics policymakers and practitioners

World Trade Organization Dispute Settlement Decisions *2005-11-01*
