Routledge Library Editions: History of the Middle East

2021-08-25

this 1787 two volume revised french second edition gives an important account of travels in ottoman egypt and the syrian region

The Middle East

1984

this selection of papers by scholarly specialists offers an introduction to the history of the book and book culture in west asia and north africa from antiquity to the 20th century the flourishing and long lived manuscript tradition is discussed in its various aspects social and economic as well as technical and aesthetic the very early but abortive introduction of printing long before gutenberg and the eventual belated acceptance of the printed book and the development of print culture are explored in further groups of papers cultural aesthetic technological religious social political and economic factors are all considered throughout the volume although the articles reflect the predominance in the area of muslim books arabic persian and turkish the hebrew syriac and armenian contributions are also discussed the editor s introduction provides a survey of the field from the origins of writing to the modern literary and intellectual revivals

Arab-Islamic Bibliography

1977

designed to meet the pressing need for a lucid comprehensive and objective overview of the people events and documents that are key to understanding the region

Middle East, the Strategic Hub

1978

although the arabian peninsula is the heartland of islam and of the arab world for decades it did not receive the attention it deserves from scholars and writers the school of oriental and african studies university of london and the middle east centre of st antony s college oxford jointly organized a series of seminars culminating in a conference at which the papers in this volume first published in 1972 were discussed together they constitute an authoritative statement of our present knowledge of several areas of the peninsula with particular emphasis on the gulf states three chapters trace the history of oman from pre islamic times to the recent past and in so doing emphasize the theme of continuing conflict between sultan and imam other chapters examine the gulf and the peninsula from the standpoint of inter arab and of international relations the third section of the book is devoted to a discussion of the increasing rate of social change in the area and the final section deals with problems of oil and state and of economic development
