this ultimately led to their division and the babylonian captivity in babylon they began to rely upon the babylonians astronomical calculations as well as observations to try to determine when the feasts of the lord would occur finally in the fourth century they began to rely solely on calculations to determine the dates of the feasts of the lord the feasts of the lord played an important role during christ s time on earth there were four passovers during his ministry culminating in his crucifixion at the time of the fourth passover after his resurrection the holy spirit was poured out upon his followers in jerusalem on the day of pentecost the early christian church continued observance of the feasts of the lord paul observed passover and the feast of unleavened bread in philippi he was arrested at the time of pentecost the first breaks from the feasts of the lord began in the second century ce the feasts of the lord are still important today because they were part of an oath from god and he never breaks his oaths furthermore we will be observing feasts of the lord in the new earth john churchill is a baptized seventh day adventist christian since may 30 1976 he is one of those who came up through the ranks in the church having a zeal from the lord from his early teens that would not let him just sit down in church or keep quiet about jesus sharing his faith came naturally and share he did he shared in any way possible he was on choirs taught sabbath school class conducted cottage meeting worship services in homes wherever permitted did bible studies with anyone willing to listen was involved in the missionary volunteer movement now adventist youth pathfinding and all it entails and so on as he showed his commitment and zeal for the lord s work he was given more and more responsibilities in the church and was involved in church leadership from his early years as a christian john churchill has been a church elder for many years and was ordained as an elder december 31 1994 he has had many encounters with teachers of falsehood over the many years of his ministry these encounters include a lot of experience with an offshoot group of the seventh day adventist church called the the shepherd s rod john churchill is a lay evangelist and the founder of battle cry ministry which pursues the worldwide aim of its mission through its website battlecryministry netadvent org he decided since about 2003 to write a book that would

address the shepherd s rod offshoot problem in the church as he saw that the group was seemingly on the increase and causing problems and pulling away members of the church to become members of the group the book would help to not only educate members but help them to know how to deal with the problem in a very realistic practical way the book would also appeal to members of the group to cease their activities and rejoin the church coming back on the platform he was there immersed in the events and crises that shaped the seventh day adventist church over the past quarter century he was no spectator but an active participant speaking writing debating defending his voice was heard loud and clear the seventh day adventist church which recently passed the 12 million member mark is a movement that owes much of its identity to a unique missiology this short study is an effort to contribute to the most important aspects and issues of this missiology as reflected in seventh day adventist history and in the present situation of the denomination the author considers the historical patterns of the expansion of the church and the theological background for too long there was a dark secret in adventism but few liked to talk about it some of it seemed so dark and ugly that it was swept under the rug ellen white talked about it in her letters but not much is said after fifteen years as a first generation seventh day adventist i learned all about the offshoots as i was taken into their world talk of jesuits and the conference leaders as the enemies replaced talk of satan the real enemy an us versus them dynamic took over and strange conspiracies emerged few books have talked about the issue with offshoots this has left church members perplexed when offshoots emerged i had first heard of offshoots after being a baptized first generation seventh day adventist for over ten years once it happened everything moved quickly from hearing about a historic seventh day adventist church popping up only a couple of miles from a conference church to being given literature from conspiracy theorist and ex conference pastor bill hughes the secret terrorists and the enemy unmasked things began to become strange i began to read and study both the bible and the books of ellen white to make sense of what i was being presented with i interviewed pastors and talked with the leaders of offshoot churches from end times prophecy org to the pastor of a local offshoot and began to put the

pieces together i realized that something was not right after delving into the numerous websites of various offshoot ministries some of which looked and sounded extreme i started to realize that these movements were not of god i wondered what the point of all this madness was was it to gain power get rich or to truly feel closer to the lord i realized that no two offshoots are the same and only god himself can judge the heart yet looking at the various conspiracy theories that were rife in some offshoots such as the jesuit infiltration and mind control that conference sda pastors were said to use i knew that i was dealing with some strange ideas sadly members of my own family had been duped into believing it and for them there was no turning back i watched in horror as family grew depressed and militant stress replaced the joy of the lord and nothing that could be said would change their view on their new offshoot church the local conference church was said to be deep in apostasy numbered with babylon could this be true why the animosity towards the church this book explores what you need to look for in various offshoot ministries what are the commonalities between offshoots and the conference sda churches what do the offshoots believe is the seventh day adventist church really numbered with babylon is there a jesuit infiltration in the seventh day adventist church who is bill hughes of truth triumphant ministries are books such as the secret terrorists and the enemy unmasked truth does conspiracy belong in the church and why do the offshoots rely heavily on it have seventh day adventist hymnals been corrupted are modern bible translations valid for study how do cult leaders gain power and what should you look for is the catholic church responsible for the destruction of the titanic the vietnam war september 11th terrorist attacks and the rise of islam how can you escape the grasp of an offshoot ministry the goal of this book is to help you discern between truth and error if you have friends and family that are entangled in the countless offshoot and independent ministries that exist this book is for you if you are a pastor dealing with offshoots this book will help you formulate biblical responses to the validity of many of these organizations knowledge is power we are responsible for the truths we accept foreword by dr paul yeboah to the reader acknowledgments and dedication i background of the crisis 1 crisis over the word 2

appendices a the authority of scripture b the use of scripture c methods of bible study glossary the church has a reservoir of wisdom and truth in the bible and a role to play in witnessing to that truth the bible is full of mandates and challenges that ask us the disciples of jesus christ to make our light shine so that others may see our good works and give glory to our god in heaven matt 5 16 the purpose of this book written by 34 dedicated christian scholars and community practitioners is to help christ s church to understand how this world and the people who live in it think feel and react to some of the issues they face in their daily lives and how to bring peace justice and compassion to the society that surrounds our homes churches and communities jesus says blessed are the peacemakers for they shall be called children of god matt 5 9 shalom which we translate as peace means more than the absence of conflict to live in shalom as a peacemaker means we actively live our lives in a way that brings healing wholeness harmony and well being to the lives of people we meet this is not a prescriptive book that will provide answers to all the social and missiological woes in society though there will be some guidelines for how to start various ministries instead the authors have attempted to describe some of the problems that exist in our societies and churches and have encouraged the readers as individuals as well as groups to find their own answers to many of the issues raised some of the issues raised will not be comfortable to discuss in church circles but we all hope that they will be treated with the same respect and compassion that jesus gives in response to each one of our needs the primary focus of this book is to provide in depth insights into what adventism is about it s an unveiling that authenticates who this group of heaven bound believers are and why their beliefs has been long

misunderstood for many years despite their strict adherence to biblical truth throughout the pages of this book you ll understand what adventists believe that has set them apart from the rest of the world and made them the peculiar people loved by god as they are you re encouraged to share a copy of this book to everyone you meet spread it in churches to your neighbors both adventist and non adventist friends the poor and homeless every pastor and to the ends of the earth the goal is to share in order to authenticate why no part of the bible should be mis interpreted or left out and why a clear understanding of biblical truth is vital for spiritual growth as well the saving of souls globally proceeds from the sales of this book goes to benefit the poor you can view at [begintoserve.org](http://begintoserve.org) after careful study of the supposed reasons offered for not accepting the teachings of seventh day adventists the author answers in this volume those which are most commonly encountered it was on this basis that the author compiled the list of objections considered in this book the objections answered in this unique and most helpful encyclopedic volume are not straw men but real problems faced by every minister evangelist literature evangelist layman and youth soul winner who seeks to promote seventh day adventist teachings drawing on an extensive experience as a pastor evangelist and administrator his knowledge of the teachings of the word of god and his ability to present those teachings in a systematic readable manner pastor david lawson has written this book in order to address the question why be a seventh day adventist back cover are you perplexed by the direction the seventh day adventist church and its members are taking on principles that the church has upheld for years jonathan mukwiri feels that many members of the remnant church are shifting their position on various topics in these last days to closely mirror worldviews and philosophies awakening the remnant is a call to seventh day adventists to return to the truth in such areas as dress worship diet and obedience to the law as clearly stated in the bible and the spirit of prophecy as the remnant church seventh day adventists have the knowledge but its members must hold true to the word of god if they are to stand until jesus second coming are you ready for christ s soon return be prepared by studying the bible and the inspired writings of ellen g white this book quotes extensively from both in an effort to

steer members of the remnant church back on the straight and narrow way of truth like a skilled surgeon eric c webster has laid bare the very heart of adventism in his work crosscurrents in adventist christology the first chapter gives an illuminating historical perspective while in the next four chapters webster dissects the christologies of ellen g white and e j waggoner of the 19th and edward heppenstall and herbert douglass of the 20th centuries the final chapter seeks to reflect on the flow and counterflow of adventist christology as revealed by the works of the four chosen theologians if you wish to understand adventist christology with its related issues then crosscurrents in adventist christology is a reading must seventh day adventists give catholics a hard time with the misinformation they spread about the catholic church and the day of the week they worship on this ebook is one catholic s study of adventist claims the bible and the catholic church it attempts to show the biblical basis for christianity s abandonment of the old testament sabbath the biblical basis for sunday observance and takes a look at other pertinent topics relating to adventism and catholicism the seventh day adventist church faces a crisis confusion and division are rampant assurance of truth has surrendered to uncertainty surety of faith has given way to an enfeebling pluralism distinctiveness has been overcome by ecumenism the sense of urgency has been replaced by carnal security the spiritual church has become a social club unwavering loyalty is now branded as bigotry faithfulness to christ is judged to be legalism the defenders of truth are spurned as schismatics the state of the church has led untold thousands to reevaluate their relationship to the seventh day adventist church many have lost all hope that the church would ever succeed in bringing god s truth to every inhabitant of the world something which must occur if god s people will ever enter the kingdom of heaven this has instigated the greatest separationist movement ever known in our ranks embattled church addresses this issue of separation has god written ichabod across the portals of the seventh day adventist church must we look for another the word of inspiration answers these questions unequivocally back cover in this unique devotional george r knight reintroduces us to our spiritual ancestors they werent perfect they werent all easy to get along with but they shared

one common goal telling others about the soon coming savior but as in any family its all too easy to forget where weve come from to forget the struggles endured by those who have gone before us to take for granted the inheritance they left to us sometimes we need a gentle reminder of the true value of their legacy in shaping the future of adventism these intrepid pioneers molded not only our history but our present and as we reflect upon our past perhaps we should also contemplate the future to which we are each contributors the story of seventh day adventists for many years tell it to the world has served as a source of stories historical information and inspiration to seventh day adventists this popular history of the great second advent movement has now been revised and updated but it still focuses on the people and events that led to the development of the seventh day adventist church like any good storybook once you start tell it to the world you ll have a hard time putting it down author c mervyn maxwell brings the tradition of the storyteller he s a son of uncle arthur and the precision of a trained historian to the task of explaining how a tiny group of sincere believers could found a movement that now counts millions of members worldwide as you read this book you ll find yourself moved encouraged and inspired seeing how god has led in the past will renew your faith in his plans for your future and for the future of this church no god i canot preach the great second advent awakening the tarrying time the midnight cry why didnt daddy come triumphal entry ii cornfield cleopas new light from god s word look a little higher what is jesus doing now a widow witnesses the captain spreads the word third angel s message the good old review what adventists owe to other christians jesus and investigative judgment in need of gospel order giving the child a name laodicea sense of mission former catholic priest overseas missionary family world missionary movement leading ladies inspired to save souls happy holy and healthy christmas present 1865 for the joy of service matchless charms of christ sixteen years of crisis circle of love aglow with his glory notes and references index the seventh day adventist cult was actually established by accident or you might say a bad judgment made by a man named william miller he made the mistake of proclaiming that jesus would return on a certain date that didnt t happen he tried to fix it by setting

another date which also didn't happen he eventually decided that what he was doing was wrong and repented and said he would never do it again unfortunately it didn't stop there and the organization continued on after splitting several times a lady named ellen g white came on to the scene while a child she was hit in the head with a rock causing her to be unconscious for a period of time because of what could be called brain damage she started seeing visions that she said were from god the seventh day adventists now had a prophet giving the people new revelations that they had to follow in order to get to heaven but even now when they follow all the rules that she put forth they never know if they have actually accomplished everything to get to heaven as you read seventh day adventism the false prophecies of ellen g white you will understand how these people are being led away from heaven some of the topics are why is it wrong to set dates for the return of jesus why do they have to pass investigative judgement in order to get to heaven where did the clear word bible come from what is soul sleeping how does kellogg cereal fit in seventh day adventism do seventh day adventist believe in a heaven and a hell who are the seventh day adventist celebrities you will find that after studying seventh day adventist the false prophecies of ellen g white these people are in great need of hearing the gospel of jesus christ and to be told that they need to run not walk and get out of this cult as fast as they can this study will give you the necessary tools needed to witness to a member of seventh day adventism and open their eyes to the false teachings that they have been under this is definitely a book you need to complete your library seventh day adventists and the civil rights movement is the first in depth study of the denomination's participation in civil rights politics it considers the extent to which the denomination's theology influenced how its members responded this book explores why a brave few adventists became social and political activists and why a majority of the faithful eschewed the movement samuel g london jr provides a clear yet critical understanding of the history and theology of the seventh day adventist church while highlighting the contributions of its members to political reform community awareness the example of early adventist pioneers liberationist interpretations of the bible as well as various intellectual and theological justifications

motivated the civil rights activities of some adventists for those who participated in the civil rights movement these factors superseded the conservative ideology and theology that came to dominate the church after the passing of its founders covering the end of the 1800s through the 1970s the book discusses how christian fundamentalism the curse of ham the philosophy of booker t washington pragmatism the aversion to ecumenism and the social gospel belief in the separation of church and state and american individualism converged to impact adventist sociopolitical thought

in debates about the authority of the bible people commonly argue that the bible is inspired even inerrant and therefore that it has authority is this argument valid dr edward w h vick argues that it is not that authority does not derive from inspiration and that terms like inspiration and inerrancy do not contribute to a belief in or the authority of the scriptures at all using the example of the seventh day adventist church and debates over the inspiration and authority of the bible and then of ellen g white he outlines and illustrates the pitfalls of arguing directly from an idea of inspiration to a view of authority in short he maintains that a doctrine of inspiration cannot serve to establish the authority of a writing writings have authority as they are accepted by and used in the community as a philosopher with years of teaching experience in biblical studies and theology dr vick examines the way in which christians speak about these issues and then asks whether what we say is contributing to what

this book started out as an intense personal study by the author to evaluate and confirm his beliefs about god and salvation in regard to the teaching of the seventh day adventist church why is it that so many seventh day adventists do not have the assurance of salvation what criteria in the bible and what specifically in ellen g white s writings might lead someone to believe they were not fit for heaven that they did not qualify to be there that god would not forgive them and there was more required than just relying on jesus s sacrifice to cover their sins if they did not meet a strict set of rules would god cast them aside in the end in this book you will find out just who are the saved who are the lost and what happens to them in the end and what end times will look like according to ellen g white and the sda church the author estimates he has spent well in excess of ten thousand hours and has read over fifteen thousand pages of material over a seven year period in the preparation of this book it is the author s hope and prayer that this book will make the reader question not their belief in the saving grace of god and the loving sacrifice of jesus but rather question anything that might have come between them and that grace

for too long there was a dark secret in adventism but few liked to talk about it some of it seemed so dark and ugly that it was swept under the rug ellen white talked about it in her letters but not much is said after fifteen years as a first generation seventh day adventist i learned all about the offshoots as i was taken into their world talk of jesuits and the conference leaders as the enemies replaced talk of satan the real enemy an us versus them dynamic took over and strange conspiracies emerged few books have talked about the issue with offshoots this has left church members perplexed when offshoots emerged i had first heard of offshoots after being a baptized first generation seventh day adventist for over ten years once it happened everything moved quickly from hearing about a historic seventh day adventist church popping up only a couple of miles from a conference church to being given literature from conspiracy theorist and ex conference pastor bill hughes the secret terrorists and the enemy unmasked things began to become strange i began to read and study both the bible and the books of ellen white to make sense of what i was being presented with i interviewed pastors and talked with the leaders of offshoot churches from end times prophecy org to the pastor of a local offshoot and began to put the pieces together i realized that something was not right after delving into the numerous websites of various offshoot ministries some of which looked and sounded extreme i started to realize that these movements were not of god i wondered what the point of all this madness was was it to gain power get rich or to truly feel closer to the lord i realized that no two offshoots are the same and only god himself can judge the heart yet looking at the various conspiracy theories that were rife in some offshoots such as the jesuit infiltration and mind control that conference sda pastors were said to use i knew that i was dealing with some strange ideas sadly members of my own family had been duped into believing it and for them there was no turning back i watched in horror as family grew

the church has a reservoir of wisdom and truth in the bible and a role to play in witnessing to that truth the bible is full of mandates and challenges that ask us the disciples of jesus christ to make our light shine so that others may see our good works and give glory to our god in heaven matt 5 16 the purpose of this book written by 34 dedicated christian scholars and community practitioners is to help christ s church to understand how this world and the people who live in it think feel and react to some of the issues they face in their daily lives and how to bring peace justice and compassion to the society that surrounds our homes churches and communities jesus says blessed are the peacemakers for they shall be called children of god matt 5 9 shalom which we translate as peace means more than the absence of conflict to live in shalom as a peacemaker means we actively live our lives in a way that brings healing wholeness harmony and well being to the lives of people we meet this is not a prescriptive book that will provide answers to all the social and missiological woes in society though there will be some guidelines for how to start various ministries instead the authors have attempted to describe some of the problems that exist in our societies and churches and have encouraged the readers as individuals as well as groups to find their own answers to many of the issues raised some of the issues raised will not be comfortable to discuss in church circles but we all hope that they will be treated with the same respect and compassion that jesus gives in

response to each one of our needs

in this unique devotional george r knight reintroduces us to our spiritual ancestors they weren't perfect they weren't all easy to get along with but they shared one common goal telling others about the soon coming savior but as in any family it's all too easy to forget where we've come from to forget the struggles endured by those who have gone before us to take for granted the inheritance they left to us sometimes we need a gentle reminder of the true value of their legacy in shaping the future of adventism these intrepid pioneers molded not only our history but our present and as we reflect upon our past perhaps we should also contemplate the future to which we are each contributors

## To Be a 7th Day Adventist Christian

2017-07-11

the seventh day adventist cult was actually established by accident or you might say a bad judgment made by a man named william miller he made the mistake of proclaiming that jesus would return on a certain date that didn't happen he tried to fix it by setting another date which also didn't happen he eventually decided that what he was doing was wrong and repented and said he would never do it again unfortunately it didn't stop there and the organization continued on after splitting several times a lady named ellen g white came on to the scene while a child she was hit in the head with a rock causing her to be unconscious for a period of time because of what could be called brain damage she started seeing visions that she said were from god the seventh day adventists now had a prophet giving the people new revelations that they had to follow in order to get to heaven but even now when they follow all the rules that she put forth they never know if they have actually accomplished everything to get to heaven as you read seventh day adventism the false prophecies of ellen g white you will understand how these people are being led away from heaven some of the topics are why is it wrong to set dates for the return of jesus why do they have to pass investigative judgement in order to get to heaven where did the clear word bible come from what is soul sleeping how does kellogg cereal fit in seventh day adventism do seventh day adventist believe in a heaven and a hell who are the seventh day adventist celebrities you will find that after studying seventh day adventist the false prophecies of ellen g white these people are in great need of hearing the gospel of jesus christ and to be told that they need to run not walk and get out of this cult as fast as they can this study will give you the necessary tools needed to witness to a member of seventh day adventism and open their eyes to the false teachings that they have been under this is definitely a book you need to complete your library
