## ***Bioethics Beyond the Headlines 2005***

bioethics asks fundamental questions who lives who dies who decides these questions are relevant to us all too often the general public s sole encounter with these weighty questions is through sound bites fed to us by the media where complex difficult matters are typically presented in superficial and inaccurate terms here renowned bioethicist albert r jonsen equips readers with the tools and background to navigate the fascinating and complex landscape of bioethics bioethics beyond the headlines is a primer you will not find convoluted philosophical arguments in this volume rather you will find an engaging sampling of the key questions in bioethics including euthanasia

---

assisted reproduction cloning and stem cells neuroscience access to healthcare and even research on animals and questions of environmental ethics areas typically overlooked in general introductions to bioethics but a primer is not merely a first book it should also prime the interest of the reader to prepare the mind for a more expansive venture into these issues bioethics beyond the headlines intends to do just that

## ***Beyond the Headlines 1996***

awarded the 2019 most promising new textbook award by the textbook academic authors association this accessible and entertaining new textbook provides students with the knowledge and skills they need to understand the barrage of numbers encountered in their everyday lives and studies almost all the statistics in the news on social media or in scientific reports are based on just a few core concepts including measurement ensuring we count the right thing causation determining whether one thing causes another and sampling using just a few people to understand a whole population by explaining these concepts in plain language without complex mathematics this book prepares students to meet the statistical world head on and to begin their own quantitative research projects ideal for students facing statistical research for the first time or for anyone interested in understanding more about the numbers in the news this textbook helps students to see beyond the headlines and behind the numbers

## ***Critical Statistics 2018-09-26***

beyond the headlines a deeper look at middle eastern culture take a look at today s newspaper there will almost certainly be relevant news articles that involve the people of the middle east but what do these headlines tell us how do we understand what is happening in syria iran egypt and qatar through brief articles and sound bites who are the people behind those headlines beyond the headlines is for readers who are frustrated by fragments of news this book allows readers to discover and explore middle eastern culture without dogma or a political agenda beyond the headlines reveals the true middle east
