408 the valorous but troubled career of the civil war general best known for defending little round top and averting a union defeat at gettysburg the lieutenant colonel of a new york regiment and rising star in the army of the potomac gouverneur k warren performed heroically at gettysburg for his service at bristoe station and mine run he was awarded command of the fifth corps for the 1864 virginia campaign but warren s peculiarities of temperament and personality put a cloud over his service at the wilderness and spotsylvania and cost him the confidence of his superiors grant and meade he was summarily relieved of his command by philip sheridan after winning the battle of five forks just eight days before appomattox warren continued as an engineer of distinction in the army after the war but he was determined to clear his name before a board of inquiry which conducted an exhaustive investigation into the battle warren s conduct and sheridan s arbitrary action however the findings of the court vindicating warren were not made public until shortly after his death for this major biography of gouverneur warren david m jordan utilizes warren s own voluminous collection of letters papers orders and other items saved by his family as well as the letters and

writings of such contemporaries as his aide and brother in law washington roebling andrew humphreys winfield hancock george gordon meade and ulysses s grant jordan presents a vivid account of the life and times of a complex military figure in the late 1930s a number of american women especially those allied with various peace and isolationist groups protested against the nation's entry into world war ii while their story is fairly well known margaret paton walsh reveals a far less familiar story of women who fervently felt that american intervention was absolutely necessary paton walsh recounts how the united states became involved in the war but does so through the eyes of american women who faced it as a necessary evil covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women's organizations informal women's networks and even male dominated lobbying groups in the great debate over whether america should enter the war some women favored aid to the allies not because they hoped for war but because they hoped aid would forestall more direct u s involvement but also because they believed war was preferable to a nazi victory paton walsh shows that this activism involved some of the most prominent women of their day elizabeth cutter morrow whose son in law charles lindbergh was an isolationist spokesman supported the revision of the neutrality acts to allow the sale of arms to the allies and expressed her support in a national radio broadcast soon other women joined this debate esther brunauer of the aauw journalist dorothy thompson and organizations like the league of women voters and national women's trade union league broke from the pacifist tradition to advocate american aid for the allied cause focusing on the conflict in europe paton walsh shows how these women grasped the implications of the lend lease program for america's entry into the war but supported it nevertheless by late 1941 the women's division of the fight for freedom committee had been established no longer merely advocating aid to britain to keep american boys out of battle this organization supported direct american involvement in the war as a means of stopping nazi oppression while most historians have focused on women's pacifism paton walsh connects women more directly to world events and shows how those interventionists reformulated maternalist ideas to justify and explain their beliefs our war too is a story of american women trying to reconcile the irreconcilable to preserve both their principles and their peace it expands our understanding of women as political actors and thinkers about foreign policy as it sheds new light on american public opinion over the build up to the war endorsed by cambridge international examinations the books cover the cambridge syllabus 0455 henry darwin rogers is a familiar figure in the history of american geology especially as the director of the first state geological surveys of new jersey and pennsylvania although best remembered for the survey work rogers considered his theory of mountain elevation to be his most important scientific legacy based on studies of the appalachian mountains rogers's elevation theory was the first american explanation of the dynamics of elevation as a study of the pennsylvania survey this volume offers new insight into the origin and problems associated with early surveys as a study of rogers's life and work it presents a portrait of a man with strong convictions and dedication and examines the development and application of his ideas now in its second edition how to read texts introduces students to key critical approaches to literary texts and offers a practical introduction for students developing their own critical and close reading skills written in a lively jargon free style it explains critical concepts approaches and ideas including debates around critical theory the role of history and context the links between creativity and criticism the relationship between author reader and text the new edition now includes guidance on analysing a range of multi media texts including film and online media as well as the purely literary in addition to new practical examples readings exercises and checkpoints that help students to build confidence in their own critical readings of both primary and secondary texts the book now also offers guidance on writing fully formed critical essays and tips for independent research comprehensively updated and revised throughout how to read texts is an indispensable guide for students making the transition to university study from the late nineteenth century until world war i a group of columbia university students gathered under the mentorship of the renowned historian william archibald dunning 1857 1922 known as the dunning school these students wrote the first generation of state studies on the reconstruction volumes that generally sympathized with white southerners interpreted radical reconstruction as a mean spirited usurpation of federal power and cast the republican party as a coalition of carpetbaggers freedmen scalawags and former unionists edited by the award winning historian john david smith and j vincent lowery the dunning school focuses on this controversial group of historians and its scholarly output despite their methodological limitations and racial bias the dunning historians writings prefigured the sources and questions that later historians of the reconstruction would utilize and address many of their pioneering dissertations remain important to ongoing debates on the broad meaning of the civil war and reconstruction and the evolution of american historical scholarship this groundbreaking collection of original essays offers a fair and critical assessment of the dunning school that focuses on the group's purpose the strengths and weaknesses of its constituents and its legacy squaring the past with the present this important book also explores the evolution of historical interpretations over time and illuminates the ways in which contemporary political racial and social questions shape historical analyses robert m la follette 1855 1925 the republican senator from wisconsin is best known as a key architect of american progressivism and as a fiery advocate for liberal politics in the domestic sphere but fighting bob did not immediately come to a progressive stance on foreign affairs in the education of an anti imperialist richard drake follows la follette's growth as a critic of america's wars and the policies that led to them he began his political career with conventional republican views of the era on foreign policy avidly supporting the spanish american and philippine american wars la follette's critique of empire emerged in 1910 during the first year of the mexican revolution as he began to perceive a washington wall street alliance in the united states dealings with mexico la follette subsequently became congress's foremost critic of woodrow wilson fiercely opposing united states involvement in world war i denounced in the american press as the most dangerous man in the country he became hated and vilified by many but beloved and admired by others la follette believed that financial imperialism and its necessary instrument militarism caused modern wars he contended they were twin evils that would have ruinous consequences for the united states and its citizens in the twentieth century and beyond an excellent book as drake fully documents la

follette's warnings about world war i profiteers and the lust for power were fully justified then as now the american people were lied to by the government and media and manipulated into the stink and blood of war mark taylor the daily call scholars will value the insights into la follette's foreign policy education the historian the author emphasizes the role of individuals and yet makes it quite evident that by the time of her centenary in the early days of world war ii queen's had developed an organic vitality through which the vicissitudes occasioned by external fortunes or by internal tensions could be transcended throughout the period covered by this volume queen's faced a long hard struggle for adequate resources for research in terms of space equipment and most importantly faculty time the gradual development of graduate work and the building of library resources there was firm and creative leadership through the crises of the war and its aftermath and a renewal of optimism through the final decades of this history report of the dominion fishery commission on the fisheries of the province of ontario 1893 issued as vol 26 no 7 supplement john adams is best remembered as one of the four confederate generals who lay on the porch of the carnton house dead when the battle of franklin ended on december 1 1864 unfortunately he did not leave much in the way of personal papers and this biography has been pieced together from army records and other sources including accounts of his contemporaries adams's career in the u s army gives us a good look at the military the concept of manifest destiny and the relations with those conquered by the army the indians this book also considers one of the more debated topics in civil war history why did a man who served the united states for most of his life resign his commission and side with the confederacy this is volume viii of eleven in a collection of works on foreign policies of the great powers originally published in 1975 and looks at the polices of italy from 1870 to 1940 including topics from independence to alliance mancini robilant the crisperi period the prinetti barrere agreement war during 1914 and 15 mussolini italo french relations the rome berlin axis and the war in 1940 this book draws on a multiplicity of sources to recreate brilliantly the proceedings and to offer a reasoned often profound examination of the processes that created international law masterfully researched there is no book like this either in the field of lbj literature or in the field of chicano history mario t garcía author of mexican americans leadership ideology and identity 1930 1960 as he worked to build his great society lyndon johnson often harkened back to his teaching days in the segregated mexican school at cotulla texas recalling the poverty and prejudice that blighted his students lives johnson declared it never occurred to me in my fondest dreams that i might have the chance to help the sons and daughters of those students and to help people like them all over this country but now i do have that chance and i'll let you in on a secret i mean to use it this book explores the complex and sometimes contradictory relations between lbj and mexican americans julie pycior shows that johnson's genuine desire to help mexican americans and reap the political dividends did not prevent him from allying himself with individuals and groups intent on thwarting mexican americans organizing efforts not surprisingly these actions elicited a wide range of response from grateful loyalty to in some cases outright opposition mexican americans complicated relationship with lbj influenced both their political development and his career with consequences that reverberated in society at large the toronto neighbourhoods bundle presents a collection of titles that provide fascinating insight into the history and development of canada's largest and most diverse city beginning with histories of canada's longest street and the early days of what was once called york the yonge street story 1793 1860 a city in the making opportunity road the titles in the bundle go on to examine the development of particular unique neighbourhoods that help give the city its character willowdale leaside finally mark osbaldeston's acclaimed award winning unbuilt toronto and unbuilt toronto 2 go beyond history and into the arena of speculation as the author details ambitious and possibly city changing plans that never came to fruition for lovers of toronto this collection is a bonanza of insights and facts includes a city in the making leaside opportunity road unbuilt toronto unbuilt toronto 2 willowdale the yonge street story 1793 1860 most accounts of canada and the first world war either ignore or merely mention in passing the churches experience such neglect does not do justice to the remarkable influence of the wartime churches nor to the religious identity of the young dominion the churches support for the war was often wholehearted but just as often nuanced and critical shaped by either the classic just war paradigm or pacifism's outright rejection of violence the war heightened issues of canadianization attitudes to violence and ministry to the bereaved and the disillusioned it also exacerbated ethnic tensions within and between denominations and challenged notions of national and imperial identity the authors of this volume provide a detailed summary of various christian traditions and the war both synthesizing and furthering previous research in addition to examining the experience of roman catholics english and french speaking anglicans presbyterians methodists baptists lutherans mennonites and quakers there are chapters on precedents formed during the south african war the work of military chaplains and the roles of church women on the home front as the war in europe entered its final months the world teetered on the edge of a third world war while soviet forces hammered their way into berlin churchill ordered british military planners to prepare the top secret operation unthinkable the plan for an allied attack on the soviet union on 1 july 1945 using us british and polish forces the invasion would reclaim eastern europe the controversial plan called for the use of nazi troops and there was the spectre of the atomic bomb would yet another army make the fatal mistake of heading east in churchill's third world war jonathan walker presents a haunting study of the war that so nearly was he outlines the motivations behind churchill's plan the logistics of launching a vast assault against an enemy who had bested hitler potential sabotage by polish communists and he speculates whether the allies would have succeeded had the operation gone forward well supported by a wide range of primary sources from the churchill archives centre sikorski institute national archives and imperial war museum this is a fascinating insight into the upheaval as the second world war drew to a close and former alliances were shattered operation unthinkable became the blueprint for the cold war focusing on the broken friendship between teddy roosevelt and his chosen successor william howard taft revisits the progressive era during which roosevelt wielded the bully pulpit to challenge and triumph over abusive monopolies political bosses and corrupt money brokers only to see it compromised by taft his way is the only authorised biography of new zealand prime minister robert muldoon one of the dominant political figures of the last half century in that country his way was based on many hours of conversation with muldoon himself as well as colleagues

friends and family and wide access to the prime minister's official and private papers and diaries leading political biographer Barry Gustafson shows Muldoon is shown as a champion of the ordinary people whose vision over time became anachronistic and inflexible the largest social movement by people of Mexican descent in the U.S. to date the Chicano movement of the 1960s and 70s linked civil rights activism with a new assertive ethnic identity Chicano power beginning with the farmworkers struggle led by César Chávez and Dolores Huerta the movement expanded to urban areas throughout the Southwest Midwest and Pacific Northwest as a generation of self-proclaimed Chicanos fought to empower their communities recently a new generation of historians has produced an explosion of interesting work on the movement the Chicano movement perspectives from the twenty-first century collects the various strands of this research into one readable collection exploring the contours of the movement while disputing the idea of it being one monolithic group bringing the story up through the 1980s the Chicano movement introduces students to the impact of the movement and enables them to expand their understanding of what it means to be an activist a Chicano and an American Ken Follett wrote his first international bestseller *Eye of the Needle* when he was 25 years old he has since been one of the most consistent international best-selling authors with approximately 130 million copies of his books sold worldwide his manifold influences on the thriller genre includes the pioneering use of strong female characters in espionage stories and the development of the historical thriller as a new form of novel exemplified by *Winter of the World* 2012 this book is an investigation of Follett's development as an author and of the craft of writing and the negotiation of serious versus popular literary value from his earliest short stories and screenplays through his mature thrillers and entertainment fiction unpublished materials are also considered including his notes business and personal correspondence unpublished drafts journal entries and outlines Follett's dramatic shift to writing historical fiction may be his most enduring legacy taking as its focus memorials of the first world war in Britain this book brings a fresh approach to the study of public symbols by exploring how different motives for commemorating the dead were reconciled through the processes of local politics to create a widely valued form of collective expression it examines how the memorials were produced what was said about them how support for them was mobilized and behaviour around them regulated these memorials were the sites of contested multiple and ambiguous meanings yet out of them a united public observance was created the author argues that this was possible because the interpretation of them as symbols was part of a creative process in which new meanings for traditional forms of memorial were established and circulated the memorials not only symbolized emotional responses to the war but also ambitions for the post-war era contemporaries adopted new ways of thinking about largely traditional forms of memorial to fit the uncertain social and political climate of the inter-war years this book represents a significant contribution to the study of material culture and memory as well as to the social and cultural history of modern warfare in the early 1960s American conservatives seemed to have fallen on hard times McCarthyism was on the run and movements on the political left were grabbing headlines the media lampooned John Birchers' accusations that Dwight Eisenhower was a communist puppet mainstream America snickered at warnings by California Congressman James B. Utt that barefooted Africans were training in Georgia to help the United Nations take over the country yet in Utt's home district of Orange County thousands of middle class suburbanites proceeded to organize a powerful conservative movement that would land Ronald Reagan in the White House and redefine the spectrum of acceptable politics into the next century *Suburban Warriors* introduces us to these people women hosting coffee klatches for Barry Goldwater in their tract houses members of anticommunist reading groups organizing against sex education pro-life Democrats gradually drawn into conservative circles and new arrivals finding work in defense companies and a sense of community in Orange County's mushrooming evangelical churches we learn what motivated them and how they interpreted their political activity Lisa McGirr shows that their movement was not one of marginal people suffering from status anxiety but rather one formed by successful entrepreneurial types with modern lifestyles and bright futures she describes how these suburban pioneers created new political and social philosophies anchored in a fusion of Christian fundamentalism xenophobic nationalism and Western libertarianism while introducing these rank and file activists McGirr chronicles Orange County's rise from nut country to political vanguard through this history she traces the evolution of the new right from a virulent anticommunist anti-establishment fringe to a broad national movement nourished by evangelical Protestantism her original contribution to the social history of politics broadens and often upsets our understanding of the deep and tenacious roots of popular conservatism in America

the valorous but troubled career of the civil war general best known for defending little round top and averting a union defeat at gettysburg the lieutenant colonel of a new york regiment and rising star in the army of the potomac gouverneur k warren performed heroically at gettysburg for his service at bristoe station and mine run he was awarded command of the fifth corps for the 1864 virginia campaign but warren s peculiarities of temperament and personality put a cloud over his service at the wilderness and spotsylvania and cost him the confidence of his superiors grant and meade he was summarily relieved of his command by philip sheridan after winning the battle of five forks just eight days before appomattox warren continued as an engineer of distinction in the army after the war but he was determined to clear his name before a board of inquiry which conducted an exhaustive investigation into the battle warren s conduct and sheridan s arbitrary action however the findings of the court vindicating warren were not made public until shortly after his death for this major biography of gouverneur warren david m jordan utilizes warren s own voluminous collection of letters papers orders and other items saved by his family as well as the letters and writings of such contemporaries as his aide and brother in law washington roebeling andrew humphreys winfield hancock george gordon meade and ulysses s grant jordan presents a vivid account of the life and times of a complex military figure

UGC NET JRF Commerce Previous Years' Questions Paper Year Wise - June 2012 Onwards 2002

in the late 1930s a number of american women especially those allied with various peace and isolationist groups protested against the nation s entry into world war ii while their story is fairly well known margaret paton walsh reveals a far less familiar story of women who fervently felt that american intervention was absolutely necessary paton walsh recounts how the

united states became involved in the war but does so through the eyes of american women who faced it as a necessary evil covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women s organizations informal women s networks and even male dominated lobbying groups in the great debate over whether america should enter the war some women favored aid to the allies not because they hoped for war but because they hoped aid would forestall more direct u s involvement but also because they believed war was preferable to a nazi victory paton walsh shows that this activism involved some of the most prominent women of their day elizabeth cutter morrow whose son in law charles lindbergh was an isolationist spokesman supported the revision of the neutrality acts to allow the sale of arms to the allies and expressed her support in a national radio broadcast soon other women joined this debate esther brunauer of the aaup journalist dorothy thompson and organizations like the league of women voters and national women s trade union league broke from the pacifist tradition to advocate american aid for the allied cause focusing on the conflict in europe paton walsh shows how these women grasped the implications of the lend lease program for america s entry into the war but supported it nevertheless by late 1941 the women s division of the fight for freedom committee had been established no longer merely advocating aid to britain to keep american boys out of battle this organization supported direct american involvement in the war as a means of stopping nazi oppression while most historians have focused on women s pacifism paton walsh connects women more directly to world events and shows how those interventionists reformulated maternalist ideas to justify and explain their beliefs our war too is a story of american women trying to reconcile the irreconcilable to preserve both their principles and their peace it expands our understanding of women as political actors and thinkers about foreign policy as it sheds new light on american public opinion over the build up to the war

henry darwin rogers is a familiar figure in the history of american geology especially as the director of the first state geological surveys of new jersey and pennsylvania although best remembered for the survey work rogers considered his theory of mountain elevation to be his most important scientific legacy based on studies of the appalachian mountains rogers s elevation theory was the first american explanation of the dynamics of elevation as a study of the pennsylvania survey this volume offers new insight into the origin and problems associated with early surveys as a study of rogers s life and work it presents a portrait of a man with strong convictions and dedication and examines the development and application of his ideas

Foreign Affairs Research Papers Available 2014-04-17

now in its second edition how to read texts introduces students to key critical approaches to literary texts and offers a practical introduction for students developing their own critical and close reading skills written in a lively jargon free style it explains critical concepts approaches and ideas including debates around critical theory the role of history and context the links between creativity and criticism the relationship between author reader and text the new edition now includes guidance on analysing a range of multi media texts including film and online media as well as the purely literary in addition to new practical examples readings exercises and checkpoints that help students to build confidence in their own critical readings of both primary and secondary texts the book now also offers guidance on writing fully formed critical essays and tips for independent research comprehensively updated and revised throughout how to read texts is an indispensable guide for students making the transition to university study

"Happiness Is Not My Companion" 1896

from the late nineteenth century until world war i a group of columbia university students gathered under the mentorship of the renowned historian william archibald dunning 1857 1922 known as the dunning school these students wrote the first generation of state studies on the reconstruction volumes that generally sympathized with white southerners interpreted radical reconstruction as a mean spirited usurpation of federal power and cast the republican party as a coalition of carpetbaggers freedmen scalawags and former unionists edited by the award winning historian john david smith and j vincent lowery the dunning school focuses on this controversial group of historians and its scholarly output despite their

methodological limitations and racial bias the dunning historians writings prefigured the sources and questions that later historians of the reconstruction would utilize and address many of their pioneering dissertations remain important to ongoing debates on the broad meaning of the civil war and reconstruction and the evolution of american historical scholarship this groundbreaking collection of original essays offers a fair and critical assessment of the dunning school that focuses on the group s purpose the strengths and weaknesses of its constituents and its legacy squaring the past with the present this important book also explores the evolution of historical interpretations over time and illuminates the ways in which contemporary political racial and social questions shape historical analyses

Our War Too 2014-12-20

robert m la follette 1855 1925 the republican senator from wisconsin is best known as a key architect of american progressivism and as a fiery advocate for liberal politics in the domestic sphere but fighting bob did not immediately come to a progressive stance on foreign affairs in the education of an anti imperialist richard drake follows la follette s growth as a critic of america s wars and the policies that led to them he began his political career with conventional republican views of the era on foreign policy avidly supporting the spanish american and philippine american wars la follette s critique of empire emerged in 1910 during the first year of the mexican revolution as he began to perceive a washington wall street alliance in the united states dealings with mexico la follette subsequently became congress s foremost critic of woodrow wilson fiercely opposing united states involvement in world war i denounced in the american press as the most dangerous man in the country he became hated and vilified by many but beloved and admired by others la follette believed that financial imperialism and its necessary instrument militarism caused modern wars he contended they were twin evils that would have ruinous consequences for the united states and its citizens in the twentieth century and beyond an excellent book as drake fully documents la follette s warnings about world war i profiteers and the lust for power were fully justified then as now the american people were lied to by the government and media and manipulated into the stink and blood of war mark taylor the daily call scholars will value the insights into la follette s foreign policy education the historian

Subject-matter Index of Applications for Letters Patent, for the Year ... 2013-09-26

the author emphasizes the role of individuals and yet makes it quite evident that by the time of her centenary in the early days of world war ii queen s had developed an organic vitality through which the vicissitudes occasioned by external fortunes or by internal tensions could be transcended throughout the period covered by this volume queen s faced a long hard struggle for adequate resources for research in terms of space equipment and most importantly faculty time the gradual development of graduate work and the building of library resources there was firm and creative leadership through the crises of the war and its aftermath and a renewal of optimism through the final decades of this history

Henry Darwin Rogers, 1808-1866 1889

this book draws on a multiplicity of sources to recreate brilliantly the proceedings and to offer a reasoned often profound examination of the processes that created international law

How to Read Texts 2013-11-13

masterfully researched there is no book like this either in the field of lbj literature or in the field of chicano history mario t garcía author of mexican americans leadership ideology and identity 1930 1960 as he worked to build his great society lyndon johnson often harkened back to his teaching days in the segregated mexican school at cotulla texas recalling the poverty and prejudice that blighted his students lives johnson declared it never occurred to me in my fondest dreams that i might have the chance to help the sons and daughters of those students and to help people like them all over this country but now i do have that chance and i ll let you in on a secret i mean to use it this book explores the complex and sometimes contradictory relations between lbj and mexican americans julie pycior shows that johnson s genuine desire to help mexican americans and reap the political dividends did not prevent him from allying himself with individuals and groups intent on thwarting mexican americans organizing efforts not surprisingly these actions elicited a wide range of response from grateful loyalty to in some cases outright opposition mexican americans complicated relationship with lbj influenced both their political development and his career with consequences that reverberated in society at large

The Dunning School 2013-10-15

the toronto neighbourhoods bundle presents a collection of titles that provide fascinating insight into the history and development of canada s largest and most diverse city beginning with histories of canada s longest street and the early days of what was once called york the yonge street story 1793 1860 a city in the making opportunity road the titles in the bundle go on to examine the development of particular unique neighbourhoods that help give the city its character willowdale leaside finally mark osbaldeston s acclaimed award winning unbuilt toronto and unbuilt toronto 2 go beyond history and into the arena of speculation as the author details ambitious and possibly city changing plans that never came to fruition for lovers of toronto this collection is a bonanza of insights and facts includes a city in the making leaside opportunity road unbuilt toronto unbuilt toronto 2 willowdale the yonge street story 1793 1860

The Education of an Anti-Imperialist 2003-02-19

most accounts of canada and the first world war either ignore or merely mention in passing the churches experience such neglect does not do justice to the remarkable influence of the wartime churches nor to the religious identity of the young dominion the churches support for the war was often wholehearted but just as often nuanced and critical shaped by either the classic just war paradigm or pacifism s outright rejection of violence the war heightened issues of canadianization attitudes to violence and ministry to the bereaved and the disillusioned it also exacerbated ethnic tensions within and between denominations and challenged notions of national and imperial identity the authors of this volume provide a detailed summary of various christian traditions and the war both synthesizing and furthering previous research in addition to examining the experience of roman catholics english and french speaking anglicans presbyterians methodists baptists lutherans mennonites and quakers there are chapters on precedents formed during the south african war the work of military chaplains and the roles of church women on the home front

Queen's University 2010-07-05

as the war in europe entered its final months the world teetered on the edge of a third world war while soviet forces hammered their way into berlin churchill ordered british military planners to prepare the top secret operation unthinkable the plan for an allied attack on the soviet union on 1 july 1945 using us british and polish forces the invasion would reclaim eastern europe the controversial plan called for the use of nazi troops and there was the spectre of the atomic bomb would yet another army make the fatal mistake of heading east in churchill s third world war jonathan walker presents a haunting study of the war that so nearly was he outlines the motivations behind churchill s plan the logistics of launching a vast assault against an enemy who had bested hitler potential sabotage by polish communists and he speculates whether the allies would have succeeded had the operation gone forward well supported by a wide range of primary sources from the churchill archives centre sikorski institute national archives and imperial war museum this is a fascinating insight into the upheaval as the second world war drew to a close and former alliances were shattered operation unthinkable became the blueprint for the cold war

Sessional Papers 2014-03-14

focusing on the broken friendship between teddy roosevelt and his chosen successor william howard taft revisits the progressive era during which roosevelt wielded the bully pulpit to challenge and triumph over abusive monopolies political bosses and corrupt money brokers only to see it compromised by taft

Brigadier General John Adams, CSA 2014-01-13

his way is the only authorised biography of new zealand prime minister robert muldoon one of the dominant political figures of the last half century in that country his way was based on many hours of conversation with muldoon himself as well as colleagues friends and family and wide access to the prime minister s official and private papers and diaries leading political biographer barry gustafson shows muldoon is shown as a champion of the ordinary people whose vision over time became anachronistic and inflexible

Italian Foreign Policy 1870-1940 2017-05-04

the largest social movement by people of mexican descent in the u s to date the chicano movement of the 1960s and 70s linked civil rights activism with a new assertive ethnic identity chicano power beginning with the farmworkers struggle led by césar Chávez and dolores huerta the movement expanded to urban areas throughout the southwest midwest and pacific northwest as a generation of self proclaimed chicanos fought to empower their communities recently a new generation of historians has produced an explosion of interesting work on the movement the chicano movement perspectives from the twenty first century collects the various strands of this research into one readable collection exploring the contours of the movement while disputing the idea of it being one monolithic group bringing the story up through the 1980s the chicano movement introduces students to the impact of the movement and enables them to expand their understanding of what it means to be an activist a chicano and an american

The Nuremberg Trials 1893

ken follett wrote his first international bestseller eye of the needle when he was 25 years old he has since been one of the most consistent international best selling authors with approximately 130 million copies of his books sold worldwide his manifold influences on the thriller genre includes the pioneering use of strong female characters in espionage stories and the development of the historical thriller as a new form of novel exemplified by winter of the world 2012 this book is an investigation of follett s development as an author and of the craft of writing and the negotiation of serious versus popular literary value from his earliest short stories and screenplays through his mature thrillers and entertainment fiction unpublished materials are also considered including his notes business and personal correspondence unpublished drafts journal entries and outlines follett s dramatic shift to writing historical fiction may be his most enduring legacy

LBJ and Mexican Americans 2013-11-05

taking as its focus memorials of the first world war in britain this book brings a fresh approach to the study of public symbols by exploring how different motives for commemorating the dead were reconciled through the processes of local politics to create a widely valued form of collective expression it examines how the memorials were produced what was said about them how support for them was mobilized and behaviour around them regulated these memorials were the sites of contested multiple and ambiguous meanings yet out of them a united public observance was created the author argues that this was possible because the interpretation of them as symbols was part of a creative process in which new meanings for traditional forms of memorial were established and circulated the memorials not only symbolized emotional responses to the war but also ambitions for the post war era contemporaries adopted new ways of thinking about largely traditional forms of memorial to fit the uncertain social and political climate of the inter war years this book represents a significant contribution to the study of material culture and memory as well as to the social and cultural history of modern warfare

Toronto Neighbourhoods 7-Book Bundle 1891

in the early 1960s american conservatives seemed to have fallen on hard times mccarthyism was on the run and movements on the political left were grabbing headlines the media lampooned john birchers s accusations that dwight eisenhower was a communist puppet mainstream america snickered at warnings by california congressman james b utt that barefooted africans were training in georgia to help the united nations take over the country yet in utt s home district of orange county thousands of middle class suburbanites proceeded to organize a powerful conservative movement that would land ronald reagan in the white house and redefine the spectrum of acceptable politics into the next century suburban warriors introduces us to these people women hosting coffee klatches for barry goldwater in their tract houses members of anticommunist reading groups organizing against sex education pro life democrats gradually drawn into conservative circles and new arrivals finding work in defense companies and a sense of community in orange county s mushrooming evangelical churches we learn what motivated them and how they interpreted their political activity lisa mcgirr shows that their movement was not one of marginal people suffering from status anxiety but rather one formed by successful entrepreneurial types with modern lifestyles and bright futures she describes how these suburban pioneers created new political and social philosophies anchored in a fusion of christian fundamentalism xenophobic nationalism and western libertarianism while introducing these rank and file activists mcgirr chronicles orange county s rise from nut country to political vanguard through this history she traces the evolution of the new right from a virulent anticommunist anti establishment fringe to a broad national movement nourished by evangelical protestantism her original contribution to the social history of politics broadens and often upsets our understanding of the deep and tenacious roots of popular conservatism in america
