throughout history philosophers have sought to understand the nature of wisdom and how to achieve it but reverend george johnson s wisdom ii explains that true wisdom comes from above and is a necessity for daily living for centuries many people grew up in homes defined by tradition and wisdom while others grew up in homes defined by whim and lack of knowledge wisdom ii informs us that a wise person seeks understanding and knowledge and anyone can receive it if he or she seeks it wisdom gives voice to the voiceless help to the helpless and hope to the hopeless with this said johnson s own wisdom has directed him to construct wisdom ii using an unconventional pattern where readers do not necessarily have to read prior chapters in order to understand future chapters wisdom s inspiring words captivate readers as each chapter tells a story tells us what to do and tells us what not to do wisdom ii touches on every aspect of life from individuals getting rid of baggage that so easily weighs us down to learning how to enjoy life by smelling the roses to this end wisdom ii is an inspirational manuscript full of voices of wisdom and ethics for everyday living

the first english translation of mipham rinpoche s commentary on the wisdom chapter of shantideva s classic text in which mipham explains madhyamaka philosophy from the perspective of the dzogchen tradition of tibetan buddhism shantideva s guide to the training of a bodhisattva is one of the most important and beloved texts in the tibetan tradition the ninth chapter however dealing with madhyamaka the middle way the most profound wisdom view of mahayana buddhism has always posed unique challenges to readers this commentary by the great scholar mipham rinpoche presents in quite straightforward terms shantideva s exposition of emptiness the essential foundation of all buddhist doctrine demonstrating that it is not only compatible with but in fact crucial to the correct understanding of other important buddhist teachings such as karma rebirth and the practice of compassion mipham interprets shantideva according to the view of the nyingma school which in some

respects was at variance with the religiously and politically dominant interpretation of the text in Tibet at that time as a result his commentary stirred up a furious debate with the addition of a critique of Mipham Rinpoche's view by a prominent scholar of the time along with Mipham's response that debate is beautifully captured in this volume
