The Art of Football

2017-08

the art of football is a singular look at early college football art and illustrations this collection contains more than two hundred images many rare or previously unpublished from a variety of sources including artists winslow homer edward penfield j c leyendecker frederic remington charles dana gibson george bellows and many others along with the rich art that captured the essence of football during its early period michael oriard provides a historical context for the images and for football during this period showing that from the beginning it was perceived more as a test of courage and training in manliness than simply an athletic endeavor oriard s analysis shows how these early artists had to work out for themselves and for readers what in the new game should be highlighted and how it should appear on the page or canvas the art of football takes modern readers back to the day when players themselves were new to the sport and illustrators had to show the public what the new game of football was oriard demonstrates how artists focused on football s dual nature as a grueling sport to be played and as a social event and spectacle to be watched through its illustrations and words the art of football gives readers an engaging look at the earliest depictions of the game and the origins of the united states as a football nation

Imagine That - Football

2013

a flight of imagination that explores the consequences of football history going just that little bit differently

The Story of Football

2006

one thousand people witnessed the first world cup match in 1930 the last world cup final drew a global television audience of over one billion soccer s popularity has never been so apparent at grassroots and international level with players from all around the globe playing major league soccer and usa players in teams around europe with television companies paying hundreds of millions for the privilege of showing live matches and with players commanding huge sums from clubs to bring them the most hotly contested trophies

Kick-off!

2010

the definitive book about football there may be no cultural practice more global than soccer rites of birth and marriage are infinitely diverse but the rules of football are universal no world religion can match its geographical scope the single greatest simultaneous human collective experience is the world cup final in this extraordinary tour de force david goldblatt tells the full story of football s rise from chaotic folk ritual to the world s most popular sport now poised to fully establish itself in the usa already

celebrated internationally the ball is round illuminates football s role in the political and social histories of modern societies but never loses sight of the beauty joy and excitement of the game itself

The Technology of Football

2013

the third world congress of science and football was held in cardiff wales in april 1995 the aim of the conference was to continue to bridge the gap between the theory and practice of the various branches of football and increase the awareness of the value of a scientific approach to these games these aims and the outcomes of the conference are reflected in this third volume of science and football the volume is divided into eight parts each part containing a group of papers that are related by theme or disciplinary approach metabolism and nutrition football training match analysis medical aspects of football and psychology and football behaviour are just a few of the areas covered in this comprehensive in depth volume that has been fully edited and revised the conclusions drawn during the congress represent an invaluable practical reference for coaches scientists players managers and all those involved in the many football codes

The Global Game - The Evolution Of Football

2023-10-04

this book examines the deep connections between football and politics and explains what those relationships can tell us about sport and wider society with the game occupying a preeminent place on the world sporting stage this book argues that the political significance of football has never been greater the book explores the politics of football governance and the international organisations that run the game as well as the interaction of footballing authorities with government at all levels it shows how football clubs and supporter groups have leaned left such as fc sankt pauli or right such as ss lazio and have been significant voices in secessionist debates and the promotion of religious identities and ethno centrism and how football has been used by fascist and communist regimes to project political ideology the book also considers key contemporary political issues in football such as surveillance discrimination and human rights this is fascinating reading for anybody with an interest in football in the politics or sociology of sport in international relations government or political ideology or in the intersection of politics and culture

Stars of Football

2014

john madden shares his knowledge and love of football america s game

A History of Football

2014

this book presents a cross disciplinary examination of the lived experiences of girls and women football players using theoretical insights from sports studies psychology sociology and gender studies it examines the concept of the football self your own personal football identity that encapsulates the importance of football to our everyday lives and what that can tell us about the complex relationships between sport family gender and identity the book draws on in depth ethnographic research involving players and family members and offers important new insights into the everyday experiences of those girls and women who play it breaks new ground in focusing on the significant relationships between player and family with a particular focus on parenting through football the book brings to the fore key debates around gender identity barriers to participation cultural gaps and discrimination the author also brings a personal perspective to bear drawing on experience gained over 20 years as a player adding an extra critical layer to her

important empirical research this is essential reading for all researchers and students with an interest in football sport studies or issues around gender inclusion or the family in sport and fascinating reading for anybody generally curious about football

The Ball is Round

2007-08-30

is football an athletic contest or a social event is it a game of skill a test of manhood or merely an organized brawl michael oriard a former professional player asks these and other intriguing questions in reading football the first contemporary book about football s formative years american football began in the 1870s as a game to be played not watched within a brief ten years it had become a great public spectacle with an immense following a phenomenon caused primarily by the voluminous commentary about the game conducted in popular newspapers and magazines oriard shows how this constant narrative in football s early years developed many different stories about what the game meant football as pastime as the sport of gentlemen as a science as a game of rules and their infringements he shows how football became a series of cultural stories about power luck strategy and deception these different interpretations have been magnified by football s current omnipresence on television according to oriard televised football now plays a cultural role of enormous importance for men yet within the field of

cultural studies the influence of football has been ignored until now from the book a receiver sprints down the sideline fast and graceful then breaks toward the middle of the field where a safety waits for him from forty yards upfield the quarterback releases the ball it spirals in an elegant arc toward the goalposts as the receiver now for the first time looks back to pick up its flight the pass is a little high the receiver leaps stretches grasps the ball barely fingers clutching at the very moment that the safety drives a helmet into his unprotected ribs the force of the collision flings the receiver backward slamming him to the turf this familiar tableau this exemplary moment in a football game epitomizes the appeal of the sport the dramatic confrontation of artistry with violence both equally necessary

Football

2003

this book is part of a collection of true stories from around the world which are guaranteed to capture your pupils imaginations and develop their reading skills oxford reading tree true stories are written by well known authors and are full of stunning illustrations and photography this book is also available as part of a mixed pack of 6 different books or a class pack of 36 books of the same oxford reading tree stage each book pack comes with a free copy of invaluable teaching notes

Science and Football III

2014-02-04

the intention of the book is to highlight the development of a type of football organisation that falls outside of the well documented elite professional game the most recognizable face of the sport specifically the focus here will fall upon community based football clubs which have grown out of the grassroots game well known examples of these clubs in britain are the bristol organisation easton cowboys and cowgirls and the leeds based republica internationale both of these clubs have forged links with similarly motivated organisations in other countries who regularly come together in tournaments to express solidarity collectively these clubs have sometimes been referred to as forming a diy culture in football their defining characteristics being variously described as anti commercial democratically constituted advocating social responsibility and inclusiveness and holding an outlook of solidarity that in some cases involves political education this book was originally published as a special issue of sport in society

The Politics of Football

2023-09-04

this book offers a one stop source for everything you want to know about the world s

greatest game beginning with the origins of the game it examines the history the rules the stars the great clubs every footballing nation and competition and more

John Madden's Heroes of Football

2006

a monumental exploration of soccer and society in our time by its preeminent historian in the twenty first century soccer commands the allegiance interest and engagement of more people in more places than any other phenomenon in the world david goldblatt author of the acclaimed best selling the ball is round charts the sport s global cultural ascent economic transformation and deep politicization based on a decade of research and reporting the age of football sheds light on the greatest issues of our time including globalization immigration nationalism and the role that soccer plays from soccer s connections to social discord in the middle east as a site for protest and a tool for dictatorships to the reasons behind its surprising surge in popularity in china india and the united states goldblatt reveals that this massively popular sport is vital to understanding our social political and economic lives tracking the rise of interest in women s teams throughout the world and the controversy imbedded in the domestic football associations emerging across nations in africa

he explores the use and misuse of soccer in the global advancement of equality and human rights with breathtaking scope and unparalleled knowledge of the game the age of football proves that whether you call it football or soccer you can t make sense of the modern world without understanding its most popular sport

The Complete Book of Football (Soccer)

2010-10-01

a matter of life and death takes the sayings of the great and the good not to mention the lovers and the loathers of the beautiful game as starting points for an informal freewheeling and entertainingly opinionated

history of football exploring themes as diverse as the language of football the role of the media the role of money and the careers of gilded geniuses from pele to ronaldo and maverick managers from clough to mourinho and generously sprinkled with anecdotes and fantastic photographs a matter of life and death is the perfect present for anyone with a passion for football

Little Book Of Football

Legends

2009-10

excerpt from american football the author of this book desires to present a treatise on the game of football primarily for the benefit of football coaches football players and the football public the material is presented in a popular form except in a few chapters where it has been necessary to limit the discussion to the technical side of the subject in general the author has tried to establish certain basic principles that govern the game and has laid down what may appear to be hard and fast rules for training and playing but though he realizes that rules are largely a matter of individual opinion he feels safe in saying that the principles which he has stated are sound as a result of their having been tried and proved during many years of successful application by some of the best coaches in the country about the publisher forgotten books publishes hundreds of thousands of rare and

classic books find more at forgottenbooks.com

The Age of Football

2020-02-18

includes pictures from its early amateur days played in the corinthian spirit. preston north end's invincibles of 1888 and great players like stanley matthews and pele to the premier league glory days of sir alex ferguson and arsene wenger. a history of football is the story of the dominant teams, memorable occasions and larger than life characters that shaped the game throughout its development. for all lovers of the beautiful game, this is an essential reference to its 150 year history.

The Big Book of Football Stories

2000

the word unique is often wrongly used but in the case of a game of three halves the author's story is indisputably one of a kind no other writer has worked on the inside for both Aston Villa and Birmingham City while keeping an eye on local and national footballing affairs for more than seventy years during that period he met and sometimes worked with many of the best known personalities in world football from Pele to Cruyff Busby to Ferguson Matthews to Cullis Wright to Banks Hill to Coleman Saunders to Atkinson Best to Francis and many more from war time football to the present day across eight decades football has changed so much that not even the ball apart from still being spherical is the same as before the fight to remove the maximum wage the initially steady and ultimately explosive growth in pay the arrival and development of European football the curse of the hooligan the introduction of the Premier League a flavour of these developments can be found in these pages this is not an Anorak's football history but a lively collection of real life anecdotal memories laced with controversial personal comment the object of the exercise is simply to be a good read while hopefully introducing a touch of football and social history here can be found such unlikely characters as an armed robber an exorcist some terrified sky divers half a moustache that went missing a factual hungover Biggles and a shoot to kill former Iron Curtain guard this is a look at football like no other
