Bookwise

2001

this book takes up the obtrusive problem of visual representation of fiction in contemporary russian book design by analyzing a broad variety of book covers the study offers an absolutely unique material that illustrates a radically changing notion of literature in the transformation of soviet print culture to a post soviet book market it delivers a profound and critical exploration of russian visual imaginary of classic popular and contemporary prose among all the carelessly bungled covers of mass published post soviet series the study identifies gems from experimental designers by taking a comparative approach to the clash of two formerly separate book cultures the western and the soviet that results both in a mixture of highbrow and lowbrow forms and in ideological re interpretations of the literary works this book contributes to opening an east west dialogue between the fields of russian studies contemporary book and media history art design and visual studies

The New Russian Book

2017-08-01

all endangered animals risk extinction but some are closer to the brink of dying out than others give readers the details about the world s most endangered animals including their ranges habitats appearances and behaviors reasons are given for why the animals are dying out as well as actions people are taking to save these amazing animals before it s too late large colorful photos entice young readers while fact boxes support the text
